(a) Upon the posting of the notice of overdue delivery the selling broker shall become liable to pay his regional exchange a fee of ten dollars.

(b) If delivery has not been made on the Monday following the posting of the notice of overdue delivery, the Chairman of the regional exchange shall buy in against the selling broker, the securities in respect of which such broker has not given notice in succession unless there are circumstances, such as undeliverable benefits, which in the Chairman's view are exceptional.

(c) If the trading session during which the buying-in takes place the Chairman, or his nominee, shall offer to purchase the securities concerned at the following margins above the current market price as established by the Chairman of the regional exchange:

GENERAL PUBLICATIONS

THE GEOLOGY OF NEW ZEALAND

Edited by R. P. Suggate, et al.
820 p. 1978. $92.50 plus $4.80 p & p

This book will be of particular interest to those whose daily occupations bring them into contact with the Government financial system; notably Government officials, journalists, members of Parliament, accountants in business, and the general commercial community, as well as academics and students. The text has, however, also been written with the general reader in mind.

GROWING, SHARING, LEARNING

J. G. Johnson, Chairman
120 p. 1977. $3.95 plus 55c p & p

One of the aims in letter writing is to get ideas across to the reader clearly and briefly. Do letters always say what is meant? Even if they are clear to the writer, will the reader understand them easily? Is the reader still using the old clichés of "acknowledging receipt of", "according to our records", and "enclosed please find"? It is almost certainly time to change your attitude to writing living letters.

LIVING LETTERS

State Services Commission
36 p. 1980 reprint. $1.75 plus 85c p & p

The definitive work on New Zealand geology, this superbly produced 820-page 2-volume set has been written by some 38 specialists, under the editorship of three of New Zealand's most eminent geologists. The Geology of New Zealand is illustrated with over 370 photographs in colour and monochrome, and with more than 200 maps and line diagrams. A comprehensive supplements is included, incorporating all available new information up to the time of printing, together with five indexes.

MAORI AGRICULTURE

By Elsion Best
National Museum Bulletin No. 9
315 p. 1976. $13.50 plus $1.50 p & p

The only comprehensive study of Maori agriculture available, this bulletin adds a further volume to the series of Elsion Best's works which the Government Printer undertook to reprint preserving the original text and bulletin numbers. I recommend this book and the series as a whole to collectors, archaeologists, and to those studying the prehistoric economy of the Maori people. (Government Printer.)
THE MAORI CANOE
By Elsdon Best

NATIONAL MUSEUM BULLETIN NO. 7
451 p. 1976. $17.50 plus $1.50 p & p
A reprinted edition without textual alterations and retaining the original bulletin numbers. Another example of Elsdon Best’s dedicated effort to preserve Maori culture. The material presented on canoes, their materials, types, methods of construction, and associated artifacts make interesting reading for the layman as well as for scholars of the Maori. (Government Printer.)

FOREST LORE OF THE MAORI
By Elsdon Best

DOMINION MUSEUM BULLETIN NO. 14
421 p. 1977. $17.95 plus $1.50 p & p
Printed without textual alteration, the work provides an important basis for any study of old-time Maori economics and perhaps more important of his attitude to what was a major part of his environment. It will be more of general interest today than when first written, since it stresses so fully the uses made by the Maori people of their natural resources, and supplies basic materials for further studies in ethnobotany and ethnozoology. The reverence which the old time Maori showed towards natural resources mirrors the modern concern for ecological principles.

MAORI
By Witi Ihimaera

45 p. 1975. $1.20 plus 40c p & p
A colourful booklet describing the coming of the Maori to New Zealand, his history, heritage, folklore, beliefs, and cultural unity. Each chapter has a quotation from a Maori proverb, phrase, saying, or canoe chant and these concepts are presented in words and pictures.

MOA-HUNTER PERIOD OF MAORI CULTURE
ROGER DUFF—CANTERBURY MUSEUM BULLETIN NO. 1
436 p. 3rd edition, 1977. $17.50 plus $1.50 p & p
This book deals with the most important site yet investigated and in its discussions it traverses most of the New Zealand archaeological field.
