B. Provisions Relating to the Scratching of Horses from a Double

(i) Where a Horse in the First Race of the Double is Scratched—(a) If a horse, including a bracketed horse, is scratched from the first race, the investor may at his option nominate a substitute or accept a refund at the totalisator agency where the investment was made up to 15 minutes before the advertised time of closing for the receipt of investments for the double.

(b) Where a horse is scratched at any time before the first race and the investor has not substituted another horse, the investor may at his option nominate a substitute or accept a refund at the totalisator agency where the investment was made up to 15 minutes before the advertised time of closing for the receipt of investments for the double, or provided that the investment was not made through a machine connected directly to a computer, if the investment was made against a telephone deposit account, nominate a substitute up to 15 minutes before the advertised starting time for the first race, if the investment was made by cash, nominate a substitute up to 15 minutes before the advertised starting time for the first race provided that the totalisator agency at which the investment was made is still open for receiving cash investments.
