Direction Not to Disclose Information

PURSUANT to section 32 (4) of the Official Information Act 1982 a copy of a direction to the General Manager of the Development Finance Corporation made under section 32 (3) (a) of that Act and set out in the Schedule below, together with the grounds for the direction and the source and purport of the advice on which the direction was based (also set out in the Schedule below) are hereby published.

SCHEDULE

General Manager
Development Finance Corporation

DFC INVESTMENT BANK PROPOSAL

1. This is to advise you that I have decided that the information requested by Mr A. Morrison, Chief Reporter of the *New Zealand Times* (as amended in discussion with the DFC) namely a general outline of the Corporation's proposal to set up an investment bank (as contained in the introduction to a paper by the Corporation in December 1982) and 2 letters dated 18 February 1982 and 6 July 1983 from the Minister of Finance to the Corporation should not be made available, and accordingly direct you pursuant to section 32 (3) (a) of the Official Information Act not to release it.

2. The grounds for the direction are, that notwithstanding the opinion of the Chief Ombudsman that good reason for withholding the information does not exist under section 9 (2) (g) (i) of the Act, in my view the release of the information sought would inhibit free and frank expression of opinions by and between Ministers of the Crown and the Corporation generally and in particular in relation to the DFC investment bank proposal and accordingly would be detrimental to the effective conduct of public affairs.

3. The investment bank proposal was put before Government in December 1982 and was the subject of discussions between the DFC and the Government for the next 6 months. It is, in my view, essential for the proper consideration of such a proposal that the Government and the DFC can communicate in a free and frank manner about it. The information requested contains opinions of the Corporation on the need for an investment bank proposal and the replies by the Minister of Finance contain his view on the timing of the implementation of such a proposal. The information, when requested, related to a proposal still under discussion and part of the continuing process of policy formation. The proposal may still be subject to further discussion and in my view the Corporation and Ministers will be inhibited from making similar communications to each other on the proposal in the future in an effort to resolve policy issues, if the communications in question are released.

4. This direction is not based on any advice.

HUGH TEMPLETON, Minister of Trade and Industry.
