CORRIGENDUM
The Standards Act 1965—Revocation of Standard Specifications Cancelled

In the New Zealand Gazette, No. 10, of 16 February 1978, p. 323:
NZS 2185:1967 (BS 3925:1965) Toughened safety glass for ships' windows, and
NZS 2215:1968 (BS 3024:1966) Side scuttles for ships, were revoked.

As these standards are still required for purposes of Standard Certification Mark licensing, their revocation is cancelled. Accordingly these standards are still current.

Dated at Wellington this 21st day of February 1978.
DENYS R. M. PINFOLD,
Director, Standards Association of New Zealand.

The Air Transport Services Standard Terms and Conditions Order 1978

WHEREAS by section 26a of the Air Services Licensing Act 1951, the Air Services Licensing Authority made an order prescribing terms and conditions applicable to licences to carry on services of classes of air transport services specified in the order; and whereas it is provided in subsection (9) of the said Section 26a that every such order of the Air Services Licensing Authority shall be published in the Gazette;

Now therefore, the Air Services Licensing Authority pursuant to Section 26a of the said Act and any other powers in that Act that enable, hereby notifies that order:

1. This order may be cited as The Air Transport Services Standard Terms and Conditions Order 1978.
2. The order prescribing standard terms and conditions for Air Transport Services dated the 21st day of July 1975, is hereby revoked.
3. Unless otherwise ordered by the Licensing Authority in respect of a particular licence, the following terms and conditions shall apply to the extent indicated to licences to carry on air transport services of the classes specified:

(1) Scheduled service—(a) The licensee shall be under an obligation to publish his timetable and to operate in accordance with the published timetable unless for reasons of safety it is inexpedient to do so or unless he is prevented by circumstances beyond his control.
(b) The licensee may at any time on any of the days specified in the published timetable increase the number of flights beyond what is stated in that timetable but he may not reduce the number of such flights without the prior approval of the Licensing Authority or unless authorised by the terms of the licence to do so.

(2) Non-scheduled service—(a) Where a non-scheduled passenger service is carried on over the same or substantially the same route or sector of a route as operated by a scheduled service the minimum fare per passenger shall be 10 percent in excess of the fare payable by a like passenger in the scheduled service or of the lowest fare if there are more than one such service; provided however, that such excess shall not apply if there is no scheduled service operating during the same day or if the full capacity on the scheduled service has been taken or if in the course of such route the non-scheduled service involves intermediate stops at points or traffic areas not included in the scheduled service.
(b) If the licensee publishes a timetable of his proposed services he shall indicate prominently therein that such services may not be adhered to for reasons of safety or unless sufficient business is offering and subject to the foregoing, the licensee shall take all reasonable steps to ensure that the services prescribed in such timetable are maintained.
(c) Air charter service—(a) All charges for air charter services shall be based on an hourly rate as authorised in the licensing authority.
(b) Subject to the provisions of paragraph (d) herein, all air charter services shall be deemed to originate from the aerodrome or traffic area or from any one of the aerodromes or traffic areas as are designated in the licence; and if the actual flight as required by the hirer commences from some other aerodrome or traffic area the licensee shall charge and shall record separately a reasonable amount being not less than 50 percent of the charter charge-out rate for the cost of positioning the aircraft from the place of origin.
(d) Where a charter flight or flights is or are to terminate elsewhere than at the place of origin, as referred to in paragraph (b) herein, the licensee may include in the hire charge a reasonable additional amount for the cost of flying the aircraft back to the place of origin, but in such event the licensee may not enter into any agreement with any other person, except on the basis as set out in paragraph (b) herein, unless he refunds to the original hirer the amount of such additional charge.
(e) Where a charter flight has terminated elsewhere than at the place of origin, as referred to in paragraph (b) herein, and no charge for the cost of flying the aircraft back to the place of origin has been made or, if made, it has been refunded, the licensee may enter into a new agreement for an air charter service and for the purpose only of that agreement the place of origin of the charter service shall be deemed to be where the previous flight terminated; but if such new charter service is to terminate elsewhere than at any place of aerodrome designated in the licence, the licensee shall include in the hiring charge a reasonable amount being not less than 50 percent of the charter charge-out rate for the cost of flying the aircraft back from where such flight terminates to the said place of origin designated in the licence.
(f) Any person authorised to operate an air charter service may also carry on a scenic flight or joyride service from the aerodrome or traffic area or from any one of the aerodromes or traffic areas designated in the licence.
(4) Air-taxi service—(a) Subject to the provisions of paragraph (b) herein, an air-taxi service may originate only from the aerodrome or traffic area or from any one of the aerodromes or traffic areas as are designated in the licence.

(b) From the place where an air-taxi service has terminated the licensee may operate an air-taxi service but only back to the place or places of origin as referred to in paragraph (a) herein.

(c) Where an air-taxi service operates over the same or substantially the same route or sector of a route as operated by a scheduled service the minimum fare per passenger shall be 10 percent in excess of the fare payable by a like passenger in the scheduled service or of the low fare if there be more than one such service; provided however that such excess shall not apply if there is no scheduled service operating during the same day or if the full capacity on the scheduled service has been taken or if in the course of such route the air-taxi service involves intermediate stops at points or traffic areas not included in the scheduled service.

(d) Where an air-taxi service consists of a series of flights, passengers may be picked up only:

(i) At the aerodrome or traffic area or at one of the aerodromes or traffic areas as are designated in the licence; or,

(ii) At the place where that air-taxi service has terminated.

(e) The licensee shall not publish a timetable or advertise that it operates in accordance with a timetable.

(f) Any licence which has a maximum payload greater by more than 25 percent of the maximum payload to the aircraft prescribed by the Licensing Authority as aforesaid shall be deemed not to be of substantially the same maximum payload.

4. Unless otherwise ordered by the Licensing Authority in respect of a particular licence it shall be a condition of all licences to carry on air transport services that:

(1) Replacement of aircraft—Subject always to there being no increase in the number of aircraft as are authorised in the licence, the licensee may at any time replace an aircraft with another of equivalent seating capacity and of substantially the same maximum payload as the aircraft which was prescribed by the Licensing Authority when granted, amended or renewed the licence, as the case may be, provided that:

(a) Written notification of the change is given to the Licensing Authority within 7 days;

(b) An aircraft which has a maximum payload greater by more than 25 percent of the maximum payload of the aircraft prescribed by the Licensing Authority as aforesaid shall be deemed not to be of substantially the same maximum payload;

(c) For the purposes of this clause 4 (1):

"Maximum payload" means the difference between the empty weight and either maximum zero fuel weight or maximum certified take off weight, whichever is the lesser.

"Empty weight" means the weight of the aircraft equipped for the service other than fuel and payload.

(2) Insurance—(a) The licence holder shall maintain during the currency of the licence in respect of all aircraft a minimum insurance cover of $50,000 against all liability for property damage of any one accident.

(b) Notwithstanding that the licence may authorise the carrying on of an air transport service as from a specific date, such service shall not be commenced until there has been deposited with the Licensing Authority a certificate endorsed by the insurers of due insurance in accordance with the requirements of paragraph (a) herein.

(c) No later than 4 p.m. on the due date for renewal of any such insurance there shall be deposited with the Licensing Authority a certificate endorsed by the insurers of due renewal or replacement of the insurance in accordance with the requirements of paragraph (a) herein. If the certificate is not so deposited within that time on that date the licence shall be deemed to be suspended until such certificate is deposited.

(3) Transfer of interest in licences—(a) Where—

(i) The holder of a licence is an individual and by any means whatever his controlling interest in the business in respect of which the licence applies passes to any person or persons, or

(ii) The holder of a licence is a company and by any means whatever the controlling interest in that company passes to any person or persons other than the licence holder or any of the shareholders when the application for a licence was made;

then, in either such event, the licence shall be deemed to be suspended as from the date of such passing unless the prior approval of the Authority has been obtained, or unless and until full details of the transaction or proposed transaction involving the passing of the controlling interest, as aforesaid, have been given to the Authority and its approval to such passing has been granted.

(b) Where the reason of transmission on death the provisions of paragraph (a) herein would apply, the licence shall not be deemed to be suspended until after the expiration of 3 calendar months from the date of death.

This order shall come into effect on the 24th day of February 1978.

Dated this 20th day of February 1978.

For and on behalf of the Air Services Licensing Authority.

J. H. O. TILLER, Chairman.
