**Exchange Rates**

In terms of section 25 (2) of the Reserve Bank of New Zealand Act 1964, the Reserve Bank today released outer limits for rates of exchange to be used in transactions involving the conversion of New Zealand currency into foreign currencies and foreign currencies into New Zealand currency when delivery of the foreign currency dealt in will be effected by telegraphic transfer. The following range of rates, for the main currencies used by New Zealand traders in settling foreign exchange transactions, will remain in force until replaced by a new Schedule issued by the Reserve Bank. These rates do not apply to transactions for settlement after the expiration of 2 business days (forward transactions) or to transactions in which instruments are purchased which do not entitle the buyer to foreign currency balances in the foreign centre until the instruments have been delivered at the foreign centre. In the latter case interest at foreign centre rates may be deducted from the telegraphic transfer rate to compensate the purchaser for his loss during the transit period.

BAY OF ISLANDS ELECTRIC POWER BOARD

TAKE notice that the Bay of Islands Electric Power Board proposes to take under the Public Works Act 1981, 804 square metres, being parts of Te Puia A1, Te Puia A2 and Te Puia A3, part Omanaia 36, Block II, Waoku Survey District, which is situated at Omanaia on State Highway 12, opposite and to the south-west of the Duddy's Road intersection.

The land is required for a site for a 33,000 to 11,000 volt substation to supply power to the South Hokia area.

The taking of the land is considered essential as electricity supply to the South Hokia at the present time is only just being maintained within the statutory voltage limits. Any future increase in load would have a detrimental effect on this voltage and the present growth rate is 6 percent per annum.

Objections by persons having any estate or interest in the land may be made to the Bay of Islands Electric Power Board, or their solicitors, Messrs Wallace, Spencer and Co., P.O. Box 8, Kaitaia, within 2 weeks of publication of this notice.

LIVING LETTERS

State Services Commission

36 p. 1980 reprint. $1.75 plus 55c p & p

One of the aims in letter writing is to get ideas across to the reader clearly and briefly. But do letters always say what is meant? Even if they are clear to the writer, will the reader understand them easily? If you are still using the old clichés of “acknowledging receipt of”, “according to our records”, and “enclosed please find” it is almost certainly time to change your attitude to writing living letters.
