MAORI AGRICULTURE*By Elsdon Best*

NATIONAL MUSEUM BULLETIN No. 9

315 p. 1976.

\$13.50

The only comprehensive study of Maori agriculture available, this bulletin adds a further volume to the series of Elsdon Best's works which the Government Printer undertook to reprint preserving the original text and bulletin numbers. I recommend this book and the series as a whole; to collectors, archaeologists, and to those studying the prehistoric economy of the Maori people. (Government Printer.)

THE MAORI AS HE WAS*By Elsdon Best*

295 p. Reprint, 1974.

\$6.50

Fifty years of public demand since this book was first published resulted in the need for reprints in 1934 and 1952. The text has been reproduced unchanged but the originals of some of the figures could not be traced and these have been replaced with similar illustrations. There have been many advances in our knowledge of Maori life since this book first appeared. The work of numerous ethnologists, and more recently archaeologists, has critically examined many of the earlier concepts, confirming some, disproving others, and altering others to varying degrees. No one has yet produced a synthesis of the results of all this scholarship and there is still nothing as comprehensive as this book of Best's to give a general account of the Maori. This book was first published when Best was 68 and thus represents the accumulated knowledge of a lifetime. It has now become a classic introduction to Maori life. Its continued availability should help the reader to obtain a basic background to old time Maori life which can be extended by further reading.

THE MAORI CANOE*By Elsdon Best*

NATIONAL MUSEUM BULLETIN No. 7

451 p. 1976.

\$17.50

A reprinted edition without textual alterations and retaining the old Dominion Museum number. Another example of Elsdon Best's dedicated effort to preserve Maori culture. The material presented on canoes, their materials, types, methods of construction, and associated artifacts make interesting reading for the layman as well as for scholars of the Maori. (Government Printer.)

MAORI RELIGION AND MYTHOLOGY PART 1*By Elsdon Best*

NATIONAL MUSEUM BULLETIN No. 10

424 p. 1976.

\$18

An account of the theory of the universe and its creation, study of the origin of man, religious beliefs, rites, magic, and folklore of the Maori people of New Zealand. First published in 1924, reprinted without textual alteration and retaining the original bulletin numbers. (Government Printer.)

MAORI STOREHOUSES AND KINDRED STRUCTURES*By Elsdon Best*

116 p. Illustrated. Reprint, 1974.

\$6.50

As an authority on Maori culture, the author has compiled in this publication a comprehensive record on the use of the different storage structures, etc., used by the Maori in former times. By studying items pertaining to Maori technology it is hoped this will throw light upon many phases of the social life and customs hitherto unknown. This bulletin is No. 5 in the Dominion Museum Series.
