Decision No. 1062

Reference No. Ind. 5/83

Before the Indecent Publications Tribunal

In the matter of an application by the Comptroller of Customs for a decision in respect of the following publications: Mayfair,
In the matter of the Indecent Publications Act 1963, and in the matter of an application by the Comptroller of Customs for a decision in respect of the following publications: The Love of Two Women, published by Eurasia Distributors, 1979, 100 years of Erotica, published by Bell Publishing Co., New York, 1981.

Judge: W. M. Willis (Chairman).

Messrs: J. V. B. McLinden, I. W. Malcolm.

Decision: 7 April 1983.

Appearances: Mr J. M. McNeice for Comptroller of Customs. No appearance of Importer, Waverley International Limited.

**DECISION**

We are informed by Mr J. M. McNeice, on behalf of the Comptroller of Customs, that the 2 publications, as listed above, were imported through parcels post and were seized in September 1982. These books are submitted to the Tribunal by the Comptroller of Customs, pursuant to the provisions of section 14 of the Indecent Publications Act 1963, with the recommendation that both publications be considered as indecent.

The Love of Two Women, by Peter Barry, is an outsize book containing 91 pages of coloured photographs, with no text whatsoever. The content of the book relies on a series of clear, well-posed photographs, depicting various sexual acts and erotic situations. The Tribunal agrees with the submission of the Comptroller, and therefore classifies the publication as indecent.

100 Years of Erotica, an International Portfolio of Erotic Photography from 1845–1945, by Paul Aratow, this edition published in 1981, and consisting of 115 pages, is a book which has both text and sepia coloured photographs depicting various sexual acts and erotic situations. The Tribunal was in some doubt as to the authenticity of the publication, and the Comptroller seems to have the same problem for Mr McNeice writes in his submission that “100 years of Erotica purports to be a collection of historic and artistic erotic photographs.” For the record, it should be noted that the first edition of this book is listed on page 598 of Volume 1 of the 1974 copy of the National Union Catalog, published by the Library of Congress, Washington.

The book contains many frank and explicit photographs, many showing the actual sexual act, and while the Tribunal has considerable sympathy with the Comptroller’s recommendation that the book should be declared indecent, it nevertheless feels instead inclined to place an age restriction, rather than to rule this type of photographic material indecent in the hands of adult readers. Therefore, we classify this publication as indecent in the hands of persons under the age of 18 years.

**In the matter of the Indecent Publications Act 1963, and in the matter of an application by the Comptroller of Customs for a decision in respect of the following publication: The Beat, published anonymously.**

Judge: W. M. Willis (Chairman).

Messrs: J. V. B. McLinden, I. W. Malcolm.

Hearing: 16 March 1983.

Decision: 7 April 1983.

Appearances: Mr Hillman for Comptroller, Mr M. J. Ready for Importer, A. Louis.

**DECISION**

This is a single copy of a private importation seized in Wellington in September 1982. Forfeiture has been disputed by the importer so that the matter has been referred to the Tribunal for classification.

The Beat is a catalogue complete with price list and order form for The Beat Book Shop defined as a “one stop gay shop”. The publication consists of drawings and photographs with male genitalia in many cases in restrained devices. Advertisements show males engaged in homosexual activity. It was suggested by Mr Ready, who appeared for the importer, that such devices were not illegal in New Zealand and could easily be manufactured and distributed here. Properly used they posed no danger. That may well be the case but the Tribunal is of the view that a catalogue showing such devices might lead some members of the community to obtain the device and use them improperly with the risk of severe injury. There is quite clearly a homosexual flavour to the publication which, in our view, makes it indecent. We are not impressed with the argument that some novels or films have a basis of homosexuality. The treatment of homosexuality in a serious manner might well be classified as not indecent or with a restriction of some kind. We have in mind The Naked Civil Servant. There is no such serious treatment in this publication which is classified as indecent.

**In the matter of the Indecent Publications Act 1963, and in the matter of an application by the Comptroller of Customs for a decision in respect of the following publication: Joys of Fantasy by Siv Cedering Fox, published by Stein and Day, New York.**

Judge: W. M. Willis (Chairman).

Messrs: J. V. B. McLinden, I. W. Malcolm.

Hearing: 15 September 1982.

Decision: 7 April 1983.

Appearances: Mr J. M. McNeice for Comptroller of Customs. Written submissions by Importer C. G. Wright.

**DECISION**

This publication was imported privately through parcel post and was seized in Dunedin in July 1982. The importer disputes forfeiture so that it has been referred to the Tribunal for classification. Joys of Fantasy is a paperback illustrated publication with supporting text. It has an extensive photographic section plus illustrations of sexual activity of various kinds. The text, as the title would indicate, deals with sexual fantasies. It was the submission of the Comptroller that because of its contents the books might be considered as indecent. Mr Wright, in his written submissions mentioned that for 10 years he had been engaged in marriage counselling. He related that while on study leave he had bought this particular publication from which he sold a very ordinary and reputable London book store. It was his view the book might be of assistance in counselling sexually inhibited couples. In his view it is not to be regarded as indecent in the right hands. The Tribunal
is in any event mindful of the fact that fantasising is of help to some. This was a consideration when *Forum* was under review in Decision 877. In that case evidence from psychiatrists had been called to support this view. There remains in the minds of the Tribunal a grave doubt whether this particular publication is a suitable vehicle to assist in marriage guidance counselling. There have been a number of publications submitted in the past and we would consider some of them as more suitable (For example, *Sexual Adventures in Marriage*, Decision 988). Some of the photographs are more explicit than one would expect in a book of this nature and there are illustrations of troilism which once again we would not consider as being helpful in the counselling situation. The texts do not appear appropriate for the purposes to which Mr. Wright wishes to put them. We are left with the distinct impression that the publication lacks honesty of purpose and is repulsive to the public good. It has some appeal for the prurient. In all circumstances it is classified indecent.

Reference No. Bro. 12/83

Before the Broadcasting Tribunal

In the matter of the Broadcasting Act 1976, and in the matter of an application by Broadcasting Corporation of New Zealand to amend warrants for TV2 (hours of transmission): Messrs B. H. Slane (Chairman), L. R. Sceats.

Hearing: Auckland, 30 March 1983.

Counsel: Mr J. B. Thomson for Applicant.

Amendments Applied for: An amendment to the following terms of the warrants, viz:

- Hours of transmission: Monday–Friday 1430–2400
- Hours during which advertising permitted: Monday–Friday 1430–2400
- Hours of transmission Monday–Sunday 1200–2400
- Hours during which advertising permitted: Monday–Friday 1200–2400
- Hours during which Saturday–Sunday hours 1200–2400

The effect of the amendments if granted will be to enable Network Two, Television New Zealand, to extend the hours of transmission.

**ORAL DECISION**

The application fairly sets out the purpose of the application. The evidence of Mr Monaghan has given us the programme justification for the extension of hours. There have been no objections or alternative programmes to the serials available on Television I. It has some listener support for the extension of hours. There have been no objections or other considerations to the serials available on Television I.

Mr B. J. Paterson, a longstanding Board member, said as a company which has control over companies which publish newspapers. He is interested in the possibility of a company which has control over newspapers.

Mr R. B. Waddington, directly and indirectly, has a shareholding of a little under 21 percent and wishes to sell his shares at 85 cents per share. This was a consideration when the new clause was substituted.

It is an application for consent to be given to this particular transaction. It is an application for consent to be given to this particular transaction. It is an application for consent to the acquisition of shares by Independent Newspapers Limited (I.N.L.) which itself may not have been by the former definition a news company since it did not directly publish newspapers but rather owned subsidiary companies which did.

Relying on that interpretation of a similar clause Independent Newspapers Ltd. has already purchased shares in Capital City Radio Ltd. the warrant holder for *Radio Windy* which it could not have done if it was itself a newspaper publisher. The Tribunal makes no comment on that transaction. It will no doubt come to be considered at a later date.

The company has now made the present application which was contemplated when the new clause was substituted. It is an application to amend the warrant. It is an application for consent to be given to this particular transaction.

The application is necessary because I.P.L. (a wholly owned subsidiary of I.N.L.) owns 30 percent of the capital. Both companies are news companies within the new definition set out in the amended Condition 5 of the warrant—[I.P.L. as publisher of the *Waikato Times* and I.N.L. (the proposed purchaser of shares) as a company which has control over companies which publish newspapers.

Mr R. B. Waddington, directly and indirectly, has a shareholding of a little under 21 percent and wishes to sell his shares at 85 cents per share.

Mr Paterson said he had never heard of any direction or attempted direction or exercise of control by I.N.L., over either the Board of I.B.C. or the shareholding of I.B.C. It had never endeavoured to exercise a measure of control.

Mr J. H. D. Wickham was originally appointed a director of I.B.C. by I.P.L. before I.P.L. had been acquired by I.N.L. It was, and is, the publisher of the *Waikato Times* newspaper. He remains a director. Mr J. M. Robson, Group General Manager of I.N.L. had more recently attempted direction or exercise of control by I.N.L. over the shares who had an interest in or were connected with I.N.L. or I.P.L. Although under an unofficial non-legal agreement I.P.L. had the right to appoint 2 directors, they failed to replace a former "nominee" when he retired and the existing directors chose Mr G. P. McElwee to fill the vacancy. Mr McElwee has no connection directly or indirectly with I.N.L. and did not receive instructions or directions from either of those companies.

Mr Paterson said the news service of *Radio Waikato* was controlled by a news editor and there had not been any attempt by I.N.L. or I.P.L. or any of their subsidiaries to influence or direct the content of the news service and editorial independence had

**REASONS FOR DECISION**

**INDEPENDENT BROADCASTING COMPANY LIMITED (IBC) holds the sound-radio warrant for *Radio Waikato* (1XW).**

When the warrant was granted by the New Zealand Broadcasting Authority a condition was imposed:

The total shareholding by a news company as defined by the *News Media Ownership Act 1965,* whether as beneficial owner or otherwise and whether by one or more such news companies in Independent Broadcasting Company Limited shall not exceed 30 percent of the authorised capital of the company.

It is accepted that the reference ought to have been to the issued capital.

The original percentage permitted by the Broadcasting Authority was 35 percent. In an appeal to the Administrative Division of the Supreme Court, a full court (Wild, C. J. and Speight, J.) changed the figure to 30 percent (Supreme Court, unreported, 29 July 1982). An application was made to this Tribunal by the warrant holder in 1977 for a substitution of 45 percent for 30 percent to enable the acquisition of shares totalling 14.5 percent of the capital of the company from existing shareholders by Independent Publishers Ltd. (I.P.L.) which already held 30 percent of the issued capital.

In a decision dated 6 October 1977 (Decision No. 3/77) the Broadcasting Tribunal declined to grant the application for the amendment of the warrant but amended the clause to make it clear that the reference was to the issued capital of the company and not to the authorised capital.

The shares were taken up by Waikato shareholders of the warrant holder.

On 2 February 1983 the Broadcasting Tribunal granted an amendment sought by the warrant holder to substitute a new and fully explicit clause which had the effect of strengthening the provision but did not alter the percentage of issued capital. It also provided that the restriction was to apply "Except with the prior written consent of the Tribunal." The new clause covered the situation of a company such as Independent Newspapers Ltd. (I.N.L.) which itself may not have been by the former definition a news company since it did not directly publish newspapers but rather owned subsidiary companies which did.

Waikato Times News Media Ownership Act 1965, whether as beneficial owner or otherwise and whether by one or more such news companies in Independent Broadcasting Company Limited shall not exceed 30 percent of the authorised capital of the company.

It has also considered the objections from Mr B. N. Meltzer who presented submissions on behalf of himself and 5 others because of its tendency to create a monopoly.

The submission emphasised the competition which it said should occur. He did not see the danger in the use of local bias when controlled by a national concern and the possibility of Radio Waikato losing its relatively independent status in news content, advertising and music content.

The submission said that I.N.L. would possess the resources to engage in price cutting with which smaller radio stations could not compete. This would be relevant when applications are made by smaller groups wishing to enter the market and obtain FM broadcasting licences.

The Tribunal on balance does not consider that it should place prime importance on the economic competition which to some extent is regulated by the balance of power in the radio industry on this occasion who objected on the grounds of a dominance by I.N.L.

The Tribunal has therefore given the most consideration to the protection of the independence of the news and current affairs programmes of Radio Waikato and the strengthening of the warrant holder.

The Tribunal must be concerned that the increased shareholding would give control of I.B.C. to the I.N.L. group which would enable the appointment of its directors and thus the control of the content of the station and the employment of persons. However, it did consider that if satisfactory arrangements could be made for the independence of the news operation, which might well require greater independence of the editor than would normally be contemplated by a board of directors, the Tribunal would be prepared to grant the specific consent. (In considering news it regarded the current affairs programming as part of the news operation.)

The Tribunal has been influenced by I.B.C.’s leaving the station in the hands of local directors. If that position is maintained and the independence of the news and current affairs programmes guaranteed then the ownership control could be relaxed in respect of this shareholder on conditions.

The Tribunal therefore made the following statement after retaining to consider its decision:

"The Tribunal is not satisfied on the evidence that the consent in the form sought should be granted, and we would in the normal course give our reasons later.

"The Tribunal would be prepared to consider consent in terms of the warrant condition if—

1. The warrant holders, I.P.L. and I.N.L., entered into a formal arrangement to maintain the independence of Radio Waikato’s news gathering and presentation and the independence of the editor of Radio Waikato.

2. Such an arrangement were effected in a way that would ensure any breach would be a breach of the condition of the warrant.

The consent, we should say, if granted, would in no way imply any endorsement of any application made for a FM warrant by any company.

We are, as I have said, aware of the time constraints about acquisition of shares and trust that what we have said may be sufficient to satisfy any contractual arrangements with Mr Waddington. It may be possible for some deed to be entered into in respect of which an undertaking for its enforcement would be given and incorporated as a condition of the warrant.

"If an immediate consent is required for contractual reasons I have mentioned, the Tribunal would be prepared to grant it on the undertaking of counsel or of I.N.L. itself to divest itself of the shares it acquires from Mr Waddington if the matters mentioned above were not completed to the satisfaction of the Tribunal within 3 months or such other time as may be approved by the Tribunal."

After receiving instructions, Mr Maclaren made the following statement:

"I.N.L. is prepared to enter into arrangements as to the independence of news, current affairs and the News Editor of I.B.C. Secondly that I.N.L. undertakes to divest itself of the shares acquired from Mr Waddington if the aforementioned arrangements required by the Tribunal are not effected within 3 months or such other time as the Tribunal may approve."

The Tribunal then said that on the basis of the undertakings given by Mr Maclaren consent would be granted.

The Tribunal indicated it would give its reasons for the decision in writing.

The Tribunal has not laid down the methods which should be used to attain the end nor set about, at this stage, defining the independence it referred to. Rather it considers it appropriate for the warrant holder, I.N.L. and possibly its own executive staff to consider what might be placed before the Tribunal for
consideration. Such a consideration may involve an application for amendment to the warrant to ensure that any breach of the arrangements entered into constitutes a breach of a condition of the warrant.

Leave is given to the applicant to apply for further directions. It is appropriate here to refer to the procedure adopted by the warrant holder, namely—to apply to amend the warrant to provide a more comprehensive clause as to news media ownership and then to apply for specific consent for a particular transaction. While this may limit immediate rights of appeal, it enables specific consents to be given without the need for an application to amend the warrant. It also enables the application to be made by the party seeking to acquire the shareholding. The warrant holders would be heard by the Tribunal but the application may in some cases more conveniently be made by another party.

It is a proper procedure to follow. It is to be contrasted with the alternative of news media organisations acquiring shares in breach of the spirit of the clause through holding companies or subsidiaries who do not actually publish or broadcast. Other private warrant holders may wish to consider bringing their warrants into line with Radio Avon and Radio Waikato either by direct application or by consenting to an amendment made on the motion of the Tribunal.

Dated the 8th day of March 1983.
Signed for the Tribunal.

INTERIM DECISION

The Broadcasting Corporation of New Zealand has applied to amend the warrant for an Auckland commercial station, IZM to delete the condition:

"Whether advertising programmes may be broadcast:"

Yes.

And the substitution of the following condition:

"Whether advertising programmes may be broadcast:

Yes, but limited to sponsorship."

The application was made to comply with a direction given to the Corporation by the Minister of Broadcasting pursuant to section 20, Broadcasting Act 1976 in writing on 14 April 1982; A copy of that direction is appended to this decision.

After its attention was drawn to the fact that the form of the application did not follow the form of the direction, Mr Nicholson was given leave to amend the application to read:

"Yes, but restricted to limited sponsorship."

In so far as it relates to the present application, the direction of the Minister stated that the Government had considered the recommendations of the Broadcasting Tribunal in its reports on FM Broadcasting to the effect that the Broadcasting Corporation of New Zealand should apply to amend the warrants I2Z, 2ZM, and 3ZM to be non-commercial (with rights to limited sponsorship) upon the introduction of commercial FM broadcasting in their respective cities. It gave notice that the Government accepted, as part of its general policy in relation to broadcasting, the opinion expressed by the Tribunal to the extent that that opinion related to Auckland—namely, that, without the withdrawal of IZM from the metropolitan market, it would not be possible adequately to develop popular FM broadcasting on an economic basis.

The Minister then went on to notify the Corporation that it was part of the general policy of the Government in relation to broadcasting that popular FM broadcasting should be developed in Auckland on an economic basis.

In pursuance of that general policy the Minister directed the Corporation to delay with delay for the commencement of the introduction of commercial FM broadcasting in Auckland beginning broadcasting...

As the direction specifically refers back to the Tribunal's Report on FM Broadcasting presented to the Minister of Broadcasting on 31 August 1981 it is apparent that set out here for reference those parts of section 6 of the report referred to in submissions or identified by the ministerial direction or associated with those paragraphs.

6.18 Essential to our proposal is the change in the role of the ZM stations. We propose that they withdraw as a commercial station from Auckland begins broadcasting...

6.22 Rather than these stations continue to operate unprofitably causing a drain on the Corporation's resources and extracting... in some cases more conveniently be made by another party.

6.26 Despite changes and improvements the Tribunal considers that the loss of the ZM stations will not be more than made up by the advert of a FM station in the same area.

6.39 The Tribunal recommends that stations I2Z, 2ZM, and 3ZM cease commercial operations upon the commencement of broadcasting of the 106.0 MHz FM station in the Auckland area. The BCNZ should apply to amend the warrants to be non-commercial but with rights to limited sponsorship. Without the withdrawal of the ZM stations from the metropolitan markets, it would not be possible adequately to develop popular FM broadcasting on an economic basis.

6.40 Some provision should be made to permit limited sponsorship of programmes or time zones on some non-commercial stations. This could apply not only to the ZM stations in a new role but also to some non-profit making community based FM stations.

6.62(9) The BCNZ should apply to amend the warrants I2Z, 2ZM, and 3ZM to be non-commercial (with rights to limited sponsorship) upon the introduction of commercial FM broadcasting in their respective cities.

Evidence was given for the applicant by Mr R. K. Wilkinson, by Mr D. S. R. Lowe for Radio Pacific Ltd., Mr C. J. Butcher for Radio 1 Ltd., Mr J. A. McCready for Hauraki Enterprises Ltd., and Mr A. J. Rutledge for Stereo FM Ltd.

For the Corporation, Mr Nicholson submitted that the correct definition for sponsorship would be "broadcast of programmes for which payment has been made by a business firm or person and which introduce advertisements or a commercial product." He submitted that the references to limited sponsorship were words used to show the intention that the limitation should not be so restrictive as to remove the role of the commercial station from 1ZM. He said the operative words were:

"...so that the station shall cease to be a commercial station (except for rights to limited sponsorship)...."

He said that the words "except for" clearly indicated the intention that some of the advertising role of the commercial station be retained. A commercial station is defined by section 2 of the Act as "a broadcasting station from which advertising programmes are broadcast."

Advertising programmes are defined in Section 2:

"Advertising programme means a programme or part of a programme intended to promote the interests of any person, or to promote any product or service for the commercial advantage of any person, and for which, in either case, payment is made whether in money or otherwise."

Mr Nicholson submitted that the limits of sponsorship should not be restricted to advertising programmes for commercial purposes as defined in the Act. He suggested that the limitation should be a time limit. Radio New Zealand's director of sales and marketing, Mr Wilkinson, suggested in evidence a maximum of 6 minutes per hour.

Although the applicant has based the application on the direction of the Minister, it did not adopt the nomenclature of the Minister in the application. It was the Government's decision to amend the application. It is apparent that set out here for reference... the most convenient clause as to news media ownership and then to apply for specific consent for a particular transaction. While this may limit immediate rights of appeal, it enables specific consents to be given without the need for an application to amend the warrant. It also enables the application to be made by the party seeking to acquire the shareholding. The warrant holders would be heard by the Tribunal but the application may in some cases more conveniently be made by another party.

Evidence was given for the applicant by Mr R. K. Wilkinson, by Mr D. S. R. Lowe for Radio Pacific Ltd., Mr C. J. Butcher for Radio 1 Ltd., Mr J. A. McCready for Hauraki Enterprises Ltd., and Mr A. J. Rutledge for Stereo FM Ltd.

Evidence was given for the applicant by Mr R. K. Wilkinson, by Mr D. S. R. Lowe for Radio Pacific Ltd., Mr C. J. Butcher for Radio 1 Ltd., Mr J. A. McCready for Hauraki Enterprises Ltd., and Mr A. J. Rutledge for Stereo FM Ltd.
It was also accepted by Mr Nicholson that some definition should be included in the decision of the Tribunal and endorsed on the warrant so that there would be no doubt about the meaning of the condition.

With the exception of Stereo FM Ltd, the other parties supported the application but they did not support the proposed definition of limited sponsorship. The Corporation, however, supported the definition of limited sponsorship as "a maximum of 6 minutes of advertising per hour during hours normally allowed for radio advertising and subject to the rules".

Mr Wilkinson said it was anticipated that 1ZM would provide a mixture of brief client mentions plus spot advertising. (The station normally concentrated on spot sales.) It was intended the station would continue to serve the same audience. Its targets would remain a 15-30-year-old age group where it attracted a substantial audience.

Mr Wilkinson said the Government required the Corporation to cover the cost of its operations for advertising revenue as far as possible and the proposal would enable the Corporation to meet that objective.

It appeared therefore that the Corporation proposed to limit its advertising to such an extent that it would be as much as possible to continue as a commercial station but with a restriction on advertising. Mr Wilkinson admitted it was not a proposal to change the character of the station to non-commercial (with the exception of some advertising). He said it would be a commercial station with limited advertising.

Mr Wilkinson said the maximum of 6 minutes was one-third of the normal maximum for a commercial warrant and only 50 percent of the current self-imposed limit for 1ZM.

The Tribunal has regard to the provisions of section 80 of the Act where applicable and sets out in detail later its consideration under those headings. Under section 80 (o) the Tribunal must also have regard to the policy of the Government under which a frequency modulation broadcasting service is to be developed as an integral part of sound-radio broadcasting in New Zealand (Regulation 15A Broadcasting Regulations 1971 as inserted by Amendment No. 5, R. 1981/29).

It has also had regard to the general policy of the Government in relation to broadcasting to which it is required to have regard under section 68. This is partly contained in the ministerial directions which were given to the parties and were included in the submissions and evidence of parties to the hearing. Mr Nicholson did not deal with the merits of these proposals but suggested that the Australian situation was different, the legislation different and therefore their approach to permitting some revenue for a non-commercial station for sponsorship was not applicable.

The Tribunal however considers that the type of approach adopted in Australia is useful in the context of the ministerial direction which is to change the character of the station to non-commercial. The Tribunal has taken into account as far as each is applicable, the provisions of section 80 Broadcasting Act 1976.

The desirability of the amendment lies essentially in the need to develop FM broadcasting. That has been done by the introduction of 2 FM stations. Without the withdrawal of 1ZM from the commercial market the successful development of commercial FM broadcasting in this way would be prejudiced. But it goes beyond the removal of a commercial station from competing for revenue in the market which has to absorb 2 more commercial stations.

With 2 more popular music stations established in the FM band, it provides an unprecedented opportunity for Radio New Zealand to use the station as part of public broadcasting in New Zealand free from commercial constraints. As the station will have limited it to the tight format of a popular music station directed to the interests of a specific age group. It is clear from the pattern elsewhere in New Zealand, that where strong competition occurs, the Corporation is, as with other commercial stations, more innovative and more reliant on tried and true formulae for securing the highest possible ratings. This leads to a mass programming approach which tends to eliminate that which may produce a turn off factor.

In the young music market, for instance, it would be an opportunity to give exposure to New Zealand music which is not perhaps immediately appealing but which may gather support if it is given sufficient exposure. Innovative programming techniques, alternative rock music and the introduction of a service to the young Polynesian population, as well as the possibility of access programmes are only some of the options aired in the hearing before the Tribunal.

As soon as the Corporation realises it can be less ratings conscious with this station, so we believe opportunities for public broadcasting will be manifest. We cannot believe that the Corporation will adhere to its present intention to run this station exactly as before but with limited commercial content.

The Tribunal has also to have regard to the economic effects the proposed amendment will have in respect of broadcasting stations already in operation. The effect would be marked if the Corporation's definition were to apply. While Mr Wilkinson indicated that the station might have been expected to earn more than a million dollars and would only, with the restriction he proposed, earn less than half of that, it would still have a significant effect on existing stations (or, incidentally, the new FM stations). The revenue available will be less dependent on ratings.

It is clear from the direction, the Minister does not expect the station to pay for itself, let alone produce a profit, as he directed before the Tribunal. As stated, the Tribunal considers either wording could be used and would have the same effect on what is broadcast:

"Yes, but restricted to limited sponsorship"; or

"No, except for limited sponsorship."

But the difference is important in relation to the interpretation of the direction, the real nature of the application and the future character of the station.

It is clear that the reason the application is being made is to facilitate the imposition of commercial FM broadcasting in Auckland. We do not need to refer again in detail to the statements made by the Tribunal in the grant of those warrants.

Reference to the directions withdrawn from the commercial market, ceasing commercial operations and the change of the station to non-commercial indicate Government policy in a far stronger light than the interpretation Mr Wilkinson has chosen on behalf of the Corporation.

The definition he proposed was clearly in conflict with the application.

The direction was that the station should cease to be commercial. It is clear that the direction does not refer to a limitation of the amount of advertising but to eliminating it except for a right to sponsorship (rather than all types of advertising) and limited sponsorship at that.

As Mr Impye put it: "Mr Wilkinson includes in this definition spot advertising. With respect, the fact that "sponsorship" is a form of advertising, does not in itself extend the definition to include spot advertising. To apply Mr Wilkinson's definition would in effect mean that there is no distinction between sponsorship and advertising."
It was proposed to the Tribunal, that the warrant should have imposed in it certain programme conditions to ensure that the station did not continue to compete with exactly the same programming as before. It was also submitted that the allotted frequency should be reviewed.

That there should be a certain distrust of the motives of the Corporation in this respect reflects partly a history of suspicion by the private industry that lZM was being used to improve the position of lZB in the commercial market. It also reflected the fact that the application made did not truly accept the direction of the Minister of Broadcasting or the recommendations that had been made to him by the Broadcasting Tribunal in the FM Report. Radio New Zealand considered that the station might still try to compete commercially with a proposed generous time limit of 6 minutes per hour put forward by the Corporation.

For a number of reasons the Tribunal does not consider it appropriate at this stage to impose any such conditions. First the Tribunal accepts that in the context of this application, it would not be appropriate to impose a condition without notice being given to the applicant and submissions or evidence heard from the applicant. Secondly, it considers it unlikely that the Corporation will continue to disregard the realities. It can hardly sustain the sort of budgeting which would be necessary to provide a competitive commercial station in Auckland in return for no substantial commercial revenue.

Furthermore, Radio New Zealand cannot continue as a public broadcaster to deny the possibility of moving away from a strictly formatted, commercially oriented operation to that of ratings and revenue when neither will be of major concern. Rather we believe that Radio New Zealand will see new opportunities for using the frequency to the best advantage for the people of Auckland. This is not to say that the station should not engage in any broadcasting which will be attractive and enjoy a large listenership.

But it is no secret that to a substantial extent such audiences are attracted by the commercial sound. Hence the careful research as to music tastes to maintain listenership for mainstream music for the age group sought after. There are also the constant promotions and competitions with prizes intended to maintain listening to the station for personal gain as well as for entertainment. It would be surprising if the Corporation, for instance, continued to offer substantial prizes in competitions simply for the purpose of getting people to listen to the station when that would only have a marginal effect as far as the revenue was concerned.

There may indeed be a settling down period. If the Tribunal considers the station is performing a destabilising role in relation to the commercial market, the Tribunal could consider amending the warrant on its own motion, if that was necessary in the public interest.

The Tribunal does not consider that, on this application, it can in any way deal with the allocation of frequencies. Stereo FM urged that the application be declined rather than granted with conditions. The amendment, they submitted, needed a good working over. Mr Rutledge was concerned that a warrant holder may apply for an amendment but be faced with, not only the need to argue about, detailed provisions without notice. The Tribunal did not accept that this was a reason for refusing the application.

In fact no other amendments or new conditions are being imposed. The applicant and the other parties will have an opportunity to comment on the wording of the amendment. In substance the application is granted and the level of limited sponsorship defined.

The Tribunal has therefore determined that the application should be granted. Instead of the proposed wording, "Yes, but restricted to limited sponsorship" the Tribunal finds preferable:

"No, except for limited sponsorship."

There will be endorsed on the warrant the following:

"The definition of limited sponsorship for this warrant shall be:

Sponsorship is a payment directly or indirectly to the warrant holder in consideration for the broadcast identification of the sponsor or his product or service.

Payment includes—

(a) A contribution of any kind to the revenue of the station or the warrant holder, and
(b) A contribution to the cost of a specific programme, a series of programmes or a time period of programming of the station or of the warrant holder.

Sponsor is the person or persons, company or body corporate identified or whose product or service is identified for such payment in a broadcast.

Limited Sponsorship means—

1. The broadcast of an announcement of the name of the sponsor or its products in accordance with this clause.

2. An announcement may include:

(a) The name, places of business, postal address and telephone number of the sponsor.
(b) A concise description of the business of the sponsor in general terms.
(c) The name of any product or service.
3. An announcement may not include—

(a) Sound effects or music.
(b) Any statement or words indicating the price, quality or value of the goods or services of the sponsor.
(c) Any statement of the standing or reputation of the sponsor.
(d) Any attempt to persuade or induce the listener to purchase particular goods or services or to attend at the place of business of the sponsor.
(e) More than 25 words.
4. Not more than—

(a) Six sponsorships announcements of 10 words or less, and
(b) Four sponsorship announcements of more than 10 words (but not more than 25 words)

shall be broadcast in each hour.

5. The announcements shall otherwise comply with the Radio Rules and Standards and any rules made by the Tribunal.

6. Any announcement or class of announcement from time to time be approved by the Tribunal.

No announcement shall be broadcast after 0600 hours on Sundays, Good Friday, Christmas Day and Anzac Day. When Anzac Day does not fall on a Sunday, sponsorship announcements are permitted from 1300 hours to midnight.

As the wording and the definition has not been canvassed with the parties the Tribunal has made this an interim decision. It will be open to any party to make submissions on the wording (but not the substance) of the amendment.

We have given some thought to the date the amendment should come into force. The Corporation, pursuant to the direction applied to have the amendment come into force on the date when the first commercial FM station begins broadcasting.

While that indicates the timing, it lacks certainty and we believe some time should be given for eliminating existing advertising arrangements, planning new formats and seeking sponsorship. We consider about 2 months is desirable. By then one, and possibly both FM stations should be broadcasting. The amendment will come into effect on 1 June.

Co-opted Member—Mr M. J. Henshall was co-opted as a person whose qualifications and experience would be of assistance to the Tribunal in dealing with application. He took part in the hearing and the deliberations of the Tribunal, but the decision is that of the permanent members.

Dated the 18th day of March 1983.

B. H. SLANE, Chairman.

Pursuant to subsection (3) of section 23 of the Standards Act 1965, notice is hereby given that the following draft New Zealand standard specification is being circulated.

Number and Title of Specification

DZ 5425.3.2 Draft code of practice for CNG compressor and refuelling stations.

Part 3 of NZS 5425 provides guidelines for installers and operators of CNG on-line metering equipment. This draft (to be published as Division 3.2) deals with on-line metering devices fitted to the fill line measuring the quantity of CNG which has passed through the refuelling line during a specific filling operation. It covers requirements for the installation and the operation of these instruments in relation to the operating principle.

Information on the Type approval requirements of such meters will be contained in DZ 5425.3.3. Requirements for Type approval of on-line metering devices (to be published as Division 3.3).

All persons who may be affected by this publication and who desire to comment thereon, may obtain copies from the Standards Association of New Zealand, Wellington Trade Centre, 15-23 Sturdee Street (or Private Bag), Wellington.

The closing date for receipt of comment is 17 June 1983.

Dated at Wellington this 6th day of April 1983.

Kirkpatrick Masonic Institute Empowering Amendment Bill 1983

The Public Trustee hereby gives notice that he intends to apply for leave to bring in the above-mentioned private Bill during the forthcoming session of Parliament.

The Bill seeks to amend the Kirkpatrick Masonic Institute Empowering Act 1930. Its objects are to widen the scope of eligibility of those who may be admitted to the Kirkpatrick Masonic Institute (presently known as Kirkpatrick House) which was established at Nelson under the will of Samuel Kirkpatrick, deceased; to regularise the constitution of the Board of Governors; to extend and vary the scope of the investment powers of the Public Trustee as the trustee of the will.

The Bill is promoted by the Public Trustee and communications or notices to him may be sent to the Public Trustee, 117-129 Lambton Quay, Wellington (P.O. Box 5024). A copy of the Bill may be obtained from the Standards Association of New Zealand, Wellington Trade Centre, 15-23 Sturdee Street (or Private Bag), Wellington.

The closing date for receipt of comment is 17 June 1983.

Dated at Wellington this 6th day of April 1983.

Price Order No. 262 (Californian Valencia Oranges)

Pursuant to the Commerce Act 1975, and in accordance with the provisions of the Price Freeze Regulations 1982, I, Desmond James Gasson, pursuant to a delegation from the Secretary of Trade and Industry, hereby make the following price order:

1. This order may be cited as Price Order No. 262 and shall come into force on the 18th day of April 1983.
2. Price Order No. 245* is hereby revoked.

Application of This Order

3. This order applies with respect to all Californian Valencia oranges sold by way of retail in New Zealand.

Maximum Retail Prices of Californian Valencia Oranges

4. (1) The maximum price that may be charged or received by any retailer for any Californian Valencia oranges to which this order applies shall be:

(a) When sold by a retailer carrying on business in any of the metropolitan areas of Auckland, Wellington, Christchurch, or Dunedin, or in any of the Cities or Boroughs of Whangarei, Hamilton, Taunang, Rotorua, Gisborne, New Plymouth, Stratford, Hawera, Wanganui, Palmerston North, Napier, Hastings, Masterton, Blenheim, Nelson, Greymouth, Timaru, Westport, Oamaru, Balclutha, Gore, Invercargill, or Alexandra—$1.88 a kilogram.

(b) When sold by a retailer carrying on business elsewhere—$1.90 a kilogram.

(2) If in respect of any lot of oranges the price calculated in accordance with the foregoing provisions of this clause is not an exact number of cents, the maximum price of the lot shall be computed to the nearest whole cent.
5. Notwithstanding anything to the contrary in the foregoing provisions of this order, and subject to such conditions, if any, as he thinks fit, the Secretary, on application by any retailer, may authorise special maximum prices in respect of any Californian Valencia oranges to which this order applies where special circumstances exist, or for any reason extraordinary charges (freight or otherwise) are incurred by the retailer. Any authority given by the Secretary under this clause may apply with respect to a specified lot or consignment of oranges, or may relate generally to all Californian Valencia oranges to which this order applies sold by the retailer while the approval remains in force.

DUTY IMPOSED ON RETAILERS
6. Every retailer who offers or exposes for sale in any shop any Californian Valencia oranges to which this order applies shall keep in a prominent position in such proximity to the oranges to which it relates as to be obviously in relation thereto, a ticket, placard, or label on which shall be stated in legible and prominent characters the following particulars:
(a) The retail price per kilogram.
(b) The words “Californian Valencia”.

A series of copies of the Treaty itself as finally adopted and signed by the chiefs and witnesses. The preface and facsimiles are reproduced from lithographic originals first printed 1877. (Government Printer.)

FITNESS FOR LIVING
Physical Education in Secondary Schools
DEPARTMENT OF EDUCATION
1980.
Fitness for living involves developing the individual's potential for functional efficiency in all aspects of daily living throughout life. This series, consisting of nine titles, will help the reader to understand the nature of the human body. This in turn will lead to an understanding of the need for a balance between work, rest, food, exercise and keeping oneself in good physical condition.

FLORA OF NEW ZEALAND, VOLUME III
By A. J. Healy and E. Edgar
220 p. 1980. $18.50 plus $1.50 p & p
Volumes I and II of Flora of New Zealand were concerned with native plants. The authors call volume III a “weed flora.” The book is an identification manual, intended for agriculturists concerned with weed control, for botanists making vegetation surveys, and for anyone who needs to identify those weedy plants.

GLASSHOUSE TOMATOES
Agriculture Bulletin 370
DEPARTMENT OF AGRICULTURE
86 p. 1978. $3.25 plus 55c p & p
The present text replaces earlier editions of the bulletin. Important factors to consider when establishing a tomato-growing glasshouse, are lighting, soil type, site, water supply, shelter, and proximity to a market. These as well as general cultural practices are dealt with in this bulletin.

INFORMATION IN FORMATION
A Guide to Report Writing
STATE SERVICES COMMISSION
31 p. 1978. $1.45 plus 40c p & p
Contains helpful suggestions for preparing, planning, organising, structuring, writing, and revising reports, ideas on visual aids and descriptions of a few of the many types of reports.

LIVING LETTERS
STATE SERVICES COMMISSION
36 p. 1980 reprint. $1.75 plus 55c p & p
One of the aims in letter writing is to get ideas across to the reader clearly and briefly. But do letters always say what is meant? Even if they are clear to the writer, will the reader understand them easily? If you are still using the old cliches of “acknowledging receipt of”; “according to our records”; and “enclosed please find” it is almost certainly time to change your attitude to writing Living Letters.

TREES AND SHRUBS OF NEW ZEALAND
By A. L. Poole and Nancy M. Adams
275 p. 1979 fourth impression with amendments. $15.95 plus $1.50 p & p
This book has been designed especially to assist many people who lack a formal botanical training yet are deeply interested in New Zealand's trees and shrubs and want to be able to identify them and name them correctly. There is a complete coverage of the native trees and shrubs and over 400 species have been illustrated.

5BX PLAN
ROYAL CANADIAN AIR FORCE
The five basic exercises (5BX) Plan is designed to show how to develop and hold a high level of physical fitness. The scheme is not dependent on elaborate facilities or equipment. The exercises require only eleven minutes a day and can be done in the house or office. The Plan is scientifically designed to develop personal fitness at a rate set by yourself, to your required level, without getting stiff or sore muscles. It is self measuring with charts for age group­ings, along with graduated standards for checking progress. The pro­grammes are designed for varying age groups of males.

XBX PLAN
ROYAL CANADIAN AIR FORCE
The XBX Plan for physical fitness has been designed for varying age groups of girls and women. The ten exercises in this booklet have been selected and their manner of use has been designed to enable women to achieve physical well being and to improve desirable qualities such as vitality, appearance, and personality. The XBX has been planned for gradual, painless progression toward physical fitness which will take just 12 minutes per day to do.
ELECTRICITY FOR MOTOR MECHANICS  
N.Z. TECHNICAL CORRESPONDENCE INSTITUTE  
256 p. 1983 reprint. Illustrated. $10.00 plus 85c p & p  
Now in paper-back, this popular publication provides a basis for  
the study of automotive electricity for apprentice motor mechanics.  
Car owners, too, and persons interested in the general maintenance  
of motor engines will find the book a reliable guide to the detection  
and remedy of minor electrical faults.

VISUAL WAYS  
By Geoff Moss  
46 p. 1982. Illustrated. $4.75 plus 55c p & p  
Too often people find themselves having to speak in public, to train  
new employees, to teach various skills, or to give advice on arrange­  
ning displays and exhibits without having had any relevant basic  
training. If you are such a person, this book was written to help in  
getting a message across more effectively by using visual aids.

WHERE TO START  
By Vincent Burke  
DEPARTMENT OF INTERNAL AFFAIRS  
61 p. 1982. Illustrated. $5.95 plus 85c p & p  
This publication has been designed to help New Zealanders in the initial  
stages of getting a club, group, or organisation off the ground. The information it contains will be of assistance to a wide variety of  
different community groups, sporting, cultural, and recreational  
clubs. Included are suggestions for various administrative frameworks: legal structure, meetings, public relations, finance, and the constitution of the organisation.

MANPOWER PLANNING IN PUBLIC ADMINISTRATION
STATE SERVICES COMMISSION
$3.95 plus 55c p & p
"Manpower planning" is a term which has a wide and rather ill­
defined meaning. This report, addressed to the central question:
"What is manpower planning?", opens with the philosophy of man­
power planning, what it is, its aims and objectives. This is followed
by a discussion of what is involved in forecasting the supply and
demand for people and skills in the public service. The essentials
of departmental manpower is then discussed followed by a chapter
devoted to the practice of career development and concluding with
a statement on the future development of manpower planning in
the public service.

New Zealand's external relations: the first, "The Australian - New
Zealand Agreement 1944", this volume "The Surrender and Occu­
pation of Japan" which covers six divisions of the period, selected
by topic but dealt with chronologically within topics, and reveals
the growing awareness amongst those responsible for a New
Zealand policy of what New Zealand's interest actually were; the
third volume, "The ANZUS Pact and the Treaty of Peace With
Japan", not yet published, will show something of the new order
of things in the Pacific and the difficulties in the role of a small,
though articulate, power in the formation of what in fact were Great
Power policies.
