Tariff and Development Board Notice No. 332—Inquiry Concerning Protection for the New Zealand Industry Producing Marine Jet Engines, With or Without Motors Attached

1. Following receipt by the Minister of Customs of a report from the Emergency Protection Authority, Government has accepted the recommendation of the Authority that, pending inquiry and report by the Tariff and Development Board, the import control exemption on marine jet units, with or without motors attached, be cancelled and that they be placed under import control with a “C” allocation. In order to maintain New Zealand's obligations to Australia under the provisions of the NAFTA, Government has decided that import licensing will not be re-imposed on these goods when of Australian origin. In accordance with the provisions of the Tariff and Development Board Act, the Minister of Customs requested the Board to undertake an inquiry and report on what form of permanent protection, if any, it considers necessary to protect the New Zealand industry in relation to the importation of marine jet units, for the propulsion of vessels, whether or not mounted on motors, and classified within Tariff item 8408.200.

2. For the purpose of taking evidence, the Board will hold a public hearing in the Hearing Room, Eighth Floor, Cumberland House, Upper Willis Street, Wellington, on Tuesday, 8 May 1973, commencing at 10.30 a.m.

3. Parties intending to make representations or requests about appropriate rates of customs duty are asked to take into account the statement by the Minister of Overseas Trade of 6 September 1972 about changes in the New Zealand customs tariff. Copies of this statement can be obtained from the undersigned. Parties intending to make representations or requests about the exemption from import licensing of goods at present not so exempt are asked to take into account the statement in the 1972 Financial Statement (page 19) that “the Government has also decided that where the industry is to be exempted from import licensing there should be provision in appropriate cases for a phase-out period which in general will be for up to three years.”
4. Any person who intends to tender evidence should lodge, in typewritten form, 14 copies of public evidence and 12 copies of confidential evidence, to be presented under oath at the public hearing, at the Board's office no later than Thursday, 26 April 1973. In preparing this evidence the "Notes for Information and Guidance of Interested Parties" prepared by the Board may be of assistance. Copies of these notes may be obtained from the Board's office.

Dated at Wellington this 13th day of February 1973.

C. H. S. RODDEN, Secretary, Tariff and Development Board.

Temporary Protection of Industry

Notice is hereby given that an application has been received for temporary protection and that the Emergency Protection Authority has been requested to undertake an inquiry, in terms of the Tariff and Development Board Act 1961 and its amendments, and to report, in terms of section 10b of that Act, concerning the following goods:

---

The Standards Act 1965—Standard Specifications Proposed for Revocation

Notice is hereby given that the New Zealand standard specifications listed in the Schedule hereto have been reviewed by committees of the Standards Council and have been recommended for revocation, pursuant to the provisions of the Standards Act 1965.

Any person who may be affected by the proposal to revoke these standard specifications, and who wishes to object to their revocation, is invited to submit comments to the Standards Association of New Zealand, Private Bag, Wellington, not later than 8 March 1973.

SCHEDULE

Number and Title of Standard Specification

NZS 1863: — (BS 3592: —) Steel wire for rubber hose reinforcement—

Note—These standards have been recommended for revocation on the grounds of non-usage.
