

compliance with section 15A of the Electricity Act 1968 to enter upon any land or premises and take possession of and remove the same or any part thereof.

11. Nothing contained in the licence either expressly or by implication shall be deemed to authorise the licensee to erect construct or use any electric lines or works except subject to such conditions (not inconsistent with the conditions of this licence and the Electricity Act 1968 and regulations made thereunder) as may from time to time be lawfully imposed by any local authority within the district of which any such lines or work may be situated.

12. The systems of supply shall be as described in paragraphs (e) and (f) of Regulation 13 of the Electrical Supply Regulations 1984.

13. The licensee shall, 6 months prior to the expiry of the term of this licence provided in clause 7 herein, make written application to the Minister of Energy for the granting of a new licence.

SCHEDULE

DESCRIPTION OF LINES

1. Within the Hamilton City Council's Area of Supply.

(a) Commencing at the Board's Depot in Peachgrove Road and proceeding along the eastern side of said road to a point 60.3 metres south of Frances Street.

Commencing at the junction of Ruakura Road and Peachgrove Road and proceeding along the western side of Peachgrove Road to the junction of Enderley Avenue.

The two sections of line being more particularly shown on plan NZED 814.

(b) Commencing at a point on the eastern boundary of the Council's area of supply in line with the eastern side of Dey Street and proceeding along the said eastern side, the southern side of Henry Street, the western side of Fox Street, the southern side of Fox Lane and the southern side of Cobham Drive to the boundary of the Council's area of supply.

The line being more particularly shown on plan NZE 1003.

(c) Commencing at a point on the eastern boundary of the Council's area of supply and proceeding along the western side of Dey Street to and across Cobham Drive and Hungerford Crescent to the boundary of the Council's area of supply.

The line being more particularly shown on plan NZE 2097.

(d) Commencing at a point on the northern boundary of the Council's area on the western side of Peachgrove Road at the south-eastern corner of Lot 1, D.P. 37011 and proceeding southerly along the western side of Peachgrove Road to the north-easternmost corner of Lot 1, D.P. 33102; thence south-easterly along the production of the north-eastern boundary of said Lot 1 to the Council's boundary in the middle of Peachgrove Road.

The line being more particularly shown on plan NZE 2118.

2. Within the Te Awamutu Electric Power Board's Area of Supply.

Commencing from a line in part Section 301, Block X, Alexandra Survey District and proceeding in a generally north-westerly direction to the Board's boundary.

The line being more particularly shown on plan NZED 736.

The above plans being deposited in the office of the Electricity Division of the Ministry of Energy at Wellington.

Signed at Wellington this 11th day of March 1986.

R. J. TIZARD, Minister of Energy.

(10/28/1)

6/3

Consent to Generation of Electricity by Use of Water

I, Robert James Tizard, Minister of Energy, hereinafter called "the Minister" acting pursuant to section 25 of the Electricity Act 1968, hereby consent to the Wairarapa Electric Power Board generating electricity by the use of water subject to the following conditions:

CONDITIONS

1. This consent is subject to compliance with the Electricity Act 1968 and the Water and Soil Conservation Act 1967 and the Electrical Supply Regulations 1984, the Electrical Wiring Regulations 1976, the Water and Soil Conservation Regulations 1968, and all Acts or Regulations hereinafter made in amendment of or substitution for any of those regulations together with all other enactments and regulations which may be in force.

2. The generation of electricity by the use of water pursuant to this consent shall be carried out only by means of the works described in the Schedule hereto.

3. This consent shall, unless it is sooner lawfully determined, continue in force until the 31st day of March 2007, or until such time as the grantee disposes of the works or ceases to hold a current and valid right to use the water for the works described in the Schedule hereto.

4. This consent confers no rights to water under the Water and Soil Conservation Act 1967 or otherwise.

5. Except so far as may be expressly set out in this consent, this consent shall not be deemed to authorise the generation of electricity by the use of water for consumption by any person other than the grantee or consumption on any premises other than premises occupied by the grantee.

6. The grantee shall at all times maintain all works for the time being in use so as to be in good and proper working order in accordance with the requirements of the regulations and at all times maintain all works erected by the grantee pursuant to the consent whether in use or not in such good and safe condition as in the opinion of the Minister to be unlikely to cause any danger to life or property.

7. It shall be lawful for any person acting as an Inspecting Officer of the Ministry of Energy (Electricity Division) at all times after the grant of the consent whether during or after the construction of any works to enter upon and inspect such works for the purpose of ascertaining whether these conditions are complied with, and for that purpose to require that any motive machinery be set in motion and to take specimens of material, make tests and measurements, and do all other things reasonably necessary or convenient for the purposes of such inspection, and the grantee will at all times comply with the reasonable requirements of any such person.

8. If the parties so agree it shall be lawful at any time for the grantee to surrender this consent and the Minister to accept such surrender subject to such terms and conditions as may be agreed upon.

9. Neither the granting of the consent nor anything in the consent expressly or by implication contained shall affect or prejudice any liability imposed by law on the grantee to pay compensation or damages to any person arising by reason of the exercise by the grantee of the powers conferred by the consent.

10. The rights granted by the consent shall be subject to all existing rights theretofore granted and validly held and enjoyed under any enactment or otherwise.

11. If at any time during the continuance of the consent the grantee fails or neglects to observe, perform, and comply with any of the provisions in the consent expressly or by implication contained, or fails to comply with the acts and regulations set out in clause 1 of this consent, or otherwise makes default in complying with the terms of the consent, then the Minister may forthwith by notice in writing to the grantee revoke and determine the consent.

12. The grantee of this consent must give notice as hereinafter provided to the Minister of Energy of any change of address of the grantee, or of the registered office, or usual place of business of the grantee.

13. (a) Any notice to be given to the grantee shall be sufficient if served personally on the grantee or (in the case of the grantee being a corporate body) delivered at the registered office or usual place of business of the grantee to a person appearing to have for the time being the control of such premises, or sent by registered post letter addressed to the grantee at the postal address set out in the application for a consent or any subsequent address notified by the grantee to the Minister.

(b) Any notice to be given on the part of the Minister shall be sufficient if given in writing signed by the Minister or by any person acting under the authority of the Minister.

(c) Any notice to be given to the Minister shall be sufficient if given in writing delivered to or sent by registered post letter addressed to the Deputy Secretary, Ministry of Energy, Electricity Division, Private Bag, Wellington.

SCHEDULE

LOCATION AND GENERAL DESCRIPTION OF WORKS

THE water shall be taken from the Kourarau Stream at a point in Section 2, Block XIII, Otahoua Survey District and the water shall be used for the generation of electricity by means of the following works:

(a) Headworks consisting of dams and intakes on the Kourarau Stream.

(b) A tunnel leading from dam No. 2 to surge tank No. 2 and thence to a pipeline to the upper powerhouse.

(c) Pipeline and tunnels leading from dam No. 1 to a scour tank and to surge tank No. 1 and thence to the lower powerhouse.
