Decision No. 13/82

BRO. 28/82

Before the Broadcasting Tribunal

IN THE MATTER of the Broadcasting Act 1976, and IN THE MATTER of an application by HAURAKI ENTERPRISES LIMITED, to amend sound radio warrant MF43 (1XA):

B. H. Slane, Chairman; Lionel R. Sceats, Member.

Hearing: Auckland, 26 July 1982.

Counsel: P. J. Dew for the Applicant.

ORAL DECISION

The 26th day of July 1982.

The applicant warrant holder had two conditions imposed on it at the time of the renewal of its warrant which were set out in Decision 11/80, they were—

- (e) The warrant holder shall not substantially depart from the basic format and content of its programmes or the type or extent of services intended to be provided at the time of the grant of the warrant without the prior consent of the Broadcasting Tribunal and subject to any conditions which the Tribunal might impose in the public interest.
- (f) Notwithstanding condition (e) the station may continue to provide the same services and basic format of its programmes as it was providing at the 30th day of June 1980, provided it lodges an application for such variations from its obligations as it considers necessary for the consideration of the Tribunal by 31 October 1980 and until the Tribunal has ruled on such application.

An appeal was subsequently lodged and was finally disposed of by judgment of the High Court on 11 March 1982. (M. No. 402/80.)

The applicant has now applied for the deletion of clause (f) and the substitution of a new clause:

"Notwithstanding condition (e) the station may continue to provide the same services and basic format of its programme as it was providing as at 11 June 1982."

This clause follows the pattern of an application in similar circumstances by Rad'o I Ltd. which was granted by the Tribunal in Decision 5/82. In that case the words "programmes" was used instead of "programme" and the word "warrant holder" rather than "station".

Mr Dew has indicated that he has no objection to his application being slightly amended in those two respects. There is some advantage in there being a consistency of wording.

The Tribunal has heard the evidence of the existing services and programmes provided by Hauraki Enterprises Ltd. in June this year (the time the application was made) and considers it desirable, indeed necessary, that the condition of the warrant be brought up to date. There is no opposition to the application and we do not think it is necessary for the Tribunal to discuss the matter in any detail.

The Tribunal, therefore, grants the application with the amendment of "station" to "warrant holder", and "programme" to "programmes" so that the clause will read—

Notwithstanding condition (e) the warrant holder may continue to provide the same services and basic format of its programmes as it was providing as at 11 June 1982.
