Decision No. 6/81

Com. 8/80 Before the Broadcasting Tribunal

In the matter of the Broadcasting Act 1976, and in the matter of a complaint by Clifford Reginald Turner.

WARRANT HOLDER: Broadcasting Corporation of New Zealand (Television New Zealand Network One).

B. H. Slane, Chairman; Lionel R. Beacons, Member; Janet C. Somerville, Member; S. H. Gardiner, Co-opted Member; Robert Boyd-Bell, Co-opted Member.

DECISION

Mr Turner complained that a commercial for Dunhill products was broadcast by Television New Zealand Network One in breach of advertisement rule 1.8 Television Rules and Standards.

The rule is:

Advertisements must not specifically refer to cigarettes, cigarette papers, or cigarette tobacco, or mention the brand name of any such product. However a retailer may indicate that he stocks such products provided there is no elaboration of the statement or reference to brand name.

The advertisement is described in the storyboard appended to this decision.

The Broadcasting Corporation of New Zealand would not uphold Mr Turner's complaint stating:

The Board noted that the Dunhill Company manufactures and distributes a wide selection of products, from jewellery to pipes; that the commercial showed some of these products and showed some of the duty free shops associated with the Dunhill company; and that at no stage during the commercial were any Dunhill cigarettes shown or referred to. The Board held that a company is entitled to advertise its products provided that the rules are observed. In this particular case the Board held that the word “Dunhill”, as used in the context of this commercial, could not be construed as referring to a brand of cigarette.

In its submissions to the Tribunal the Corporation said the advertisement made no reference to any other tobacco product marketed in New Zealand under a brand name incorporating the word “Dunhill”. There was nothing in the advertisement to connect the advertiser with cigarettes except the use of that word.

The Corporation submitted that to give the interpretation propounded by Mr Turner would have consequences neither intended nor contemplated when the rules were framed. A person or organisation with a name identical with the brand name of cigarettes, cigarette paper or cigarette tobacco would be prevented from advertising their product.

Also, manufacturers and distributors of cigarette products would be prevented from advertising their products and they would also be prevented from advertising under that name any other product or service provided.

The Tribunal invited the advertiser, Rothmans New Zealand Ltd, to make any submissions it wished to the Tribunal and requested some information. The company submitted that the Dunhill branded goods portrayed in the commercial did not include any cigarettes or other smoking material. (This is not entirely accurate. The advertisement does in passing show pipes and cigarette lighters.) Rothmans informed us that Dunhill has for many years marketed a wide range of fashion accessories, such as jewellery, furniture and clothing of a high quality, its business extending to most countries of the western world.

The business has traditionally included the production and marketing of high quality tobacco products, smoking pipes and other smokers requisites. In New Zealand the Rothmans company is the licensed manufacturer of Dunhill cigarettes and one variety of pipe tobacco; in addition the company imports various Dunhill tobaccos for both domestic and duty free sale. In reply to questions from the Tribunal, the company confirmed that the commercial was screened as part of a wider media campaign non-cigarette Dunhill products, it included a magazine advertisement which displayed, among other things, a cigarette lighter. But the company claimed that the advertisement made no direct or oblique reference to cigarettes.

Advertising for Dunhill cigarettes was carried out regularly and separately from the non-cigarette products and included print media, point of sale locations and a variety of sponsorship activities.

The company declined to disclose the extent of the non-cigarette business but indicated that it had expanded significantly over recent years. The company said the name Dunhill was listed twice in the telephone directory in respect of private individuals unknown to the company.

It named other brands it marketed which were also names of persons listed in the Auckland telephone directory.

The company submitted the claim was vexatious.

The Tribunal does not find the complaint to be vexatious. There is a simple one and we do not consider it should be interpreted in a way to provide a number of unwritten exceptions. The clause clearly contemplates the exclusion, whenever it occurs, of the brand name of cigarettes in any advertisement. The fact that this could cause a hardship to people with the name of Dunhill who wish to advertise is not at this stage a concern of the Tribunal; the Tribunal does not consider it appropriate to interpret the rule on the basis of hypothetical hard cases. It is open to the Rules Committee to adjust the rule and make clear exactly what exceptions might be made.

In this case we did note that one Dunhill distinctive logo was not used but the signs that were shown were not dissimilar to those shown on a cigarette packet forwarded by the complainant. It is interesting to observe that an advertisement for cigarettes showed a lighter as does the television advertisement. There is likely to be some linking in the name in any event.

It may well be that in the interests of eliminating cigarette advertising directly or indirectly those who enacted the rules intended that advertisers such as Rothmans would not be entitled to get their name before the television public as a brand name of cigarettes by advertising other products with the same brand name. That is not to say that the name cannot be used in other media but simply that in the case of radio and television advertising it could not be used.

It is clear that, by the sponsorships referred to by the advertiser in its submissions, ‘‘advertising’’ is obtained in the main, particularly the electronic media, which would not otherwise be acceptable in advertisements. There is however, no evidence to suggest that the development of this advertiser's non-cigarette trade was intended as a way around the restrictions on the advertising of cigarettes.

Whether it is or not has no bearing on the Tribunal's decision.

It is unsatisfactory for a strong and clear rule to be interpreted in such a way as to introduce a number of exceptions which are not specifically stated. We do not, by the comments we have made, recommend a change in this rule; we simply say that it is unfair to warrant advertisers wishing to advertise acceptable products for Dunhill products they will have to alter the rule to provide an exception to the rule which states that no advertisements shall contain the brand name of a cigarette. To prevent abuse such a rule would still have to provide for the effect of advertising acceptable products was to advertise non-acceptable products. There lies the difficulty.

Dated the 29th day of April 1981.

Decision No. 7/81
Com. 15/80

Before the Broadcasting Tribunal

In the matter of the Broadcasting Act 1976, and in the matter of a complaint by Clifford Reginald Turner.

WARRANT HOLDER: Broadcasting Corporation of New Zealand, Radio New Zealand 1ZH.

B. H. Slane, Chairman; Lionel R. Seects, Member; Janet C. Somervelle, Member; S. H. Gardiner, Co-opted Member; Robert Boyd-Bell, Co-opted Member.

DECISION

Mr Turner complained that the Lion Breweries race results advertisement was in breach of radio advertisement rule 1.11 which reads:

"1.11 Advertisements Which Mention Alcoholic Liquor or Are Associated With Any Kind of Alcohol..."

The broad intention of this rule is to limit the scope of these advertisements so that advertisements which are designed to encourage and/or promote the general consumption of alcoholic liquor are not broadcast. Therefore, only those advertisements which conform with the following requirements may be broadcast:

(1) Advertisements may be made only on behalf of a wholesale or retail point of sale, such as a vineyard, a wholesale store, a wine shop or licensed premises.

(2) Advertisements must not use brand names as such. A brand name is one which is the name of a particular wine, spirit or beer, such as 'Gordon's Gin', 'Leopard Beer' or one which refers to a range of wines, spirits, beers, etc., from a particular vintner, manufacturer or distributor, such as 'Corbans' wines, 'Lion' beers, 'Gilbey's' spirits.

Note—There are some sale outlets which incorporate brand names in their title, e.g., Corbans Wine Shop, Montana Wein Keller, etc. These titles may be used in advertisements only in such a way that they refer clearly and consistently to the point of sale, not to the brand of wine, etc.

(3) No descriptions of the qualities of any wine, beer or spirit, etc., are allowed in any advertisement.

(4) Advertisements may refer to:

(a) Details of the points of sale and the services, e.g., location, hours of sale, details of parking, delivery, and type of sale (wholesale or retail).

(b) Description of the general range of merchandise, e.g., a full stock of New Zealand and overseas wines, New Zealand and imported spirits and cordials, and a wide range of beer in cans, bottles and flagons.

(c) Details of any associated service, such as entertainers, dancing, etc.

(5) Advertisements for alcohol must not be presented from licensed premises, whether wholesale or retail.

(6) Advertisements associated with alcohol must not be presented in association with or during programmes directed specifically at children.

Note—For the purposes of this rule alcoholic liquor means any spirits, wine, ale, beer, porter, cider or Perry or any other fermented or spirituous liquor, which on analysis is found to contain more than 2 parts per cent proof spirit.

These amended rules, which were effective from Tuesday 10 June 1980, followed a decision of the Tribunal (Com. 3/80 dated 16 May 1980). The Tribunal had upheld a complaint from Mr Turner that the same advertisement was in breach of rule 1.11 as then worded and of the condition in warrants imposed by regulation 14 (3) Broadcasting Regulations 1977.

Both the Corporation and Lion Breweries Ltd have claimed that the words "Lion Breweries" are not a brand name but are a corporate title (for operations involving grain growing and processing, cordial manufacturing, accommodation, catering and credit card facilities, as well as brewing). The Corporation argued that the advertising rule could only be applied to the advertisements broadcast on behalf of such companies by reference to the contents of the advertisement and not the identity of the advertiser, otherwise the Tourist Hotel Corporation could broadcast advertisements for its hotel chain but Lion and Dominion Distilleries could not advertise their accommodation services available at their hotels. That argument ignores the note to Rule 1.11 (2). (As the Tribunal has pointed out the company changed its name to identify itself with its product and it must at least have taken into account the rules of broadcasting which limited radio advertising of liquor.)
It was also suggested that, if the advertisement was required to refer to a point of sale drawing attention to the availability of alcoholic liquor from the advertiser, it would be illogical and contrary to the spirit of the advertising rules.

The Tribunal has therefore decided to substitute for the present unsatisfactory collection of statements an amended rule which can be said to derogate from the existence of that brand name particularly since it is concerned by the word "Breweries" cannot be said to be advertising some other Lion products that would not bring to mind the question of alcohol. From information given previously to the Tribunal by Lion Breweries we know the words "Lion Breweries" are used to clarify its marketing and to promote corporate image. The advertisement would promote the sale of the company's products and at no more than 30 percent of those sales were alcoholic.

To say that the words "Lion Breweries" do not associate the advertisement with alcoholic liquor is unreal. We find therefore that the advertisement does fall within the definition of advertisements which mention alcoholic liquor or are associated with alcoholic liquor. The rule sets out to limit advertisements to those which comply with the requirements (1) to (6). If it is considered they would otherwise be designed to encourage and/or promote the general consumption of alcoholic liquor. The Tribunal has however, already found that the word "Lion" is a brand name in relation to beer. The fact that it is accompanied by the word "Breweries" cannot be said to derogate from the existence of that brand name particularly since, if anything, breweries is a word intended to bring into mind alcoholic liquor. It is also clear that the advertisement might be regarded as an empty promise.

Industrial Relations Act 1973—Proposed Cancellation of Industrial Union

Pursuant to section 193 of the Industrial Relations Act 1973, it is hereby notified that the registration of the New Zealand Federated Jewellers', Watchmakers' and Related Trades Industrial Association of Workers, Registered No. 1831, situated at 8-12 St. Martins Lane, Auckland, will, unless cause to the contrary is shown, be cancelled on the expiration of 6 weeks from the date of the publication of this notice in the Gazette.

Dated at Wellington this 4th day of May 1981.

R. A. QUAY, Registrar of Industrial Unions.
By this decision the Commission—

(a) Revokes its approval, as contained in its decision No. 27, of the collective pricing agreements referred to in applications lodged by the New Zealand Stock and Station Agents Association and registered by this Commission as applications numbered 6 and 26 and the conditions to that approval and in substitution therefor;

(b) Approves the trade practice whereby the New Zealand Stock and Station Agents Association alone issues from time to time a maximum only scale of fees and charges for services to which the said applications refer, which approval shall be subject to the following conditions:

(i) That, where the maximum amounts allowed to be charged under any scale of fees and charges issued in terms of this approval are subject to control under any statute or regulations, the said scale of fees and charges, and any alteration to the scale of fees and charges, must comply with any relevant provisions of such control legislation.

(ii) That, where the maximum amounts allowed to be charged under any scale of fees and charges to which this approval refers, are not subject to control under any statute or regulations, any alteration to the scale of fees and charges must be submitted for prior approval by the Commerce Commission.

(iii) That any scale of fees and charges issued in terms of the approval be clearly headed to show that the prescribed fees and charges are the maximum which may be charged, and that lower fees or charges may be charged without the risk of the association applying sanctions of any kind.

(iv) That the current scales of fees and charges appended to this Decision are deemed to have been issued in terminal of the approval, and shall be issued to each executive member of the association within 3 months of the date of this Decision.

(v) That each constituent member of the association shall within 6 months of the date of this Decision:

(a) Revoke any scale of fees and charges covering items in the scales appended hereto which have been issued by or on behalf of that constituent or which form part of its rules or regulations; and

(b) Revoke, or amend as necessary any rule, regulation or resolution which is in conflict with the foregoing conditions to this approval; and

(c) If any dispute arises within the said period as to whether (a) or (b) herein has been implemented the Examiner or the New Zealand Stock and Station Agents Association may bring the matter before the Commission to determine the dispute.

A copy of the full text of this decision is available for inspection or purchase at the Commission's Office, Sixth Floor, Chas. BAHA House, 163 The Terrace, Wellington (P.O. Box 10-273).

PUBLIC NOTICE

Notice of application for approval of a scheme under Part III of the Charitable Trusts Act 1957.

Notice is hereby given that the Nelson School of Music Trust Board has filed in the office of the High Court at Nelson, an application for approval of a scheme varying the terms of a bequest to the board. The bequest on the 19th April 1919, by the will of Phyllis Fell, late of Nelson, spinster, was of a "Testore" violin. The board propose the violin be sold and the proceeds applied as follows:

1. To meeting the cost of repairs and restoration of the "Testore" violin.
2. To purchase one violin of high quality, suitable for pupils of National Youth Orchestra or Grade 8 standard, to be available for use without charge to a student of the school.
3. To purchase three violins of intermediate standard to be available for use without charge to students of the school.
4. Any surplus funds to be invested in authorised investments and the income applied first as to one-half thereof, to increasing the number of scholarships for study at the school of the violin, and as to the other half to subsidising the school's violin teaching tuition fees.

The grounds for the application are that it is inexpedient to give effect to the bequest because of the considerable value of the violin. The value is such that it is unwise to allow the instrument to be used for its original purpose.

Copies of the scheme and the report of the Attorney-General thereon, may be inspected free of charge at the office of the Registrar of the High Court, Nelson, and the office of the Nelson School of Music Trust Board, Nile Street, Nelson.

The date proposed for the hearing of the application is in the Nelson High Court, sessions commencing the 15th day of June 1981. Any person desiring to oppose the scheme is required to give written notice of his or her intention, to the Registrar of the High Court, at Nelson, to the Nelson School of Music Board of Trustees, and the Attorney-General, not less than 7 clear days before the 15th day of June 1981.

SHADOW OF THE LAND
By Ian Wards
422 p. 1968.
The title for this book was provided by Nopener Panakanero, a Kaitaia chief of much influence, who, in May 1840, believed that only the "shadow of the land" had gone to Queen Victoria whilst the substance remained with the Maoris. Less than a year later he revised this opinion convinced that only the "shadow" would be the Maori portion.

The author examines the British acquisition of New Zealand, the Maoris, trust in the Treaty of Waitangi, and their confidence that its terms would be honoured and explains it was only by accident that the Maoris were guaranteed the possession of their lands and ancient privileges.

It is under these circumstances that the book considers the use of military force in New Zealand, analyses the arguments surrounding the provision of troops and concludes that, beyond any reasonable doubt that there was never an attempt to govern by "moral suasion".

New Zealand followed the normal nineteenth century British pattern of territorial acquisition.

The book is an essential introduction to the Maori wars of a later date.
