

3. Operations in premises used in the keeping of poultry declared to be exempt operations—Operations carried out in or adjacent to any building or structure used in the keeping and care of poultry for pecuniary gain are hereby declared to be not practicable for a tractor fitted with an approved safety frame.

Dated at Wellington this 3rd day of October 1983.

JIM BOLGER, Minister of Labour.

EXPLANATORY NOTE

This note is not part of the notice, but is intended to indicate its general effect.

This notice, which comes into force on the day after the date of its notification in the *Gazette*, declares operations carried on in or adjacent to any building or structure used in the keeping and care of poultry for pecuniary gain to be not practicable for a tractor fitted with an approved safety frame. This means that such operations are "exempt operations" within the meaning of section 21B of the Machinery Act 1950. The principal effect of the notice is that the use of a tractor in the course of those operations does not give rise to an offence against that section.
