

There are two major factors which have arisen subsequent to the original textile inquiry carried out by the Commission which I consider relevant to the review. The first is the question of a closer economic relations arrangement with Australia, the effects of which on the textile industry should be taken into account in the review.

The other consideration is the status of apparel in SPARTECA, where it is currently included in the negative list and as such subject to import licensing although free of duty. In considering the place of apparel in the Textile Industry Development Plan, I would like the Commission to consider whether or not apparel should remain on the negative list.

I therefore request that the Industries Development Commission:

1. In terms of the government's acceptance of recommendation 16.29, commence the review of the Textile Industry Development Plan after 1 July 1982, and report to the government with recommendations, if possible, by 31 December 1982, but not later than 31 March 1983.

2. In doing so enquire into and report on:

- (a) the treatment which should be accorded the products under reference within the context of a CER with Australia;
- (b) the position of apparel under SPARTECA.

This review should include all products covered by the Commission's report No. 9—General Principles and Parts A to K inclusive."

(3) The Commission's report No. 9 comprised the following parts:

- Part A—Wool Scouring, Wool Yarns
- Part B—Non-Wool Yarns
- Part C—Fabrics, Knitted and Woven
- Part D—Carpets
- Part E—Apparel
- Part F—Dyeing and Printing
  - Narrow Fabrics
  - Elastics and Labels
- Part G—Fabrics, Bonded and Non-Woven
- Part H—Miscellaneous (Ties and Neckwear, Handkerchiefs, Bed, Table, etc., Linen, Embroidery)
- Part I—Customs Tariff, Section XI, Policies and Procedures, Addenda and Errata
- Part J—Twine and Cordage
- Part K—Bags and Sacks

(4) The Commission invites parties who have an interest in any of the products or matters covered by this inquiry to register that interest in writing with the Commission not later than 7 May 1982. Parties to the original textile inquiry will be regarded as parties to this review and need not confirm their interest.

(5) Registrations should include the following:

- (a) Name and address of party registering interest;
- (b) The goods to which the interest relates;
- (c) Status of interest under one or more of the following classes:

- New Zealand manufacturers of goods under reference;
- Importers;
- Distributors;
- Trade Unions;
- Trade Organisations;
- Other (specify).

(6) The Commission will, as soon as possible, distribute detailed guidelines for submissions and advise the timetable and procedures it intends to follow in undertaking this review.

(7) These procedures will involve the preparation and public distribution of a draft report based on the submissions received in response to the guideline questionnaires. This draft report will then be the subject of a public hearing (probably in November 1982) following which the Commission will prepare its final report.

(8) Attention is also drawn to Industries Development Commission Notice No. 1982/1 which contains guidelines given by the Minister of Trade and Industry for the deferral of products from any Closer Economic Relationship with Australia.

Dated at Wellington this 20th day of April 1982.

Secretary, Industries Development Commission.
