*Industries Development Commission Notice No. 1978/3  
General Textile Industry Reference*

1. The Commission gave notice in the *New Zealand Gazette*, No. 15, of 9 March 1978, of the commencement dates, order, and content of public hearings to be held in April/May 1978.

2. For the purposes of the General Principles hearing which commences on 26 April 1978 the Commission has decided that the rules for giving evidence and undertaking cross-examination will be in accordance with the established practice of the Commission.

3. The Commission has also decided because of the developmental and consultative aspects of its General Textile Industry Reference, the procedures normally adopted by the Commission for public hearings will be varied for the series of 12 sector hearings being conducted between 16 May and 13 July 1978. These variations will be:

(a) Two working days prior to the commencement date for each individual sector hearing the Commission will make available, for perusal only, all public submissions lodged with the Commission for presentation as evidence at the particular sector hearing.

(b) At the commencement of each sector hearing persons who already have, or who will be presenting, a public submission at any one of the other 11 sector hearings may apply to the Commission for permission to cross-examine witnesses. Provided that such participation will, in the opinion of the Commission, assist the Commission in its consideration of the subject matter of its General Textile Industry Reference, such applications will be granted. The applicants concerned will be given the right to cross-examine any witness but not to present any new public evidence. The Commission reserves to itself the right to examine, under oath if appropriate, the parties participating under this extension to the Commission's established practice.

4. Confidential statements from persons not presenting a public submission to any hearing or who are a party to a collective submission will be accepted by the Commission for its information and consideration. Such statements cannot have the evidentiary weight of sworn confidential submissions which are subject to examination by the Commission.

5. The commencement dates and content of the public hearings are set out in the Schedule to the Commission's Notice No. 1978/2, published in the *New Zealand Gazette*, No. 15, of 9 March 1978. The hearing on General Principles will be held on Wednesday, 26 April 1978, followed by the sector hearings which will be held on the dates listed in the Schedule to the Commission's Notice No. 1978/2. The commencement time for the 13 public hearings will be 10.30 a.m. Should any hearing extend beyond the first day the commencement time will be 10 a.m. on those days.

6. Parties intending to make submissions at these hearings should provide in typewritten form 14 copies of public submissions and 12 copies of confidential submissions to reach

the Commission's office by the closing dates set out in note two to the Commission's Notice No. 1978/2.

7. Reports containing information including import and export statistics, import licensing, and tariff provisions, and international obligations, are currently being prepared by the departments of Trade and Industry and Customs. Copies of these reports are expected to be available in the near future and interested parties may obtain them from the Commission's office. Should a public submission be made by either department to any public hearing, a copy of such submission will be supplied by the Commission's office to each of the parties who have already lodged a public submission to that hearing.

Dated at Wellington this 13th day of April 1978.
