

RANGITIKEI-WANGANUI CATCHMENT BOARD
NOTICE OF INTENTION TO TAKE LAND

NOTICE is hereby given that the Rangitikei-Wanganui Catchment Board proposes, under the provisions of The Public Works Act 1928, to take land for the purpose of soil conservation and river control. The land required to be taken is that described in the Schedule hereto; and notice is hereby further given that plans of the land so required are deposited in the office of the Chief Engineer of the said board, which is situate in Hammond Street, Marton, and are open for inspection without fee by all persons during ordinary office hours; and that all persons directly affected by the taking of the said land should, if they have any objection to the taking of the land (not being an objection to the amount of payment of compensation if any) must state their objection in writing and send the same to the Secretary, Town and Country Planning Appeals Board, P.O. Box 12244, Wellington North, so as to reach him no later than forty (40) days after the first publication of this notice.

If any objection is made in accordance with this notice a public hearing of the objection will be held, unless the objector otherwise requires, and each objector will be advised of the time and place of the hearing.

SCHEDULE

THE area of the land is 82.0887 hectares approximately, be the same a little more or less, situate in the Land Registration District of Wellington, as more particularly described hereafter.

All situated in Block XI, Rangitoto Survey District.
Dated this 6th day of November 1978.

4884 D. S. SPENCE, Chief Engineer.

THE NEW ZEALAND GAZETTE

The *New Zealand Gazette* is published on Thursday evening of each week, and notices for insertion must be received by the Government Printer before 12 o'clock of the day preceding publication.

Advertisements are charged at the rate of 20c per line.

All advertisements should be written on *one* side of the paper, and signatures, etc., should be written in a legible hand.

The number of insertions required must be written across the face of the advertisement.

GENERAL PUBLICATIONS

THE EFFECTS OF RACE AND SOCIO-ECONOMIC STATUS ON JUVENILE OFFENDING STATISTICS

31 p. 1975. \$1

This report examines the extent to which the difference in European and non-European offending rates reflects variations in the socio-economic distributions of the two populations. The results indicate that, while a substantial proportion of the difference in offending rates for the two racial groups can be attributed to socio-economic factors, the larger part of this difference cannot be accounted for in this way. Both the theoretical and the practical implications of this finding are discussed. (Research Unit, Joint Committee on Young Offenders.)

EFFECTIVE DISCUSSION

52 p. 60c

Although originally written for staff training purposes in the Public Service, this booklet became popular with outside organisations as a guide to the conduct of meetings. It describes planning and organising both large and small group discussions and contains many useful hints which will help the discussion leader to get the best out of his group, whether he is an old hand or a novice at leading discussion. Also included are lists of books for further reading and recommended films. (State Services Commission.)

ELECTRICAL THEORY AND PRACTICE

NEW ZEALAND TECHNICAL CORRESPONDENCE INSTITUTE 1977
260 p. 1977. Over 350 illustrations. \$14

Another first-class text produced by the Technical Correspondence Institute. This textbook covers trade science, materials, appliances, instruments, installation methods, and electrical wiring regulations which are concisely treated in a clear and simple manner.

Covers the syllabus for the electrical registration examinations, the International System of Units, S.I., has been used throughout.

Essential for students and will be popular with others working in the electrical trade or concerned with the technical education of electrical tradesmen.
