## DECISION

(1) *Auckland University Students Association Inc.*

The applicant seeks a series of authorisations to permit broadcasting from Sunday, 16 February 1986 to Sunday, 7 December 1986 daily from 7 a.m. to 1 a.m. on weekdays and continuously in weekends.

In the previous year the station had broadcast for a similar period but terminated its weekday morning transmissions at 10 a.m. on weekdays and resumed at 4 p.m. There were also periods during the year when it broadcast right through the day.

The application is otherwise similar to the previous year and attracted support from several private commercial stations in Auckland but drew opposition from the Broadcasting Corporation. On 17 October the Corporation wrote:

"The Corporation objects to and opposes this short-term application.

"1. From its beginning as a part time station to cater for students' needs during term times, the Auckland University Students station now has the aspect of a full time warrant without the obligation (incumbent on all other full time operations in Auckland) to justify itself in an open Tribunal hearing. With respect, this makes a mockery of the Tribunal system.

"2. Some of the advertising revenue of \$70,000 would have to be advertising pool money which would normally accrue to the young adult station, 1ZM. That advertising pool is limited, and the warrant condition under which 1ZM operates requires a 24 hour operation for 365 days of the year. That operation is open to regular review before the Tribunal.

"3. In section 3.1 of this application, 50 percent of the purposes of the station are purely concerned with alternative radio. Only 1 of the 8 purposes is specifically student orientated.

"The Corporation submits that if the student station is not to have a full (Tribunal) hearing the following restrictions should apply:

- The station be restricted to broadcasting during weekdays only in term time, and
- Advertising be restricted only to a proportion of the broadcast day."

The applicant was informed of these objections and responded to them, making the following points:

- The applicant has expanded with increased staff resources and expertise over 11 years in steady natural growth but was not ready for full time broadcasting because of limited income and the use of voluntary services of students.
- Although 1ZM's ratings have dropped, the applicant's ratings have not correspondingly increased. The advertisers use the station because no other station attempts to appeal specifically to students and other young people interested in student activities and alternative entertainment.
- The objectives have been virtually unchanged for the past 5 years.
