## GENERAL PUBLICATIONS

### SCENIC RESERVES OF OTAGO

26 p. 1975. \$1.75

Written by L. W. McCaskill for the Department of Lands and Survey this little booklet provides us with a short description of the scenic reserves of the Otago Land District. Illustrated with full page photographs of some of the beauty spots of the area. (Department of Lands and Survey.)

### SHADOW OF THE LAND

By Ian Wards

422 p. 1968. \$9

The title for this book was provided by Nopera Panakarero, a Kaitaia chief of much influence, who, in May 1840, believed that only the "shadow of the land" had gone to Queen Victoria whilst the substance remained with the Maoris. Less than a year later he revised this opinion convinced that only the "shadow" would be the Maori portion.

The author examines the British acquisition of New Zealand, the Maoris trust in the Treaty of Waitangi and their confidence that its terms would be honoured and explains it was only by accident that the Maoris were guaranteed the possession of their lands and ancient privileges.

It is under these circumstances that the book considers the use of military force in New Zealand, analyses the arguments surrounding the provision of troops and concludes that, beyond any reasonable doubt there was never an attempt to govern by "moral suasion".

New Zealand followed the normal nineteenth century British pattern of territorial acquisition.

The book is an essential introduction to the Maori wars of a later date.

### SHARING SOCIAL RESPONSIBILITY

N.Z. COUNCIL OF SOCIAL SERVICE

88 p. 1978. \$2.75

Report of the New Zealand Council of Social Service on desirable roles and directions in social service development.

### SOCIAL TRENDS IN NEW ZEALAND

DEPARTMENT OF STATISTICS

193 p. 1977. \$4.50

This volume, the first to be produced, examines nine major social areas, viz. demographic patterns, housing and households, education, health and medical services, social welfare and social security, crime and law enforcement, leisure, labour force participation, and incomes.

While the emphasis is on trends, the descriptive text has been supplemented by tables, charts, and figures which highlight significant features.

The information brought together in this volume will assist policy makers, planners, students and others who have an interest in social trends and development in New Zealand society.

### SOILS AND AGRICULTURE OF PART PAPARUA COUNTY

DSIR SOIL BUREAU BULLETIN 34

128 p. 1978. \$12.75

Describes and classifies the soils of part Paparua County, an area of approximately 134 square miles west of Christchurch.

A section on "land use" contains detailed accounts, with maps, of agriculture and horticulture, and notes on forestry by specialists from the Ministry of Agriculture and Fisheries and the New Zealand Forest Service. Further supporting information, including data on the water resources of the county, is provided in the Appendices.
