It is the Government's wish that the industry be reviewed with the objective of promoting competition and efficiency in the production, distribution and marketing of eggs in the public interest. Accordingly I request the Commission to inquire into and report with recommendations on:

   • the administrative structure of the industry
   • the exporting and importing of eggs and egg products
(d) the implementation of the review's recommendations including any legislative changes required.

The Commission is requested to submit its report on the egg industry to Government by 28 February 1985."

(4) The Commission will, as soon as possible, distribute guidelines for submissions from interested parties and advise the timetable and procedures it intends to follow in undertaking this review.

(5) These procedures will involve the preparation and public distribution of a draft report based on the submissions received.

That report will then be the subject of a public hearing following which the Commission will prepare its final report.
