The Wattie Industries Limited (Group Accounts) Order 1987

PAUL REEVES, Governor-General
ORDER IN COUNCIL
At Wellington this 17th day of August 1987

Present His Excellency the Governor-General in Council.

Whereas section 156 (2) of the Companies Act 1955 provides that where the financial year of a subsidiary does not coincide with that of the holding company, the group accounts shall, unless the Governor-General, by Order in Council made on the application or with the consent of the holding company's directors, otherwise directs, deal with the subsidiary's state of affairs as at the end of its financial year ending with or last before that of the holding company, and with the subsidiary's profit or loss for that financial year.

And whereas Waitaki International Limited is a subsidiary (within the meaning of section 158 of the Companies Act 1955) of Wattie Industries Limited:

And whereas Wattie Industries Limited has a financial year ending on the 31st day of July and Waitaki International Limited has a financial year ending on the 1st day of October:

And whereas the directors of Wattie Industries Limited have made an application under section 156 (2) of the Companies Act 1955 for a direction that the group accounts of Waitaki International Limited for each financial year shall deal with the state of affairs of Waitaki International Limited as at the 1st day of April preceding the end of the financial year of Waitaki Industries Limited and with Waitaki International Limited's profit or loss for the 12 months preceding that date:

Now therefore, pursuant to section 156 (2) of the Companies Act 1955, His Excellency the Governor-General, acting by and with the advice and consent of the Executive Council and on the application of the directors of Wattie Industries Limited, hereby makes the following order.

ORDER

1. Title and commencement—(1) This order may be cited as the Wattie Industries Limited (Group Accounts) Order 1987.

(2) This order shall come into force on the day after the date of its publication in the Gazette.

2. State of affairs and profit or loss of Waitaki International Limited in group accounts of Wattie Industries Limited—The group accounts of Wattie Industries Limited for each financial year of Waitie Industries Limited shall deal with the state of affairs of Waitaki International Limited as at the 1st day of April preceding the end of the financial year of Waitie Industries Limited and with Waitaki International Limited's profit or loss for the 12 months immediately preceding that date.

P. G. MILLEN, Clerk of the Executive Council.

EXPLANATORY NOTE

This note is not part of the order, but is intended to indicate its general effect.

Under section 156 (2) of the Companies Act 1955 where the financial year of a subsidiary does not coincide with that of its holding company, the group accounts of the holding company, unless the Governor-General, by Order in Council, otherwise directs, are required to deal with the state of affairs of that subsidiary as at the end of the financial year ending with or last before that of the holding company and with the subsidiary's profit or loss for that financial year. Waitaki International Limited is a subsidiary (within the meaning of section 158 of the Companies Act 1955) of Wattie Industries Limited. The financial year of Wattie Industries Limited ends on 31 July and that of Waitaki International Limited on 1 October. The group accounts of Wattie Industries Limited would, but for this order, be required to deal with the state of affairs of Waitaki International Limited as at the preceding 1 October and with its profit or loss for the 12 months preceding that date. This order ensures that the group accounts deal with the state of affairs of Waitaki International Limited as at the preceding 1 April and with its profit or loss for the 12 months preceding that date.

**Determination G4: This determination may be cited as “Determination G4: Unit Trusts with Repurchase Obligations”**

1. **Explanation** (which does not form part of the determination). This determination deals with publicly-available unit trusts where the trust manager has agreed to purchase interests in the unit trust from unit holders at a price that reflects the value of the net assets of the trustees of the unit trust. It states that the gain or loss arising on the sale or disposal of an interest in such a unit trust is attributable solely to the interest in the unit trust.

The interest of a unit holder in a unit trust is deemed to be a share under section 211 of the Income Tax Act 1976. A share is an ‘excepted financial arrangement’ for the purposes of sections 64B to 64M of the Act. The effect of this is that the gain or loss is attributable to an excepted financial arrangement and is not dealt with under sections 64B to 64M of the Income Tax Act 1976.

2. **Scope of Determination**—This determination is made pursuant to section 64B(1)(c) of the Income Tax Act 1976.

3. **Determination**—This determination shall apply to every publicly-available unit trust in relation to which there is a market-value buy-back obligation on the trust manager.

4. **Principle**—The intention of the regime, enacted as sections 64B to 64M of the Income Tax Act 1976, for the income tax treatment of financial arrangements, is to deal only with income, gains or losses, and expenditure in relation to debt and surrogates for debt. It is not intended to affect the income tax treatment of equity where equity is not used to construct a surrogate for debt.

A publicly-available unit trust is a vehicle for public participation in a business venture. An interest in such a unit trust is equity. This is recognised by section 211 of the Income Tax Act 1976, which provides that for the purposes of the Income Tax Act—

(a) Every unit trust shall be deemed to be a company; and

(b) The interests of the unit holders in a unit trust shall be deemed to be shares in the company; and

(c) The unit holders shall be deemed to be shareholders in the company.

An obligation to purchase amounts to an option to sell for the person that may have the obligation enforced. An option to sell at marker-value has no value.

The market-value buy-back obligation on a trust manager amounts to an undertaking on the part of the trust manager to make a market in interests of the trust or to arrange an orderly realisation of trust assets to ensure that unit holders may realise their investments.
5. Definitions—In this determination, unless the context otherwise requires—

(a) Expressions used have the same meanings as in the Income Tax Act 1976, and where an expression is given a particular meaning for the purposes of sections 64B to 64E or 211 of that Act, the expression shall have that meaning in this determination:

(b) “Market-value buy-back obligation on the trust manager”, in relation to a unit trust, means an undertaking by or an obligation upon the trust manager that—

(i) is recorded in the trust deed or in a prospectus issued to promote the sale of interests in the unit trust; and

(ii) Binds the trust manager to purchase, at a price that reflects the market-value of the net assets of the trustees, interests in the unit trust offered to the trust manager for purchase;

(c) “Publicly-available unit trust” means a unit trust the interests in which may be freely traded without seeking the approval of any person, other than a person charged by statute with the regulation of offers of securities generally to the public or the regulation of trading in securities generally;

(d) “Security” has the meaning given in section 2 of the Securities Act 1978;

(e) “Trust manager”, in relation to a unit trust, means a person—

(i) Charged with the management of the affairs of the unit trust, or some part of those affairs; and

(ii) Recorded in the trust deed as having that responsibility;

(f) “Trust deed”, in relation to a unit trust, means the deed creating the trusts upon which the trustees hold the assets of the unit trust:

6. Method—Where—

(a) A person holds an interest in a publicly-available unit trust in relation to which there is a market-value buy-back obligation on the trust manager; and

(b) There is no other arrangement that includes the interest and the market-value buy-back obligation on the trust manager—

in calculating the assessable income of the person in any income year;

(c) Any gain or loss on the sale or disposal of the interest is attributable to the interest; and

(d) The acquisition price of the interest is attributable to the interest; and

(e) The consideration receivable by the person in relation to the interest, including—

(i) any consideration that is a dividend; and

(ii) any consideration that is received or receivable on the sale or disposal of the interest,—

is attributable to the interest.

7. Example—Each unit trust deed that has a repurchase option will, by virtue of section 16(2) of the Unit Trusts Act 1960, also contain a mechanism for calculating a minimum repurchase price. For the purposes of this determination it will suffice to use the mechanism specified in the respective trust deeds.

Such a mechanism should allow the trust manager to arrive at a figure for net asset value (less any administrative costs) which would be divided by the number of units so as to arrive at a repurchase price per unit.

Examples of suitable mechanisms are contained in the trust deeds for the New Zealand Rural Property Trust dated the 30th day of January 1987 and the Qtron Share Portfolio Trust dated the 26th day of July 1985.

This determination is signed by me on the 30th day of July 1987.

J. SIMCOCK, Commissioner of Inland Revenue.
(2) The income derived or expenditure incurred in respect of a
mandatory conversion convertible note shall be calculated
by daily apportionment of the coupon interest payments
to income years pursuant to Determination G1:
Apportionment of Daily Income and Expenditure.

7. Example—On 13 September 1987 a convertible note is issued
for $100 with an interest coupon of 12 percent payable semi-annually
in arrears. The note is mandatorily convertible to ten shares in the
issuing company on 13 September 1988. The market value of each
share at issue date is $9 and by conversion date this has risen to
$15. Both the issuer and holder use a 31 March balance date and
apply Determination G1 on a 365 days basis.

The coupon interest payments are made as follows:
13 March 1988 $6.00
13 September 1988 $6.00

(a) Year ended 31 March 1988—

<table>
<thead>
<tr>
<th>Coupon payment 13/3/88</th>
<th>$6.00</th>
</tr>
</thead>
<tbody>
<tr>
<td>Apportionment of coupon payment 13/9/88</td>
<td></td>
</tr>
<tr>
<td>There are 18 days between 13 March and 31 March 1988, and 184 days between 13 March and 13 September 1988 18/184 × $6.00</td>
<td>$0.59</td>
</tr>
<tr>
<td>Income/Expenditure</td>
<td>$6.59</td>
</tr>
</tbody>
</table>

(b) Year ended 31 March 1989—
As the note matures in this year the base price adjustment (section
64F of the Act) is required. The formula a – (b + c) is applied
using the following values:

| a (all consideration paid) | $12.00 |
| b (acquisition price) | 0 |
| c (amounts in previous years) | $6.59 |

Income/Expenditure = a – (b + c) = $12.00 – (0 + $6.59) = $5.41

As all amounts other than the coupon payments are deemed to
be attributable to the underlying shares, the issue price and share
market values can be ignored for the purposes of calculating income
and expenditure. This effectively gives the note an acquisition price
of nil (for accrual purposes), hence the zero value of “b” in the
above base price adjustment.

This determination is signed by me on the 5th day of August in
the year 1987.

JOHN SIMCOCK, Commissioner of Inland Revenue.

### Notes to the Financial Statements Year Ended 30th September 1986

1. **Statement of Accounting Policies—**
   - General Accounting Policies—The measurement base adopted is that of historical cost. Reliance is placed on the fact that the company is a going concern.
   - Accrual accounting is used to match expenses and revenues.

   **Significant Particular Accounting Policies—**
   - **Consolidation—**
     - Group Accounts have not been prepared as the Directors are of the opinion that the expense of preparation would be out of proportion to the value to the members of the company.
   - **Valuation of Investments—**
     - New Zealand public securities are valued at cost adjusted annually for the proportion of discount or premium on purchase so as to allow redemption value by maturity date.
     - Whilst in the ordinary course of business some realisation of New Zealand public securities may take place at prices below book values, in the majority of cases these securities are held to, or close to maturity dates when they would be redeemed at face value. Accordingly, no provision is made for any difference between book value and market value of individual securities.
   - **Sale of Public Securities—**
     - Profit or losses realised on sale of public securities are reflected in the statement of profit in equal annual instalments over the unexpired period to maturity or 5 years, whichever is the shorter.
   - **Taxation—**
     - The liability method of interperiod tax allocation has been applied primarily in respect of public security interest income.

2. **New Zealand Public Securities**
   - Book, redemption and market value of these securities at 30 September were:
     - | 1986 | 1985 |
     - Book | $000 | 72,157 |
     - Redemption | 68,819 | 72,704 |
