AUDITORS' REPORT

We have examined the balance sheet of the South Canterbury Savings Bank as at 31 March 1980, and the related profit and loss account for the year then ended. Our examination was made in accordance with the general principles of auditing and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In accordance with an accounting policy of the bank depreciation on fixed assets has been calculated to reduce each asset to its estimated residual value by the end of its probably useful life. The rates used are those approved by the Commissioner of Inland Revenue. It is considered that the amount charged in the profit and loss account does not differ materially from that which would result from calculating depreciation had the straight line method been adopted.

We have obtained all the information and explanations that we have required and in our opinion, the accompanying balance sheet and the profit and loss account together with the statement of financial position of the South Canterbury Savings Bank as at 31 March 1980, and the results of its operations for the year then ended:

HUBBARD, CHURCHER AND CO., Chartered Accountants, Timaru, 26 May 1980.

SOUTH CANTERBURY SAVINGS BANK

NOTES TO THE ANNUAL ACCOUNTS 31 MARCH 1980

Statement of Accounting Policy

1. Accounting principles—The accounts have been prepared in accordance with generally accepted accounting principles, consistent with previous years based on historical cost, and there have been no changes to accounting policy during the year except that full advantage of first year depreciation rates as allowed by the Inland Revenue Department have been taken in respect of the computer equipment purchased during the year.

2. Revenue recognition—Interest received includes interest accrued to 31 March 1980.

3. Personal loans—Advances by way of personal loans have been adjusted for interest yet to mature as shown in the balance sheet. The policy is to add interest to the full advance at the commencement of the loan. This amount is brought into revenue during the appropriate financial years by applying the "Rule of 78".

4. Depreciation—The fixed assets, other than the computer equipment, have been depreciated at ordinary depreciation rates as allowed by the Inland Revenue Department. Computer equipment is depreciated at the first year rate of 25 percent of cost price, thereafter at 20 percent D.V. All assets still in use are included in the bank's books and it is calculated that the depreciation rates being used will write off the items over the period of their useful lives. In accordance with the bank's established policy, no additional depreciation as provided for by the Inland Revenue Department has been taken in respect of the computer equipment as mentioned above.

5. Investment – New Zealand Government stock and local authority securities are shown at face value and are generally held until maturity. The redemption due on maturity in regard to stock purchased under part is shown as a reserve to be brought into account upon either maturity or sale of the stock concerned.

6. Mortgages—Mortgage applications approved but for which the funds have not been uplifted at 31 March 1980, amount to $778,950.

7. Property—The bank owns property in Timaru, Temuka, Fairlie, and Wainate, and leases premises in Ashburton, Geraldine, Tinwald, Fairlie, Pleasant Point, and Timaru. The leases have been negotiated to provide long-term tenancy options.

8. Taxation—The amount provided for income tax is the amount of the calculated tax liability in respect of the accounting profit shown for the year by the profit and loss account.

AUDITORS' REPORT

We the undersigned, being the auditors of the Canterbury Savings Bank, appointed in terms of section 29 (3) of the Trustee Savings Banks' Act 1948, report that:

We have examined the accompanying balance sheet, profit statement, and notes, and have obtained all the information and explanations we have required. We are of the opinion that proper books of account have been kept by the bank, that the balance
be made to the law or practice and the likely effects of these. Include sex education; rights of the pregnant woman; contraception, sterilisation and abortion, any changes that should be made to the law or practice, and the likely effects of these. Pages 27-38 give the summary of recommendations: these include sex education; rights of the pregnant woman; who decides; support services and eleven other recommendations. Includes 11 appendices, glossary, bibliography and index.

THE COURTS AND CRIMINAL PUNITMENTS

Three lectures by Sir John Barry

91 p. $2.25

Sir John Barry was Judge of the Supreme Court of Victoria from 1947 to 1969. The lectures published in this book were prepared by him for delivery in New Zealand but illness prevented him from making the visit and the lectures have been published in the form in which he intended to deliver them.

A DICTIONARY OF THE MAORI LANGUAGE

By H. W. Williams

The seventh revised edition, augmented by the advisory committee on the teaching of Maori language.

CRIME IN NEW ZEALAND

A SURVEY OF NEW ZEALAND CRIMINAL BEHAVIOUR

417 p. 1974 reprint. $7.25

In this study of crime, the object is to provide not only statistical information but to describe the administrative procedures and law. This book is not just a colourless official document. The authors compiled the text with the intention of making it interesting to all readers. A well balanced publication aimed at giving the reader a clear insight into law in New Zealand. (Department of Justice.)

CROWN COLONY GOVERNMENT IN NEW ZEALAND

By A. H. McLintock

475 p., illustrated. 1958. $4.50

This book, which deals with a little known and understood period of New Zealand history, comprises three distinct sections, first, the Coming of Sovereignty; secondly, Men and Government; and thirdly, the Evolution of a Constitution. While this book will be of special interest to New Zealanders, it will command a wider audience since it contains much that is new with respect to British colonial policy in the first half of the nineteenth century.
