Decision No. 925
Reference No. IND. 13/79

Decision of the Indecent Publications Tribunal

In the matter of the Indecent Publications Act 1963, and in the matter of an application by the Secretary for Justice in respect of Gang Girls and Goodbye.

Before the Indecent Publications Tribunal

Messrs L. M. Greig (Chairman), D. M. Wylie, Mrs H. B. Dick.

Appearances: Written submissions of Secretary for Justice considered.

Decision

Goodbye

This book has been submitted to the Tribunal by the Secretary for Justice.

The book, a hard cover publication, is a novel published in the United Kingdom by a reputable publisher in 1977. The single copy submitted to the Tribunal is from the Wellington Public Library which has been on general issue for more than a year.

The Tribunal was told that the Customs Department has taken a view of the book which has prevented importation for distribution by wholesalers. The Secretary, therefore seeks classification of the book by the Tribunal.

The book is in substance a murder mystery which deals in realistic fashion with a police investigation. There is a considerable amount of sex in the book both implicit and explicit.

Having regard to all the matters to be considered by the Tribunal under section 11 of the Act we consider that there is an overall balance in the book which outweighs those parts which in isolation are indecent.

The Tribunal classifies this book as not indecent.

Gang Girls

The Secretary for Justice, in an infrequent exercise of his rights under the Act, has submitted this paper back to the Tribunal. In seeking a classification, the submissions made on his behalf, raise, unusually, the issue of violence rather than sex or crime.

The book is a novel set in the Manchester district which deals with the activities of four girls, associated by chance, who set out on a course of violence and crime. In the end, in the best tradition, retribution is exacted from the criminals.

There is a considerable amount of violence depicted in the book as the four girls, without motive, carry on a short career of indiscriminate and aimless bashing and theft. What is unusual about this book is that the principal characters are girls rather than the gangsters, bikies, or bully boys usual in books, films, and television.

The violence so depicted and described is neither so explicit nor so offensive as to be contrary to what the Tribunal considers to be the current standard of the community. There is not, in this book, in our view, any mischievous or immoral tendency and while there may be little literary merit there is an honest purpose overall and no likelihood of corruption or injurious effect on those who may read it.

The Tribunal therefore classifies this book as not indecent.

Dated at Wellington this 10th day of July 1979.

LAURENCE M. GREIG, Chairman.

Exchange Rates

In terms of section 25 (2) of the Reserve Bank of New Zealand Act 1964, the Reserve Bank today released outer limits for rates of exchange to be used in transactions involving the conversion of New Zealand currency into foreign currencies and foreign currencies into New Zealand currency when delivery of the foreign currency dealt in will be effected by telegraphic transfer. The following range of rates, for the main currencies used by New Zealand traders in settling foreign exchange transactions, will remain in force until replaced by a new schedule issued by the Reserve Bank. These rates do not apply to transactions for settlement after the expiration of two business days (forward transactions) or to transactions in which instruments are purchased which do not entitle the buyer to foreign currency balances in the foreign centre until the instruments have been delivered at the foreign centre. In the latter case interest at foreign centre rates may be deducted from the telegraphic transfer rate to compensate the purchaser for his loss during the transit period.

Notes
1. Statement of Accounting Policies—The particular accounting policies adopted by the Bank which significantly affect the measurement and the reporting of its results and financial position on an historical cost basis are as follows:

(a) Foreign currency translations—Overseas assets and liabilities at balance date are converted to New Zealand currency using appropriate telegraphic transfer rates ruling at 31 March 1979.

(b) Fixed assets and depreciation policy—The Bank's buildings at Wellington and Christchurch are depreciated over their estimated economic life on a straight line basis at the rate of 1 percent per annum. The Bank's existing building at Auckland has been fully written off whilst construction costs on the new building to balance date are $3.1 million (see note 3). The cost of all land acquired has been written off in prior years. All other fixed assets are similarly treated in the year of acquisition.

(c) Investments—Overseas investments are shown in the balance sheet at the New Zealand equivalent of foreign currency cost, NZ$8.8 million. New Zealand investments are shown at the lower of cost or market value (market value $285,636 million). Since balance date an increase in New Zealand Government stock interest rates has resulted in a loss of $7.7 million in the market value of the Bank's portfolio.

(d) Exchange rate fluctuations—The profit or loss arising from appreciation or depreciation of the Bank's net overseas assets due to movements in basic exchange rates is settled with Treasury in terms of section 26 of the Reserve Bank of New Zealand Act 1964. The loss in respect of the year ended 31 March 1979 subject to such settlement was NZ$14,370,737.

2. Contingent Liability—In respect of an investment of 250,000 £stg.l shares in the Commonwealth Development Finance Co. Ltd. of which 50p per share is uncalled. New Zealand equivalent NZ$243,427.

3. Capital Commitment—A contract for $9.6 million was let in April 1979 for the construction of the new building in Auckland and completion is expected to be in April 1981.
