# Hon. J. RAE, President. D. F. STEPHENS, General-Manger.

Auckland, 28 April 1978.

#### AUDITORS REPORT

We, the undersigned, being the auditors of the Auckland Savings Bank, appointed in terms of section 29 (3) of the Trustee Savings Banks Act 1948, report: (1) We have examined the books, accounts, and vouchers of the Bank and have received all the information and evaluations we have received

- explanations we have required. (2) We have verified the cash, investments, securities, and assets of the Bank as at 31 March 1978.
- (3) The general-manager has certified that, to the best of his knowledge and belief, all requirements of the Trustee Savings Banks Act 1948, and regulations thereunder have been complied with.

(4) In our opinion, the above balance sheet and profit and loss account are properly drawn up so as to give respectively a true and fair view of the state of the Auckland Savings Bank's affairs as at 31 March 1978, and of the results of its business for the year ended on that date.

D. C. O'HALLORAN, B.COM., F.C.A. CLARKE, MENZIES & Co., Chartered Accountants Auditors.

### STATEMENT OF ACCOUNTING POLICIES

The general accounting principles recommended by the New Zealand Society of Accountants for the measurement and reporting of profits on an historical basis have been followed. Particular accounting policies used which significantly affect the measurement of the Bank's profit and its financial position, are set out below: are set out below:

(a) Depreciation--Fixed assets are being depreciated on a straight line basis at rates which will write off the cost over their estimated useful lives to estimated residual values. The principal write off periods are: 40\_100 years Buildings

| Computer and office of | alculat | ing equir | oment | 10 years.    |
|------------------------|---------|-----------|-------|--------------|
| Furniture and fittings |         | · · · ·   | ••    | 10-15 years. |
| Other fixed assets     | ••      | ••        | ••    | 3-15 years.  |

- (b) Personal loan interest—Interest on personal loans is appor-tioned over the term of the loan, using the "Rule of 78" method.
- (c) Taxation—Taxation charged against net profit includes both current and deferred tax. Deferred taxation arises from timing differences related to:
  - (i) Interest accrued on investments, and
  - (ii) Depreciation charges.
- (d) Valuation of investments—Investments are recorded at cost. Both New Zealand Government and Local Authority Securities are normally held to maturity and their value on redemption approximates cost.

#### **PROVIDENT AND WELFARE FUNDS**

During the year ended 31 March 1977, Staff Funds were separated from Bank investments and externally invested. Accordingly, no interest is payable by the Bank.

1983
