WELL TYPED, MISS JONES!

The intention of this book is to aid and maintain a good standard in the preparation of correspondence, memoranda, and reports. Although this style book was prepared especially for Government departments, it will help people in other organisations to set out correspondence, etc., to a good standard.

Overall this publication covers all aspects of layout, except special typing work such as manuscripts, catalogues and so on, which have not been included because this type of work is too varied. Generally jobs of this kind require close liaison between typist and author.

Written in the office of the State Services Commission, 1974.
