THE MAORI AS HE WAS
By Elsdon Best
$6.50
Fifty years of public demand since this book was first published resulted in the need for reprints in 1934 and 1952. The text has been reproduced unchanged but the originals of some of the figures could not be traced and these have been replaced with similar illustrations. There have been many advances in our knowledge of Maori life since this book first appeared. The work of numerous ethnologists, and more recently archaeologists, has critically examined many of the earlier concepts, confirming some, disproving others, and adding to our knowledge of Maori life. Its continued availability should help the reader to obtain a basic background to old time Maori life which can be extended by further reading.
