GENERAL PUBLICATIONS

LIVING LETTERS

STATE SERVICES COMMISSION

36 p. 1980 reprint. \$1.75 plus 55c p & p One of the aims in letter writing is to get ideas across to the reader clearly and briefly. But do letters always say what is meant? Even if they are clear to the writer, will the reader understand them easily? If you are still using the old cliches of "acknowledging receipt of", "according to our records", and "enclosed please find" it is almost certainly time to change your attitude to writing Living Letters.

TREES AND SHRUBS OF NEW ZEALAND

By A. L. Poole and Nancy M. Adams 275 p. 1979 fourth impression with amendments.

\$15.95 plus \$1.50 p & p

This book has been designed especially to assist many people who lack a formal botanical training yet are deeply interested in New Zealand's trees and shrubs and want to be able to identify them and name them correctly. There is a complete coverage of the native trees and shrubs and over 400 species have been illustrated.

5BX PLAN

ROYAL CANADIAN AIR FORCE

32 pp. 1981. Third Edition. \$1.75 plus 55c p & p The five basic exercises (5BX) Plan is designed to show how to develop and hold a high level of physical fitness. The scheme is not dependent on elaborate facilities or equipment. The exercises require only eleven minutes a day and can be done in the house or office. The Plan is scientifically designed to develop personal fitness at a rate set by youself, to your required level, without getting stiff or sore muscles. It is self measuring with charts for age groupings, along with graduated standards for checking progress. The programmes are designed for varying age groups of males.
