   (b) Sales to a storekeeper—that is to say, to a person (not being a merchant, dairy company, or farmers' organisation as hereinafter mentioned) purchasing solely for resale to users.

   (2) Where any phosphatic fertilisers are sold on delivery terms other than “ex works” or “ex rail” the maximum price that may be charged or received shall be the price specified in the schedule hereto, in relation to the class of purchaser, increased by the amount of the freight charges between the place of manufacture and the place of delivery: Provided that the amount added to the price in respect of freight charges shall not in any case exceed the amount that would have been incurred had delivery been effected by the holder of a goods-service licence under the Transport Act 1962 at authorised rates.
   (3) In every invoice, debit note, or similar document issued by the vendor to a user in respect of the sale of any phosphatic fertiliser, there shall be shown separately:

Special Prices Where Extraordinary Charges Incurred

6. Notwithstanding anything in the foregoing provisions of this order and subject to such conditions, if any, as the Secretary, on application by any vendor of phosphatic fertiliser to whom this order applies, may authorise special prices in respect of any phosphatic fertiliser to which this order applies where special circumstances exist or for any reason extraordinary charges (freight or otherwise) are incurred by such vendor. SOUTHLAND SAVINGS BANK  
NOTES TO THE ACCOUNTS FOR THE YEAR ENDED 31 MARCH, 1981  
1. Statement of Accounting Policies—The general accounting principles recommended by the New Zealand Society of Accountants for the measurement and reporting of results based on historic costs have been adopted in the preparation of these financial statements.  
The particular accounting policies which the bank considers appropriate for the measurement and reporting of profit and financial position are detailed below:  
NEW ZEALAND GOVERNMENT STOCK  
It is the normal policy of the Bank to hold Government Stock until maturity. On this basis, from 1 April 1980, the stock has been shown at face value less the unamortised discount on stock purchased at other than face value.  
Prior to 1 April, 1980, Government stock was recorded at face value and the difference between the cost and face value transferred direct to the reserve fund.  
In some cases, low yielding Government stock has been sold for tax purposes in sale and purchase arrangements and the stock purchased is shown at the cost of the original holding.  
TAXATION  
Provision for taxation charged against profits is the estimated expense relating to the results for the year.  
Provision for deferred taxation relates to timing differences on accrued interest income, depreciation and profits and losses on the sale and purchase of New Zealand Government Stock.  
Depreciation  
Depreciation has been calculated by applying Inland Revenue depreciation rates, except for data processing equipment, which has been depreciated on a straightline basis. First year depreciation has been included where applicable.  
The difference between the adopted policy and the straightline basis is not considered to be material.  
Deferred maintenance—A provision of $200,000 has been made in the profit and loss account for the upgrading of the Don Street frontage of the Head Office Building. A firm commitment has not been made at 31 March, 1981. This amount is not available as a deduction for taxation until the expenditure has been incurred.  
4. Deferred taxation—Deferred taxation arises because of timing differences in respect of the increase in interest accrued $233,038, the sale of Government stock $183,429, and depreciation $1,559.  
5. Commitments at 31 March, 1981—  
(a) Property, buildings and equipment $315,000  
(b) Mortgages, term loans and personal loans approved but not advanced $2,543,673  
6. Reserve fund—  
Balance 1 April 5,562,710  
Net profit for year 631,421  
Balance 31 March $6,196,120  
Less Investment fluctuation account  
Transfer 49,002  
Balance 31 March $6,196,120  
V. J. PETRIE, General Manager.
