The Hauraki Catchment District Order 1973

DENIS BLUNDELL, Governor-General

ORDER IN COUNCIL

At the Government Buildings at Wellington this 26th day of March 1973

Present:

THE HON. N. E. KIRK PRESIDING IN COUNCIL

PURSUANT to the Water and Soil Conservation Act 1967 and the Local Government Commission Act 1967, His Excellency the Governor-General, acting by and with the advice and consent of the Executive Council, hereby makes the following order.

ORDER

1. Title—This order may be cited as the Hauraki Catchment Order 1973.

2. Extension of Hauraki Catchment District—The area described in the Schedule hereto (hereinafter called "the said area") is hereby included in the Hauraki Catchment District.

3. Interim representation of the said area on Hauraki Catchment Board—For the purposes of representation of the said area on the Hauraki Catchment Board until the next triennial general election of members thereof, the Hauraki Catchment Board shall consist of the present members of the Board together with one other elective member to be appointed on the joint nomination of the Manukau City and Franklin County Councils to represent those portions of the districts of these local authorities that are included in the said area.

4. Review of constitution of Hauraki Catchment Board—Before the next triennial general election of members the Hauraki Catchment Board shall review its constitution and take such action as may be necessary to have its constitution amended to provide for permanent representation for the said area on the Board, either separately or as a part of a combined district.

5. Special provisions affecting the said area—In respect of the part of the Hauraki Catchment District comprising the said area:

(a) The provisions of Part V of the Soil Conservation and Rivers Control Act 1941 shall not apply.

(b) The provisions of section 126 of the Soil Conservation and Rivers Control Act 1941 shall not apply.

(c) The provisions of subsection (1) of section 20 of the Water and Soil Conservation Act 1967 shall be restricted to conform with the provisions of paragraphs (a) to (e) of this clause.

(d) The Manukau City, Franklin County, and Waikato County Councils shall make by way of annual contributions towards the administrative costs incurred by the said Hauraki Catchment Board in carrying out its functions under the Water and Soil Conservation Act 1967 in those parts of the said area within the districts of the territorial local authorities hereinbefore mentioned such sum or rate as may from time to time be fixed by any Act or Regulation in that behalf. Unless and until such sum or rate has been so fixed the amount to be paid shall be such sum as may be agreed upon between the said territorial local authorities and the Hauraki Catchment Board and in the event of failure of the said territorial local authorities hereinbefore mentioned such sum or rate as may from time to time be fixed by any Act or Regulation in that behalf. Unless and until such sum or rate has been so fixed the amount to be paid shall be such sum as may be determined by the National Water and Soil Conservation Authority. In addition, the Hauraki Catchment Board may levy any of the said territorial local authorities any work undertaken or proposed to be undertaken within the districts of the territorial local authorities concerned for the purposes of the Soil Conservation Act 1967 as hereinbefore restricted and the cost of such work may be increased by a percentage to provide for administrative and other expenses in respect of such work as more particularly described in subsection (2) of section 84 of the Soil Conservation and Rivers Control Act 1941 which for this purpose shall be read as though the reference in that subsection to that Act was reference to the Water and Soil Conservation Act 1967, such percentage being from time to time determined between the Hauraki Catchment Board and the respective territorial local authorities:

Provided that where an agreement as referred to in the foregoing subparagraph (a) and subparagraph (b) of this clause is entered into with any territorial local authority the provisions of this subparagraph (d) shall cease to operate or shall be modified to ensure compliance with the terms of such agreement.

SCHEDULE

The Dental Technician Training Council Order 1973

DENIS BLUNDERL, Governor-General

ORDER IN COUNCIL

At the Government Buildings at Wellington this 19th day of March 1973

Present:

THE HON. H. WATT PRESIDING IN COUNCIL

PERSUANT to section 3 of the Technicians Training Act 1967, His Excellency the Governor-General, acting by and with the advice and consent of the Executive Council, hereby makes the following order.

ORDER

1. This order may be cited as the Dental Technician Training Council Order 1973.

2. In this order—

"the dental technician industry" means the industry of workers employed substantially in connection with the mechanical construction, renewal, alteration, and repair of artificial dentures, restorative dental appliances, prostheses, and related equipment.

3. There is hereby established a technician training council in respect of the dental technician industry.

4. The Schedule to this order is a copy of the principal training scheme formulated in respect of dental technician cadets engaged in the dental technician industry.

5. (i) Every person other than a worker who commits a breach of any provision of the training scheme, a copy of which is annexed as the Schedule to this order, shall be liable to a penalty not exceeding $50.

(ii) Every worker who commits a breach of any provision of the said training scheme shall be liable to a penalty not exceeding $50.

P. G. MILLEN, Clerk of the Executive Council.

SCHEDULE

PRINCIPAL TRAINING SCHEME FOR DENTAL TECHNICIAN CADETS

1. preamble

1.1 The object of the scheme is to enable dental technician trainees, who will be known as dental technician cadets, to be trained to a high level of technical competence in the field of dental technology, so that on registration they can carry out their true role as being fully qualified in the field of dental technology. In order to achieve this they must have sufficient knowledge of the basic sciences involved so that they can understand the techniques they employ and thus can adopt a scientific approach to their work.

1.2 The training scheme will supplement the knowledge gained by the candidate in the educational scheme. It will provide an opportunity for classroom instruction and will offer adequate practical and theoretical training in all aspects of the industry. Such a policy will offer the candidate a greater opportunity to apply their work in the laboratory at an earlier stage of their training, without the need of so much supervision.

2. Entry to the Training Scheme

2.1 While the road to technician training under this Scheme must always remain open to apprentices who can meet the entry criteria, technician cadets will, for the most part, be direct entrants to the industry.

3. Industry to Which the Training Applies

3.1 Technician cadets shall be trained for the dental technician industry and employed in accordance with the terms of the Medical and Dental Auxiliaries Act 1966 and the Dental Technicians Regulations 1968 and amendments thereto.

4. Application of Training Scheme and Conditions of Employment

4.1 The provisions of the training scheme and conditions of employment shall apply to all employers of dental technicians employed, and the variety and scope of the practical training which can be given should be considered.

5. Interpretations

5.1 The interpretations as provided for in section 2 of the Technicians Training Act 1967 shall apply.

6. General

6.1 The applicants for the establishment of the Dental Technician Training Council are conscious that it is necessary for employers to be given the necessary practical training envisaged in the training scheme. It is therefore recommended that when the Council is considering any application to enter into a contract, matters such as the size of the employment organisation and the number of dental technicians employed, and the variety and scope of the practical training which can be given should be considered.

PRINCIPAL TRAINING SCHEME FOR DENTAL TECHNICIAN CADETS

A.1 Introduction

A.1.1 The dental technician cadet in his training should be given as broad a practical experience as possible in all aspects of the dental technician industry covered by his academic studies.

A.1.2 The academic studies and practical training to be undertaken by the dental technician cadet will lead to an examination prescribed and conducted to meet the requirements of the Dental Technician Training Council, and such studies, practical training, and examination shall at all times meet the requirements of the Dental Technician Training Council.

A.2 Training Programme

A.2.1 The training programme for dental technician cadets must include experience in the following:

- Use and care of dental laboratory tools and equipment including the safety factors employed.
- Dental anatomy and related dental physiology.
- Physics and chemistry as associated sciences related to dental technology.
- Dental materials.
- Complete and partial denture construction.
- Inlay, crown and bridge construction, including elementary dental ceramics.
- Elementary orthodontic laboratory technique.
A.3 Transfer to Supplement Training
A.3.1 Where the Council considers it necessary to enable a dental technician cadet to acquire practical training which it may, on the application of any party to the contract, approve the transfer of the cadet for a limited period to another employer in order to supplement the training of the dental technician cadet.

A.4 Minimum Age
A.4.1 The minimum age at which a person may enter a dental technician cadetship shall be 16 years.

A.5 Prerequisite Education
A.5.1 It shall be necessary for a person desiring to become a dental technician cadet to produce satisfactory evidence that he has obtained a pass in at least two subjects of School Certificate, one of which shall be mathematics, general science, physics, or chemistry, or to produce evidence to the Dental Technician Training Council of his eligibility for enrolment as a student on alternative grounds of equal educational standard.

A.6 Contracts to be Registered
A.6.1 All contracts and any alterations or variations thereto entered into between an employer and a dental technician cadet shall be approved by the Council.
A.6.2 Copies of all contracts and any alterations or variations thereto approved by the Council shall be lodged with the Secretary of the Council.
A.6.3 Before registration the Council shall satisfy itself that the document submitted is in accordance with the Act, this scheme, and any determination of conditions of employment in the industry.
A.6.4 Contracts shall be in the form annexed hereto as Appendix I.

A.7 Term of Cadetship
A.7.1 The term of cadetship shall be for 4 years from the date of commencing employment as a dental technician cadet unless otherwise determined by the Council in the special circumstances of a particular case.

A.8 Period of Probation
A.8.1 The period of probation shall be 3 months from the date of commencing employment as a dental technician cadet.
A.8.2 The employer shall be responsible for notifying the Council if the contract of cadetship is terminated by either party during the probationary period.

A.9 Termination of Contract
A.9.1 Other than by mutual consent of the parties, upon completion of the probationary period, a contract of dental technician cadetship shall be terminated during its term on the day of the order of the Council and providing the Council is satisfied that such termination is in the best interests of both parties to the contract.
A.9.2 Where the employer of any dental technician cadet for any cause ceases to be engaged in the industry and the dental technician cadet is thereby deprived of the employment he was otherwise entitled to under his contract of dental technician cadetship, the Council may order payment to the cadet of an amount up to but not exceeding 3 months' wages in respect of any period intervening between the time when the dental technician cadet was deprived of his employment and the time when he obtains other employment as a dental technician cadet.
A.9.3 A contract of dental technician cadetship may be terminated by mutual consent at any time during its currency. The employer is to notify the Council in such cases.

A.10 Suspension and Discharge
A.10.1 Where a dental technician cadet so misconducts himself or proves himself so incapable that if he were an employee other than a dental technician cadet it would be reasonable for his employer to discharge him, the employer may immediately suspend him and apply to the Council for leave to discharge him.
A.10.2 Every such application shall be made to the Council within 5 working days after the dental technician cadet is suspended, and, subject to the decision of council, the employer may withhold any wages accruing due to the dental technician cadet during the period of suspension.
A.10.3 The Council shall consider the application, after giving the dental technician cadet, and his parent or guardian (if any), an opportunity to be heard, and may grant or refuse leave to discharge the dental technician cadet.
A.10.4 Where leave is granted the employer to discharge the cadet, such discharge shall be as from the date of his suspension and the contract of dental technician cadetship shall be deemed to be cancelled.

A.10.5 Where leave to discharge the dental technician cadet is refused by the Council, the Council may make such order as it thinks fit with respect to payment of wages to the dental technician cadet during the period of his suspension and if no such order is made the employer shall pay to the dental technician cadet all wages that would have been payable to him had he not been suspended.

A.11 Certificate of Service
A.11.1 Upon the termination of the contract for any reason, including its due completion, the employer shall issue a certificate of service to the cadet. The certificate shall be in a form approved by the Council, and there may be different kinds of forms of certificate according to the circumstances under which the contract is terminated.

A.12 Definition of Dental Technician Cadet
A.12.1 A dental technician cadet is a full time student who, during the term of his contract, is employed full time by the employer subject to the release for a minimum period of at least 2 years from the date of commencement to attend courses in that branch of the dental technician industry as approved by the Dental Technician Training Council.
A.12.2 The time spent by dental technician cadets in technical education, as defined by this Act, shall be eligible for the purposes of the minimum of 8 weeks in each year to attend technical classes as approved by the Dental Technician Training Council.

APPENDIX I

CONTRACT OF DENTAL TECHNICIAN CADETSHIP

This contract, made the day of between , hereinafter called "the employer" of the first part, and , hereinafter called "the guardian" of the second part: and , hereinafter called "the guardian" of the third part:

Witnesseth as follows:
1. The employer hereby covenants with the dental technician cadet: and the employer, as a separate covenant with the guardian, also covenants with the guardian, that the employer will take the dental technician cadet into his employment as a dental technician cadet in the dental technician industry and the dental technician cadet and the guardian hereby jointly and severally covenant with the employer that the dental technician cadet will serve the employer as a dental technician cadet for the term and upon subject to the conditions set forth in the Determination of the Dental Technician Training Council established as provided for in section 3 of the Technicians Training Act 1967.

2. The term of the dental technician cadetship hereby created shall be years commencing on the day of , and shall be served at such place or places as may from time to time be mutually agreed upon by the parties hereeto as expedient and necessary to the proper performance of the contract.

3. The dental technician cadet covenants that he shall diligently and faithfully obey and serve the employer as his dental technician cadet in the hereby-prescribed term and that he will not commit or permit or be accessory to any hurt or damage to the employer or his property but will do everything in his power to prevent any such hurt or damage occurring.

4. The employer covenants during the prescribed term of the dental technician cadetship to the best of his power, knowledge, and skill to train and instruct the dental technician cadet or cause him to be so trained and instructed to the extent that at the expiration of the said time he will have been given the opportunity to become competent in all such branches of the dental technician industry as are required in the fulfilment of the course of study which meet the requirements of the Dental Technician Training Council.

Without limiting the generality of this contract the employer further covenants that the employer will train the dental technician cadet in each and all the operations and skills set out and described in the Schedule Training Council.

5. The dental technician cadet covenants further that he will enrol for and diligently carry on with such courses of study as will enable him, during the term of his contract, to sit for the examinations required by the Dental Technician Training Council.
6. The employer shall supply the dental technician cadet with a copy of the Conditions of Employment for Dental Technician Cadets and of the Training Scheme for Dental Technician Cadets.

7. The dental technician cadet covenants further that he will not divulge otherwise than in the discharge of his duties, to any person whomssoever, any information, whether in the nature of trade secrets, financial information, or otherwise whatsoever, acquired by him in the course of his duties or in any other way in his capacity of dental technician cadet.

In witness whereof these presents have been executed by the parties hereto the day and year first before written.
