Tariff and Development Board Notice No. 359—Inquiry Concerning Protection for New Zealand Industry Producing Pine Oil and Terpeneol

1. In its report No. 125 of 8 July 1970 to the then Minister of Customs, the Tariff and Development Board recommended, *inter alia*, that the Minister refer to the Board for further inquiry in 1972 the question of what form of protection, if any, should be provided at that time in respect of pine oil classified in T.I. 38.07.09 (now 38.07.009) and terpeneol classified in T.I. 29.05.03 (now 29.05.003). This recommendation was accepted by Government and the Board was requested to undertake this further inquiry at a date convenient to it.

2. However, in response to representations by the sole party to the 1970 inquiry, the Board requested, in a letter dated 26 May 1972, that the then Minister of Customs approve a deferment of the proposed inquiry until the latter part of 1973. The Minister, in a letter dated 31 May 1972, agreed that it would be desirable to postpone the inquiry.

3. Accordingly, the Board will conduct a public hearing into the question of protection for the New Zealand industry producing pine oil classified in Tariff item 38.07.009 and terpeneol classified in Tariff item 29.05.003, in the Hearing Room, Eighth Floor, Cumberland House, Upper Willis Street, Wellington, on Tuesday, 25 September 1973, commencing at 10.30 a.m.

4. Parties intending to make representations or requests about appropriate rates of customs duty are asked to take into account the statement by the Minister of Overseas Trade of 7 May 1973 about the phasing out of British preferences from the New Zealand Tariff. Copies of this statement can be obtained from the undersigned. In a letter dated 6 April 1973 the Minister of Trade and Industry has indicated that, while Government has asked the Board to consider the question of a single tariff rate, for trade policy reasons the Board's recommendations on this aspect will not necessarily be made public for the time being. Parties intending to make representations or requests about the exemption from import licensing of goods at present not so exempt are asked to take into account the statement in the 1972 Financial Statement (page 19) that "the Government has also decided that where the industry is to be exempted from import licensing there should be provision in appropriate cases for a phase-out period which in general will be for up to three years".

5. Any person who intends to tender evidence should lodge, in typewritten form, 14 copies of public evidence and 12 copies of confidential evidence, to be presented under oath at the public hearing, at the Board's office no later than 4 September 1973. In preparing this evidence the "Notes for Information and Guidance of Interested Parties" prepared by the Board may be of assistance. Copies of these notes may be obtained from the Board's office.

Dated at Wellington this 29th day of May 1973.

C. H. S. RODDEN,

Secretary, Tariff and Development Board.
