The Loburn Irrigation Order 1978

KEITH HOLYOAKE, Governor-General

ORDER IN COUNCIL

At the Government Buildings at Wellington, this 6th day of March 1978.

PRESENT:

THE RIGHT HON. R. D. MULDOON PRESIDING IN COUNCIL

Pursuant to the Public Works Act 1928, His Excellency the Governor-General, acting by and with the advice and consent of the Executive Council hereby makes the following order.
ORDER

1. This order may be cited as the Loburn Irrigation Order 1978.

2. The Minister of Works and Development is hereby authorised to construct, maintain, and control the water supply works described in the First Schedule hereto to serve the district described in the Second Schedule hereto.

3. The area of land described in the said Second Schedule is hereby constituted as an irrigation district to be known as the Loburn Irrigation District (herein referred to as "the district").

4. It is hereby declared that the basic charge payable on all irrigable land within the said district shall be $30 per irrigable-hectare per-year in respect of the water availability charge for each property shall be $160 per season for each litre per second continuous flow made available during that season.

5. Basis of allocation—Supply of water is subject to the terms of the Water Right No. NCY 770137, issued by the North Canterbury Catchment Board and Regional Water Board. This right provides for the continuous taking of 4852 cubic metres per day at a rate not exceeding 53 litres per second from the Okuku River. The right is subject to a provision to reduce the amount of water taken to maintain a set minimum flow in the river. (A reduction is expected about once in 10 years.) The right allows an average supply of 2.25 litres per tree per hour on an assessed tree density of 333 trees per hectare for all the defined irrigable area, provided the water supply permits the exercising of the full right granted.

6. Reduction shall be made to the charges given above during the first six irrigation seasons so that the charges for the first seven seasons shall be as set out in the Third Schedule hereto.

7. It is hereby declared that after the seventh season of water availability, charges shall be subject to annual adjustment (from the end of the above season of supply) to compensate for any differences in any element of these charges from the amount previously estimated as stated under sections 13 and 15 of the Public Works Amendment Act 1975.
