IN THE MATTER of the Companies Act 1955, and IN THE MATTER of CHEMBY INDUSTRIES LIMITED—Applicant:

Thursday, the 9th day of July 1981

BEFORE THE HONOURABLE MR JUSTICE BARKER

UPON reading the ex parte motion for confirmation of reduction of capital dated the 26th day of June 1981, and the affidavit of Michael Robin David Braid sworn and filed herein this Court hereby orders that:

1. The sum of $660,767.52 standing to the credit of share premium account in the books of account of the applicant as at 31st March 1981, may be distributed in cash to the holders from time to time of the ordinary shares in the capital of the applicant.

2. The distribution of the said amount may be effected at such times, at such intervals and by a series of payments of such amounts as the directors of the company may from time to time determine subject to the provisions of article 117.1 of the Articles of Association of the applicant but that prior to making each such distribution the directors shall transfer from the profits of the applicant to a fund to be designated “Capital Replacement Fund” an amount equivalent to the amount to be distributed and the moneys comprising such fund shall not be available for the payment of dividends nor, without the approval of the High Court of New Zealand for distribution to shareholders of the applicant but may be applied by the applicant in paying up unissued shares in the capital of the applicant as fully paid bonus shares.

3. That subparagraph (c) of the said resolution concerning distributions from the Share Premium Account passed by the applicant company on the 26th day of May 1981 and more particularly set out in paragraph 2 of this order shall not be varied by the applicant without the prior approval of this Court.

4. Notice of making of such order be published once in the New Zealand Gazette.

5. It shall not be necessary for any minute relating to the distribution of the share premium account as hereinafter authorised, to be produced to the Registrar of Companies pursuant to section 78 (1) of the Companies Act 1955 or to be registered pursuant to section 78 (2) of the Companies Act 1955.

6. A sealed copy of this order shall be registered with the District Registrar of Companies, Auckland,

By the Court.

Notes to the accounts

Note 1. Statement of accounting policies—The general accounting principles recommended by the New Zealand Society of Accountants for the measurement and reporting of profit and financial position on an historical cost method have been adopted in the preparation of these financial statements. The following particular accounting policies which materially affect the measurement of profit and the financial position have been consistently applied.

(a) Government Stock—Discounts and premiums on certain Government stocks are amortised from the date of purchase so that stocks will attain their redemption values by maturity date. The current year's discount and premium amortisation is reflected in the profit statement.

(b) Personal Loans—The Bank's policy is to add interest to the advance at the commencement of the loan. The 'rule of 78' method of accounting for income is used to apportion the income between accounting periods. The effect of this method is that income earned over the term of the loan represents a level rate of return on the declining loan balance outstanding. The personal loan investment is net of unearned interest.

(c) Depreciation—Fixed assets are depreciated on the straight-line method at rates which will write off the cost over their estimated useful lives. The principal rates are:

- Buildings . . . 3 percent to 5 percent
- Furniture and fittings . . . 10 percent to 20 percent
- Computer equipment . . . 20 percent to 25 percent
- Equipment leasing
- Mortgage interest
- Trustee's honoraria
- Administration

- Mortgages and personal loans
- Government stock
- Local authority stock

(d) Taxation—The charge for income tax is the amount of the tax liability in respect of the accounting profit for the year and includes both current and deferred tax. The liability for deferred taxation arises from items of income and expenditure which are included in taxation calculations in periods different from those in which they are dealt with in the financial accounts. The significant timing differences relate to accrued interest income, discounts earned and premiums paid on Government stock and depreciation.

Note 2. Investments—Government stocks are recorded at cost adjusted by the discount or premium amortised to date. Stocks are generally held until maturity date, therefore differences in the following bases of valuation have little financial effect on the bank. There are generally no provisions against the market value of stocks. Local authority stocks are recorded at cost.

Auditors' Report to the Trustees of Wellington Savings Bank

We have obtained all the information and explanations that we have required. In our opinion proper accounting records have been kept by the bank so far as appears from our examination of those records.

In our opinion, the accompanying balance sheet, profit statement and funds statement give, using the historical cost method, a true and fair view of the financial position of the Bank at 31 March 1981, and the results of its business and the changes in financial position for the year ended on that date.
