Industries Development Commission Notice No. 1976/7—Inquiry Concerning Protection for the New Zealand Industry Producing Galvanised Steel Sheet and Strip of Tariff Heading 73.12 and 73.13

1. In a letter of 4 November 1976, the Minister of Trade and Industry requested that the commission inquire into and report on the present situation and prospects of, and recommend lines of, development and the nature and extent of assistance, whether by means of protective devices or otherwise, it considers appropriate for New Zealand industries in relation to galvanised steel sheet and strip of tariff headings 73.12 and 73.13, together with the associated pre- and post-painted sheeting products. The commission was asked to take special note of metallamine coil, which is included in tariff item 73.13.431. When making its inquiry and report the Commission may take evidence on, and otherwise have regard to, any other material or product it considers relevant to the inquiry under reference or exclude from its consideration any material or product it might consider not relevant to such inquiry.

2. The reference follows discussion between the Minister of Trade and Industry and the industry, which was concerned at the effect the continuing importation of metallamine coil would have on the New Zealand galvanised steel industry.

3. For the purpose of taking evidence the commission will hold a public hearing in the Hearing Room, Eighth Floor, Cumberland House, Upper Willis Street, Wellington, on Tuesday, 8 March 1977, commencing at 10.30 a.m.

4. Any person who intends to tender evidence should lodge, in typewritten form, 14 copies of public evidence and 12 copies of confidential evidence, to be presented under oath at the public hearing, at the commission's office no later than Friday, 18 February 1977. In preparing this evidence the "Notes for Information and Guidance of Interested Parties" prepared by the Tariff and Development Board may be of assistance. Copies of these notes may be obtained from the commission's office.

Dated at Wellington this 18th day of November 1976.

F. E. BEAUFORT,

Secretary, Industries Development Commission.
