FOREST LORE OF THE MAORI  
By Elsdon Best  
$17.95 plus $1.50 p. and p.

Printed without textual alteration, the work provides an important basis for any study of old-time Maori economics and perhaps more important of his attitude to what was a major part of his environment. It will be more of general interest today than when first written, since it stresses so fully the uses made by the Maori people of their natural resources, and supplies basic materials for further studies in ethnobotany and ethnozoology. The reverence which the old time Maori showed towards natural resources mirrors the modern concern for ecological principles.

GAMES AND PASTIMES OF THE MAORI  
By Elsdon Best  
First published in 1925 this bulletin is one of the most historically important of his attitude to what was a major part of his environment. It will be more of general interest today than when first printed, since it stresses so fully the uses made by the Maori people of their natural resources, and supplies basic materials for further studies in ethnobotany and ethnozoology. The reverence which the old time Maori showed towards natural resources mirrors the modern concern for ecological principles.

LIVING LETTERS  
$1.75 plus 55c p. and p.

One of the aims in letter writing is to get ideas across to the reader clearly and briefly. But do letters always say what is meant? Even if they are clear to the writer, will the reader understand them easily? If you are still using the old cliches of "acknowledging receipt of", "according to our records", and "enclosed please find", it is almost certainly time to change your attitude to writing living letters.
MAORI AGRICULTURE

NATIONAL MUSEUM BULLETIN No. 9  
315 p. 1976.  $13.50 plus $1.50 p & p  
The only comprehensive study of Maori agriculture available, 
this bulletin adds a further volume to the series of Elsdon 
Best's works which the Government Printer undertook to 
reprint preserving the original text and bulletin numbers. I 
recommend this book and the series as a whole; to collectors, 
archaeologists, and to those studying the prehistoric economy

THE MAORI CANOE  
By Elsdon Best  
NATIONAL MUSEUM BULLETIN No. 7  
451 p. 1976.  $17.50 plus $1.50 p & p  
A reprinted edition without textual alterations and retaining 
the old Dominion Museum number. Another example of 
Elsdon Best's dedicated effort to preserve Maori culture. The 
material presented on canoes, their materials, types, methods 
of construction, and associated artifacts make interesting

MOA-HUNTER PERIOD OF MAORI CULTURE  
ROGER DUFF—CANTERBURY MUSEUM BULLETIN No. 1  
436 p. 3rd edition, 1977.  $17.50 plus $1.50 p & p  
This book deals with the most important site yet investigated 
and in its discussions it traverses most of the New Zealand 
archaeological field. A chance discovery in 1939 by a 13-year-old boy revealed 
the grave of a chief in the gravels of the Wairau boulder 
bank. The grave, goods, and bones of the ancient chief, prone 
in his gravel grave, with skull directed towards the setting 
sun, spoke with more authority regarding his race than the 
distorted memories of Maori tradition. Although scholarly and technical, the book sustains 
throughout the drama of this archaeological discovery, and 
recreates from the evidence of bone and stone the life of our 
first Polynesians in the Moa-hunter period of Maori culture.

NATIONAL PARKS OF NEW ZEALAND  
The revision of this popular publication has included numerous 
colour plates and additional information on some of our parks. Because of the popularity of this book it 
is expected this edition will be in great demand. In addition to 
the book being an ideal souvenir for the overseas visitor it 
makes an ideal gift and also a valuable asset to anyone's 
home library.

THE MAORI AS HE WAS  
By Elsdon Best  
295 p. 1974 reprint.  $6.50 plus $1.50 p & p  
Fifty years of public demand since this book was first 
published resulted in the need for reprints in 1934 and 1952. The text has been reproduced unchanged but the originals of some of the figures could not be traced and these have been replaced with similar illustrations. There have been many advances in our knowledge of Maori life since this book first appeared. The work of numerous ethnologists, and more recently archaeologists, has critically examined many of the earlier concepts, confirming some, disproving others, and altering others to varying degrees. No one has yet produced a synthesis of the results of all this scholarship and there is still nothing as comprehensive as this book of Best's to give a general account of the Maori. This book was first published when Best was 68 and thus represents the accumulated know­ledge of a lifetime. It has now become a classic introduction to Maori life. Its continued availability should help the reader to obtain a basic background to old time Maori life which can be extended by further reading.

New Zealand, his history, heritage, folklore, beliefs, and

Section 2—Supplies information on the control of many of New Zealand’s worst weeds.
Section 3—Gives recommendations for the control of weeds in crops, pastures, and other specific areas.
Section 4—Describes the chemicals and summarises their uses.
Section 5—Deals with application of herbicides.
