Medical Council of New Zealand

The following rules have been made by the Medical Council of New Zealand and are published for the information of those concerned:

THE CONDITIONALLY REGISTERED MEDICAL PRACTITIONER (OR INTERN) HOUSE OFFICER SERVICE

1. The period of service of conditionally registered medical practitioners (interns), is regarded by the Medical Council of New Zealand as a compulsory training period incorporating a significant content of educational experience.

2. An intern should have the opportunity to complete such experience and training as to entitle him to become registered as a medical practitioner 12 months after graduation. The period of 1 year shall not include more than 6 weeks' absence from duty for any cause.

3. In recommending a hospital for approval as suitable for intern training, the Council considers the occupied bed state, the number and status of the medical and other staff, the supporting services (especially radiology and pathology), activities in teaching, facilities, staff accommodation, and the relationship to adjacent hospitals for the purposes of teaching, experience and staffing.

4. A hospital will not be recommended when it has less than a total of three first and second year house officers since the Council considers that with less than three it is impossible to arrange adequate educational experience. This will not apply to smaller hospitals recommended for approval under paragraph 8 below.

5. Recognising that the practice of medicine in modern hospitals has become increasingly specialised so that strictly "general" experience for all interns for the whole 12 months is unrealistic, the Council interprets flexibly the phrase in the Medical Practitioners Act 1968, section 18 (1) (a), "satisfactory experience of the practice of medicine and surgery". This was recommended in the General Medical Council's memorandum of 1967, and the 1968 Report of the Royal Commission on Medical Education (Todd).

6. In assessing "satisfactory experience", the Council takes into account the nature of the four quarterly posts held during the intern year. One more specialised post may complement another of a more general nature to achieve a
