LIVING LETTERS
STATE SERVICES COMMISSION
$1.75 plus 55c p & p
One of the aims in letter writing is to get ideas across to the reader clearly and briefly. But do letters always say what is meant? Even if they are clear to the writer, will the reader understand them easily? If you are still using the old clichés of “acknowledging receipt of”, “according to our records”, and “enclosed please find” it is almost certainly time to change your attitude to writing living letters.

NATIONAL PARKS OF NEW ZEALAND
The revision of this popular publication has included numerous new colour plates and additional information on some of our parks. Because of the popularity of this book it is expected this edition will be in great demand. In addition to the book being an ideal souvenir for the overseas visitor it makes an ideal gift and also a valuable asset to anyone’s home library.

MAORI AGRICULTURE
By Elsdon Best
NATIONAL MUSEUM BULLETIN No. 9
$13.50 plus $1.50 p & p
The only comprehensive study of Maori agriculture available, this bulletin adds a further volume to the series of Elsdon Best’s works which the Government Printer undertook to reprint preserving the original text and bulletin number. I recommend this book and the series as a whole; to collectors, archaeologists, and to those studying the prehistoric economy of the Maori people. (Government Printer.)

MAORI AS HE WAS
By Elsdon Best
$6.50 plus 85c p & p
Fifty years of public demand since this book was first published resulted in the need for reprints in 1934 and 1952. The text has been reproduced unchanged but the originals of some of the figures could not be traced and these have been replaced with similar illustrations. There have been many advances in our knowledge of Maori life since this book first appeared. The work of numerous ethnologists, and more recently archaeologists, has critically examined many of the earlier concepts, confirming some, disproving others, and altering others to varying degrees. No one has yet produced a synthesis of the results of all this scholarship and there is still nothing as comprehensive as this book of Best’s to give a general account of the Maori. This book was first published when Best was 68 and thus represents the accumulated knowledge of a lifetime. It has now become a classic introduction to Maori life. Its continued availability should help the reader to obtain a basic background to old time Maori life which can be extended by further reading.

ORIENTEERING
DEPARTMENT OF EDUCATION

This book introduces navigation skills and techniques and gives rules for course setters. Fully illustrated with maps, diagrams and photographs.

MAORI RELIGION AND MYTHOLOGY, PART II
Dominion Museum Bulletin No. 11
$47.50 plus $3.60 p & p
Some 50 years after being written, Part II of Elsdon Best’s “Maori Religion and Mythology” is published for the first time and completes the Best Bulletin series on the Maori which is now available for the first time in one uniform set. Where Part I of “Maori Religion and Mythology” dealt with the evidence of early writers, Maori cosmogony, Maori gods, offerings, priests and rituals—Part II deals with tapu, magic and myths and folk lore. A thoroughly fascinating subject which fittingly completes this interesting series.

STYLE BOOK
GOVERNMENT PRINTING OFFICE
248 p. 1981
$12.50 plus $1.50 p & p
The Style Book is a guide which is addressed to all writers, editors, and public servants who prepare manuscripts for publication by the Government Printing Office. Since 1958 the Style Book has found wide acceptance, both inside and outside the Public Service which is reflected in the number of reprints made since that date. This new edition incorporates the latest amendments based on experience gained since first published. Chapters dealing with the preparation of copy, abbreviations, and compound words have been revised; new material has been added to the chapters dealing with common names of animals and plants, errors in the use of English in official writing, and terms used in printing. The section on metrication has required a new chapter as well as amendments throughout the book.

THE PA MAORI
By Elsdon Best
NATIONAL MUSEUM BULLETIN No. 6
The bulletin contains a wealth of information and descriptions of many Pa sites and structures. Although great advances in archaeology have modified some of the details listed by Best and some of the Pas included in the book no longer exist, the information contained in this bulletin is still an important contribution in this field and is not readily available elsewhere.

THE WHARE KOHANGA AND ITS LORE
By Elsdon Best
NATIONAL MUSEUM BULLETIN No. 13
$5.75 plus 85c p & p
In this study of Whare Kohanga (the "Nest House") is contained data of baptism rites performed over infants of superior
families only, together with other cultural ceremonies applied to infants of high birth. The information obtained was contributed by members of the Ngati-Kahungunu tribe of the North Island. The text has been retained in its original style in the belief that these basic studies should still be readily available without textual alteration.

ROGER DUFF—CANTERBURY MUSEUM BULLETIN No. 1
413 p. 3rd edition, 1977. $17.50 plus $1.50 p & p
This book deals with the most important site yet investigated and in its discussions it traverses most of the New Zealand archaeological field.
A chance discovery in 1939 by a 13-year-old boy revealed the grave of a chief in the gravels of the Wairau boulder bank. The grave, goods, and bones of the ancient chief, prone in his gravel grave, with skull directed towards the setting sun, spoke with more authority regarding his race than the distorted memories of Maori tradition.

FOREST LORE OF THE MAORI
By Elsdon Best
DOMINION MUSEUM BULLETIN No. 14
421 p. 1977. $17.95 plus $1.50 p & p
Printed without textual alteration, the work provides an important basis for any study of old-time Maori economics and perhaps more important of his attitude to what was a major part of his environment. It will be more of general interest today than when first written, since it stresses so fully the uses made by the Maori people of their natural resources, and supplies basic materials for further studies in ethnobotany and ethnozoology. The reverence which the old time Maori showed towards natural resources mirrors the modern concern for ecological principles.
