Decision No. 1034
Reference No. Ind 17/82
Before the Indecent Publications Tribunal

In the matter of the Indecent Publications Act 1963, and in the matter of an application by the Comptroller of Customs for a decision in respect of the following publications:

Judge: W. M. Willis (Chairman); Messines H. B. Dick, L. P. Nikera; Messrs J. V. B. McLinden, I. W. Malcolm.

Decision: 5 October 1982.

Appearances: Mr McNiece for Comptroller of Customs.

Decision

These sample publications were all submitted by Gordon and Gotch (NZ) Ltd. for classification, presumably prior to placing orders for further copies. The Tribunal was informed that the company did not wish to be represented nor did it make any written submissions.

Club Magazine—There is a limited amount of text in each issue. One article is not sexually orientated but the rest of the publication comprises articles of a sexual nature and photographs of women largely in contrived and posed positions all exposing genitalia.

Men Only and Escort—These are similar in content and although some of the articles are not devoted to sexual subject they do little, as the Comptroller submits, to offset the aims of the magazine, which are predominantly concerned with the prurient and lewd aspects of sex. It should be pointed out that Men Only, Volume 40, Nos. 11 and 12, and Volume 41, Nos. 1 and 2, were classified as indecent by the Tribunal in decision No. 876 on 20 November 1976. All publications are predominantly concerned with lewd aspects of sex with an appeal to the prurient. They lack literary or artistic merit and have no redeeming features. The likelihood of corruption outweighs possible benefit and in the Tribunal's view they are injurious to the public good.

They are therefore classified as indecent.

W. M. WILLIS, District Judge, Chairman.

Decision No. 1035
Reference No. Ind 10/82
Before the Indecent Publications Tribunal

In the matter of the Indecent Publications Act 1963, and in the matter of an application by the Comptroller of Customs for a decision in respect of the following publications:

PFI Quarterly Issue 12 Folio No. 3, Pin Pals PFI Roster No. 12, published by Gauntlet Enterprises of Los Angeles:

Judge: W. M. Willis (Chairman); Messines H. B. Dick, L. P. Nikera; Messrs J. V. B. McLinden, I. W. Malcolm.

Decision: 5 October 1982.

Appearances: Mr McNiece for Comptroller of Customs.

No submissions by importer, Mr J. C. McMullen.

Decision

These are single copies from a private importation seized at Auckland. As the importer has disputed forfeiture, classification is sought by the Comptroller. The first 2 publications have some text in addition to the mainly genital photographs depicting body jewellery. The last publication contains mainly advertisements soliciting contacts from sexually deviant persons interested in body piercing. These magazines and mail order catalogues consist of advertisements for genitalia jewellery and information on body piercing for both men and women. They have no artistic merit and are certainly injurious to the public good. Some of the illustrations might well induce some form of experiment, with resultant physical or even fatal injury.

The Tribunal classifies them all as indecent.

W. M. WILLIS, District Judge, Chairman.

**D. F. Stephens**, General Manager.

27 April 1982.

We have audited the books and accounts of the Auckland Savings Bank for the year ended 31 March 1982 in accordance with generally accepted auditing standards, and have carried out such procedures as we considered necessary. In our opinion, the Balance Sheet, Profit and Loss Account and Appropriation Account, together with the notes thereon, are properly drawn up so as to give under the historical cost convention, a true and fair view of the financial position of the Auckland Savings Bank as at 31 March 1982 and the financial result of its transactions for the year ended on that date, in accordance with section 29 (2) of the Trustee Savings Bank Act 1948.

**Statement of Accounting Policies**

The general accounting principles recommended by the New Zealand Society of Accountants for the measurement and reporting of profits on an historical basis have been followed. Particular accounting policies used which significantly affect the measurement of the Bank’s profit and its financial position, are set out below:

1. **Recognition of Income**—Interest on investments is recognised as income for the period in which it is earned, rather than the period in which it is receivable. Interest charged on personal loans is apportioned over the term of the loan, using the “Rule of 78” method.

2. **Expenditure**—
   - **Depreciation**—Fixed assets are being depreciated on a straight line basis at rates which will write off the cost over their estimated useful lives to estimated residual values.
   - The principal write-off periods are:
     - **Buildings** | 40-100 years
     - **Computer and Office Calculating Equipment** | 5-10 years
     - **Furniture and Fittings** | 10-15 years
     - **Other Fixed Assets** | 3-15 years
   - **Taxation**—Taxation charged against net profit is the estimated expense relating to the result of the year. It includes an amount for taxation, the payment of which is deferred to future periods, because taxation practice differs from accounting policies in the treatment of:
     - (i) Interest accrued on investments.
     - (ii) Depreciation charges.
     - (iii) Interest accrued included in the purchase price of N.Z. Government Securities.

3. **Valuation of Assets**—N.Z. Government and Local Authority Securities are stated at cost, excluding interest accrued at date of purchase. Such securities are normally held to maturity, and their value on redemption approximates cost.

**Notes:**

- **Supplemented Mortgages**—During the year supplemented mortgages were advanced in conjunction with the Housing Corporation of New Zealand. The amount invested is included in Investment Mortgages, and the amount contributed by the Housing Corporation of New Zealand is recorded as a liability.

- **Land and Buildings**—
  - (a) The cost of land includes $1,298,692 in respect of the Bank’s share of a property under development. This property is recorded at the purchase and development costs to date, including capitalised interest.
  - (b) The Bank’s Land and Buildings is stated at cost price less depreciation of $12,722,754. The latest Government valuation received in respect of properties totalled $20,420,600, 1982

GOVERNMENT ACCOUNTING IN NEW ZEALAND

By David A. Preston

This book will be of particular interest to those whose daily occupations bring them into contact with the Government financial system; notably Government officials, journalists, members of Parliament, accountants in business, and the general commercial community, as well as academics and students. The text has, however, also been written with the general reader in mind.
