ADMINISTRATION IN NEW ZEALAND'S
MULTI-RACIAL SOCIETY

Edited by R. H. Brookes and I. H. Kawharu

138 p. $2

Race is a word which nowadays arouses strong feelings. In New Zealand there is little opposition in principle to the Government's policy of integration, but its success depends on the skill with which it is implemented.

Series No. 13. (New Zealand Institute of Public Administration.)

ART IN SCHOOLS—The New Zealand Experience

DEPARTMENT OF EDUCATION

Illustrated, coloured and black and white plates.

320 p. 1978 $14.25

The books sets out to show that art is a useful part of education, that art can join in with other subjects, or can stand on its own, and that it can draw in all sorts of people—children, teachers with or without specialist training, and parents.

Outlines the programmes, projects and many different activities that have been carried out in various schools throughout New Zealand. Projects have been selected which best illustrate the topic under discussion; in no way do they represent the full range of art education, nor the finest work being done.

ATOLL

By Graham Keen

47 p. 1976. 80c

This secondary school bulletin describes the communal life of the islanders of Pakaolo, and illuminates the difficulties, loneliness, and hardships these people face when emigrating to New Zealand. (Department of Education.)

BALLROOM DANCING—A guide book for teachers and pupils

DEPARTMENT OF EDUCATION

89 p. 1978 $3

Almost all people as they move through their teens to adulthood are introduced to the undoubtedly pleasurable and universal activity, ballroom dancing.

As a new edition to the sports instruction series this book makes an effort to cover the basic steps in a variety of dances. It is intended mainly for beginners and therefore the more technical terms or finer amounts of turn and footwork are not included.

The book is well illustrated throughout with black and white photos and line drawings.

BETWEEN GOVERNMENTS AND BANKS

By Dr Hawke

244 p. $7.50

The Reserve Bank of New Zealand was established in 1933-34 but today's institution bears little resemblance to the one that was originally constructed by the 1933 legislation. The author, with a combination of historical and economic skill, covers the story and makes an assessment of the Bank's performance to date. A valuable contribution to New Zealand's historical record.

By F. S. Maclean, B.A., M.D.(Cam.), D.P.H.(N.Z.)

In the interesting book the author described the history of public health in New Zealand. Included is an account of the 1900 world pandemic of bubonic plague and its effects in New Zealand. After this epidemic the Department of Public Health was set up, and took independence from local authorities in the matters of public health. This book tells also of the improvements in sanitary conditions throughout the country and the attempts to improve the health of the Maori people.

THE CHANGING VEGETATION OF MOLESWORTH STATION NEW ZEALAND 1944-1971

New Zealand Department of Scientific and Industrial Research, Bulletin 217

118 p. 1976. $4.50

Totalling 700 square miles, the broad expanse of high altitude Crown land known as Molesworth Station is the largest single farm unit in New Zealand. In 1938, after 70 years of leasehold farming the Molesworth and Tamdale runs reverted to the Crown in a badly depleted state. This is an account of the recovering of the land at Molesworth for productive farming and should prove very interesting and informative to all high country farmers.

CONSERVING NEW ZEALAND'S HERITAGE

By P. H. C. Lucas

In 1969 Mr Lucas went on a study tour of national parks and allied areas in Canada and the United States. On his return to New Zealand he wrote this report as a suggested guideline for national parks and reserves administrators. Many of the problems experienced by older countries could be avoided by a careful study of their mistakes and with this in mind Mr Lucas has concluded each section with a summary of lessons for New Zealand. Not only of interest to the general public but also to park administrators and planners, tourist promoters, historians, and archaeologists.
