### GOVERNMENT ACCOUNTING IN NEW ZEALAND

This book will be of particular interest to those whose daily occupations bring them into contact with the Government financial system; notably Government officials, journalists, members of Parliament, accountants in business, and the general commercial community, as well as academics and students. The text has, however, also been written with the general reader in mind.

### LIVING LETTERS

STATE SERVICES COMMISSION

36 p. 1980 reprint. \$1.75 plus 55c p & p

One of the aims in letter writing is to get ideas across to the reader clearly and briefly. But do letters always say what is meant? Even if they are clear to the writer, will the reader understand them easily? If you are still using the old clichés of "acknowledging receipt of", "according to our records", and "enclosed please find" it is almost certainly time to change your attitude to writing living letters.

### MAORI AGRICULTURE

By Elsdon Best

NATIONAL MUSEUM BULLETIN No. 9

315 p. 1976. \$13.50 plus \$1.50 p & p

The only comprehensive study of Maori agriculture available, this bulletin adds a further volume to the series of Elsdon Best's works which the Government Printer undertook to reprint preserving the original text and bulletin numbers. I recommend this book and the series as a whole; to collectors, archaeologists, and to those studying the prehistoric economy of the Maori people. (Government Printer.)

### THE MAORI CANOE

By Elsdon Best

NATIONAL MUSEUM BULLETIN No. 7

451 p. 1976. \$17.50 plus \$1.50 p & p

A reprinted edition without textual alterations and retaining the old Dominion Museum number. Another example of Elsdon Best's dedicated effort to preserve Maori culture. The material presented on canoes, their materials, types, methods of construction, and associated artifacts make interesting reading for the layman as well as for scholars of the Maori. (Government Printer.)

### THE MAORI AS HE WAS

By Elsdon Best

295 p. 1974 reprint. \$6.50 plus 85c p & p

Fifty years of public demand since this book was first published resulted in the need for reprints in 1934 and 1952. The text has been reproduced unchanged but the originals of some of the figures could not be traced and these have been replaced with similar illustrations. There have been many advances in our knowledge of Maori life since this book first appeared. The work of numerous ethnologists, and more recently archaeologists, has critically examined many of the earlier concepts, confirming some, disproving others, and altering others to varying degrees. No one has yet produced a synthesis of the results of all this scholarship and there is still nothing as comprehensive as this book of Best's to give a general account of the Maori. This book was first published when Best was 68 and thus represents the accumulated knowledge of a lifetime. It has now become a classic introduction to Maori life. Its continued availability should help the reader to obtain a basic background to old time Maori life which can be extended by further reading.
