MOTOR VEHICLE INDUSTRY DEVELOPMENT PLAN

5TH ALLOCATION

INTRODUCTION

1. The Motor Vehicle Industry Development Plan, announced on 12 December 1984, provides for the tendering of a gradually increasing percentage of the local production of motor vehicles and motor vehicle parts and accessories over a period of 4 years.

2. This is the fifth call of tenders under the Plan.

3. The call is for tenders for built-up vehicles in six classes: built-up chassis; motor vehicle bodies; and motor vehicle parts and accessories under a number of Item Codes.

4. The value being tendered for vehicles having a gross laden weight up to 3500 kg, 3500–10 500 kg, and exceeding 10 500 kg; special purpose vehicles; prime movers; built-up chassis; and motor vehicle bodies is a six month allocation. The next call for tenders will be in July 1987.

5. The value being tendered for omnibuses and motor vehicle parts and accessories is an annual allocation. The next call for tenders will be in January 1988.

SPECIAL ALLOCATION FOR AUSTRALIAN VEHICLES

6. In addition to these allocations, there is a special allocation held exclusively for vehicles up to 3500 kg GVW of Australian origin. (The criteria for 'Australian origin' are contained in the Customs Regulations 7965, as amended.) This is a special annual allocation, the value of which will be maintained in real terms over the 4 years of the Plan. It is emphasised that licence is available under this allocation only for vehicles of Australian origin (Part B).

7. In all cases, licences can be used to import either new or used goods.

GLOBAL IMPORT LICENCE TENDERS
