

36 COUNTRY CENTRES

36.1 When to Use

Additional charges shall apply for freight transported to or from country centres *beyond* the urban areas named in Clause 34 and Zones A to C named in Clause 35.2.2.

These Zone charges are added to an adjacent "Main Centre" irrespective of the actual route or transport mode taken by the freight.

36.2 How to Use

- Find your town(s) in the first column.
- The middle column ("Rate to") shows the appropriate "main centre" on the Doorrail Main Centre Rate Schedule.
- The third column provides the "add on zone charge". Zone prices are shown at the foot of every main centre rate schedule.
