2. The Minister has asked that the report of the Commission cover in particular (with reasons):

(a) Whether price control in terms of section 82 of the Act should be continued; or
(b) Whether price restraint in terms of section 83 would be warranted if the goods were removed from the Positive List; or
(c) Such other recommendations as the Commission thinks fit.

In addition the Minister mentioned that in assessing the competitive situation in the industry the Commission may wish to take into account the collective pricing agreements which operate in this area.

3. The Minister has asked that this report be sent to him by 30 April 1981.

4. The Commission will, accordingly, inquire into this matter. At this stage it requests that any persons or organisations, who wish to apply to be a party, in terms of section 14 of the Act, apply to the Executive Officer of the Commission in writing by Monday, 24 November 1980. It would assist the Commission if all applicants explained the nature of their interest and indicated whether they support or are opposed to the possible removal of price control.

5. If necessary, it is proposed that a party hearing to consider applications will be held on Tuesday, 9 December 1980, commencing at 10.30 a.m., at the Commission's hearing room, Sixth Floor, Chase-NBA House, 163 The Terrace, Wellington.

6. The date by which submissions from the parties will be required and the dates on which the main hearing will be held have yet to be decided.

D. J. KERR, Executive Officer, Commerce Commission.

### Notes to the Accounts

#### Statement of Accounting Policies

1. (a) Amortisation of Public Securities—Book values of New Zealand Government and Local Authority Securities which were purchased at a discount or a premium, are being amortised annually so as to attain their redemption values by maturity date.

(b) Profits and Losses on Realisation of Public Securities—The difference between book value and proceeds on realisation of New Zealand Government stock treasuries and Local Authority securities are all redeemable at par at fixed dates. Whilst there is no supplement payable until further notice, the information required by the Companies Act 1955.

2. Investments—The New Zealand Government and Local Authority securities are all redeemable at par at fixed dates. Whilst the substance remained with the Maoris. Less than a year later he revised this opinion convinced that only the “shadow” would be the Maori portion. The author examines the British acquisition of New Zealand, the Maoris, trust in the Treaty of Waitangi, and their confidence that its terms would be honoured and explained it was only by accident that the Maoris were guaranteed the possession of their lands and ancient privileges.

It is under these circumstances that the book considers the use of military force in New Zealand, analyses the arguments surrounding the provision of troops and concludes that beyond any reasonable doubt that there was never an attempt to govern by “moral suasion”.

New Zealand followed the normal nineteenth century British pattern of territorial acquisition.

The book is an essential introduction to the Maori wars of a later date.
