Decision No. 10/83
Bro. 19/83

Before the Broadcasting Tribunal

In the matter of the Broadcasting Act 1976; and in the matter of an application by NORTHERN TELEVISION LIMITED, to the Tribunal to make rules or issue directions pursuant to Regulation 7 of the Broadcasting Regulations 1977, and/or Rules 3.2 and 3.3 of the Procedural Rules relating to warrants:

Lionel R. Sceats, Acting Chairman; Ann E. Wilson, Member.

Counsel: Mr B. B. Latimour for applicant; Mr E. W. Thomas for CTV Television Ltd.

Decision

We have considered this matter. The applicant submitted the information in a document which became a public document as from 29 June 1983.

The financial situation is fundamental to the application and may affect the support or objections made by members of the public. It is a consequence of applying for a warrant that the applicant’s financial situation becomes subject to public scrutiny. Once the material has been supplied the Tribunal considers it has no power to either accept it solely for the Tribunal or to order confidentiality. The Tribunal has considered counsel’s proposals that the financial information relating to Northern Television be supplied by way of evidence rather than in the application, but as the material has already been lodged with the Registrar the Tribunal feels this course cannot be adopted.

The Tribunal intends to make the material available in its entirety.

Dated at Wellington this 7th day of July 1983.

L. R. SCEATS, Acting Chairman.

Decision No. 27/82
Bro. 22/82

Before the Broadcasting Tribunal

In the matter of the Broadcasting Act 1976; and in the matter of an application by THE NEW ZEALAND PUBLIC SERVICE ASSOCIATION that the Broadcasting Corporation of New Zealand is in breach of section 82 (1) of the Act:

Chairman: B. H. Slane, Member; Lionel R. Sceats, Member; Ann E. Wilson, Co-opted Member; Gordon C. Eil, Co-opted Member; Brian W. Stephenson.

Counsel: P. J. Bartlett for New Zealand Public Service Association; B. Hudson for Broadcasting Corporation.

Oral Procedural Ruling

The Sixteenth day of December 1982

The Tribunal has decided that it will proceed but that a notice will be given to the BCNZ specifying the allegations based on the information and statements made by the Public Service Association in their original correspondence with the Tribunal. The Corporation is already in substance aware of the allegations made because of the correspondence, based on the allegation by the Public Service Association, that the corporation has permitted Northern Television to obtain the benefit of the advertising in the contracted time.

So a formal notice will be sent with adequate notice of the date of the hearing. The Tribunal will be happy to suggest submissions be made to the Registrar as to a suitable date.

The Tribunal does not accept the submission made by Mr Hudson that the bona fides of the Public Service Association should be inquired into before the matter is dealt with or that it should form part of the inquiry by the Tribunal. We consider that the Public
Service Association should be entitled to remain as party to the proceedings and consider that the Broadcasting Corporation is entitled to be faced by its accusers.

In the first instance the Tribunal will make an order in appropriate terms under section 4c(3) of the Commission of Inquiries Act for the production of the contract to the Tribunal. It will then decide, after considering any submissions by the corporation, what parts or if all the contract should be made available to named persons and whether any order for confidentiality should be made at the same time. The question of whether any order will be made under the same section as requested in relation to any directions and audited statements will be considered when the contract has been produced to the Tribunal. The television warrants and the authorisation are part of the record of the Tribunal and no order has to be made for them to be produced.

The Tribunal considers that the company, Northern Television Limited, should be notified as a person likely to be affected as should the credited producers of the programme for Northern Television. In that respect we request the Corporation or Northern Television Limited to produce information as to the names and addresses of the producer or producers. B. H. SLANE, Chairman. NIL

Decision No. 1071
Reference No. Ind. 31/82

**Before the Indecent Publications Tribunal**

In the matter of the Indecent Publications Act 1963, and in the matter of an application by the Controller of Customs for a decision in respect of the following publications: *Men Loving Themselves*, published by Down There Press, Burlingame, California:

Judge W. M. Willis (Chairman).

Decision: 5 July 1983.

**DECISION**

A single copy of the above publication was seized at Auckland in July 1982 by the Customs Department. As the importer has disputed forfeiture the Department has referred the publication to the Tribunal.

The photographs we would have had no difficulty in classifying this publication as not indecent. However, there is a little doubt that the subject-matter of this publication concerns an important aspect of a group of people whose sexual orientation is homosexual. In the past myths as to the results of the practice have abounded. In keeping with knowledge based on hearsay, old wives tales and little factual information, it is not unknown for guilt complexes, frustrations, and sexual hang-ups to be magnified out of all proportion in the minds of those who cannot come to terms with their physical and sexual needs.

Mr Morin's text deals sensibly with what one might call a liberal view of the issues involved. Had it not been for the presence of the photographs we would have had no difficulty in classifying this publication as not indecent.

The pictures however give us cause to hesitate. We feel there is a little room for a subjective interpretation to be made in respect of the photographs. We think it is fair to say that the author has himself acknowledged the difficulty and the need for subtlety by stating, at page 99, that an alternative publication will be available from Down There Press late in 1981. This book will contain no sexually explicit photographs. It will be particularly useful in education, therapeutic and other settings where explicit photographs may be considered inappropriate or too anxiety-provoking.

The photographic section of the book runs from page 5 to page 88 inclusive. It can be seen that this is the substantive part of its contents. There are 2 points that follow from that observation. The first is that we find the dominant purpose of the book is to discuss sexual issues that arise out of male masturbation. However the dominant effect of the presentation of the material, is that by far the greatest part of the book is taken up with the photographic presentation of male persons depicted in the act of masturbation.

We think that the major segment of the book is therefore capable of corruption and of appealing to the prurient and salacious in the community. We very much doubt if the book would be bought for its text alone.

In its other respects we think the book is unimpeachable, and we are relatively sure that if the other publication (sans pictures) was brought before us, we would have little hesitation in ruling it not indecent. Nevertheless on a balance, because of the bulk of the content of this publication, we feel that it is capable of doing more damage than benefit to the community and so we rule it conditionally indecent.

District Court Judge W. M. WILLIS, Chairman.

NOTES

1. Statement of Accounting Policies—Except for the change outlined in (b) below, the particular accounting policies adopted by the Bank which significantly affect the measurement and the reporting of its results and financial position on an historical cost basis, modified by the revaluation of land, have been consistently applied during the year.

They are as follows:

(a) Foreign Currency Conversions—Overseas assets and liabilities at balance date are converted to New Zealand currency using appropriate exchange rates ruling at that date.

(b) Investments—The value of New Zealand investments has this year been assessed on the basis of the buying price to the Bank on balance date whereas in earlier years investments were valued at the lower of cost or market value (market value being determined by the Bank's selling price).

The effect of the foregoing has resulted in $14 million relating to previous years being written off the value of New Zealand investments and charged against profits in the current year.

(c) Exchange Rate Fluctuations—The profit or loss arising from appreciation or depreciation of the Bank's overseas assets and liabilities (including contracts for the future purchase and sale of overseas currency) due to movements in basic exchange rates is settled with Treasury in terms of section 26 of the Reserve Bank of New Zealand Act 1964. The loss in respect of the year ended 31 March 1983 subject to such settlement was $517.8 million (1982 $252.8 million).

(d) Fixed Assets and Depreciation—Land held at Christchurch and Wellington is valued in the Bank's books at the July 1979 Government valuation. The Bank's buildings at Auckland, Wellington and Christchurch, along with other fixed assets, are written off over their estimated economic lives on a straight-line basis as follows:

- Buildings: 1 percent per annum
- Other fixed assets: 20 percent per annum

(e) Gold—Gold is valued in the accounts at cost (market value $14.2 million, 1982 $9.5 million).

2. Contingent Liabilities—

(a) In respect of an investment of 250,000 one pound sterling shares in the Commonwealth Development Finance Company Ltd., of which 50p per share is uncalled (New Zealand equivalent $282,000, 1982 $290,000).

(b) In respect of Exchange Contracts entered into for the future purchase and sale of overseas currency, if this is less than $500,000. (The risk on these contracts is covered by the indemnity described in Note I (c). In terms of that indemnity the Bank receives compensation only if its net losses for the year exceed $500,000.)

3. Capital Commitment—A tender for $3.6 million has been accepted for the completion of Stage III of the new Auckland Building.
