Industries Development Commission Notice No. 1980/2—Inquiry Concerning the New Zealand Industry Engaged in the Manufacture and Repair of the Ships, Boats, and Floating Structures of Tariff Headings 89.01, 89.02, 89.03, and 89.05, Other than Yachts and Other Vessels for Pleasure or Sports and Air Cushion Vehicles

1. In a letter of 18 April 1980, the Minister of Trade and Industry requested the Commission to prepare a development plan for the ship-building and repair industry on the following basis:

(a) To inquire into and report on the present situation of the industry engaged in the manufacture and repair in New Zealand of the ships, boats, and floating structures of tariff headings 89.01, 89.02, 89.03, and 89.05, other than yachts and other vessels for pleasure or sports and air cushion vehicles; the potential for its development; and its potential to contribute to New Zealand's economic growth, taking into account the interests of the manufacturers, commercial, and other users, and the distributive trade.

(b) To recommend lines of development considered desirable, and the nature and extent of assistance, if any, by way of protective devices or otherwise it considers appropriate for this industry, having regard to New Zealand's interest in developing her marine resources, especially fishing, within the 200-mile Exclusive Economic Zone, and any national strategic interest.

(c) To report on the above inquiry by 30 September 1980.

(d) When making its inquiry and report the Commission may take evidence on and otherwise have regard to any other matter or product it considers relevant to the inquiry under reference, or exclude from its consideration any matter or product it considers not relevant.

2. The reference covers the manufacture and repair of warships of all kinds, tankers of all kinds, other vessels for the transport of goods, including vessels for the transport of both passengers and goods; trawlers and other fishing vessels including factory and other ships used in activities directly connected with fishing operations; barges both dumb and powered; vessels designed for towing or pushing other vessels; light vessels, fire floats, dredges of all kinds, floating cranes and other vessels, the navigability of which is subsidiary to their main function; floating docks, floating or submersible drilling or production platforms and other floating structures such as coffer dams, landing stages, buoys and beacons.

It does not cover yachts and other vessels for pleasure or sports and air cushion vehicles.

3. To facilitate the preparation of a draft report the Commission invites submissions from interested parties on the issues raised in detailed "Guidelines For Submissions". These
