NEW ZEALAND OFFICIAL YEARBOOK
The Yearbook is the standard New Zealand encyclopaedic annual which has a place in every home, school, and office. Not only does it present a comprehensive statistical survey of the economy and population in New Zealand but it is also a very useful fact book for use in the home. In addition to the statistical facts supplied, the Yearbook also provides a background and historical perspective on each of the subjects covered.

Since 1958 the Style Book has served as a guide to writers, editors, and all who prepare copy for printing. This edition contains new and revised material; the chapters dealing with the preparation of copy, abbreviations, and compound words have been revised; new material has been added to the chapters dealing with common names of animals and plants, errors in the use of English in official writing, and terms used in printing.

NEW ZEALAND POCKET DIGEST OF STATISTICS
Statistics are presented in an easily accessible form. It contains the more significant statistical series bearing on the country's social and economic life. The New Zealand Pocket Digest of Statistics is consistently one of the most popular annuals sold by the Government Printer.

(Terminal service for this annual at the nearest Government Bookshop. A pre-payment form to cover the cost of the publication plus post and packing will be forwarded when the publication is printed.)

THE SURRENDER AND OCCUPATION OF JAPAN
Edited by Robin Kay
DEPARTMENT OF INTERNAL AFFAIRS
1782 p. 1982. $75.00 plus $4.80 p & p
This is the second of a series of three volumes of documents on New Zealand's external relations: the first, "The Australian - New Zealand Agreement 1944"; this volume "The Surrender and Occupation of Japan" which covers six divisions of the period, selected by topic but dealt with chronologically within topics, and reveals the growing awareness amongst those responsible for a New Zealand policy of what New Zealand's interest actually were; the third volume, "The ANZUS Pact and the Treaty of Peace With Japan", not yet published, will show something of the new order of things in the Pacific and the difficulties in the role of a small, though articulate, power in the formation of what in fact were Great Power policies.

PEOPLE LIKE US
Celebrating Cultural Diversity
120 p. 1982. Illustrated. $18.95 plus $1.50 p & p
People Like Us is a story of the contribution made by people from Asia, Africa, Europe, and the Pacific to our neighbourhood. It contains stories which are told by individuals and families on their reasons for coming to New Zealand; what they found and how they are coping. Subjects range from mixed marriages to different foods. It is a book of human interest for all the family and with its striking photographs, 25 monochrome, and 23 colour, People Like Us will make a lovely and interesting gift for overseas friends.

PROFESSIONALLY SPEAKING
25p. 1983. $3.25 plus 55c p & p
"Speech is power; speech is to persuade, to convert, to compel", said Emerson. Ignorance is the biggest stumbling block in the path of the aspiring public speaker. Your purpose in speaking must be that you have something to say, rather than that you have to say something. This inexpensive booklet will help the person who has to speak professionally.

P.R. FOR THE ADMINISTRATOR
STATE SERVICES COMMISSION
15p. 1981. $1.50 plus 40c p & p
A favourable climate of public opinion must be deliberately fostered by an organisation and not merely left to chance. This activity, commonly known as "public relations", is the responsibility of top management and as an administrator you have a part to play in its execution.
