NELSON CATCHMENT BOARD

NOTICE OF INTENTION TO TAKE LAND FOR DRAINAGE WORKS IN
RICHMOND BOROUGH

TAKE notice that the Nelson Catchment Board proposes to take under the Public Works Act 1981, the lands described in the Schedule to this notice.

The land is required for drainage works and it is intended to use the land for the construction and excavation of an open channel for conveying stormwater as part of the board's Eastern Hills Flood Protection Scheme and making provision for access thereto.

The Board considers the taking of land reasonably necessary for the following reasons:

- the taking is necessary for achieving the objectives of the board, namely completion of the Eastern Hills Flood Protection Scheme. The objective of the scheme is to intercept extensive flooding in and about the Richmond Borough from streams discharging water from the hill catchments to the east of Richmond onto the Waimea Plains.
- the route chosen is considered to be the most suitable and will cause the least disruption to the fewest properties.
- the board does not consider that there is any reasonable alternative method of achieving the objectives of the scheme.

Every person having an estate or interest in the land intended to be taken may object to the taking of the land by sending a written objection to the Registrar, Planning Tribunal, Tribunals Division, Justice Department, Private Bag, Postal Centre, Wellington, within 20 working days after the 9th day of October 1987.
