Notice of Intention to Hold Inquiry into Operation of Licence

To Colin John Hoare (referred to below as the licensee) and to the Secretary for Transport:

TAKE notice that pursuant to section 140 of the Transport Act 1962 the Licensing Authority for the No. 8 Transport District will hold an inquiry into the operation of service conducted under Transport Service Licence No. 20098 to determine:

- (a) Whether owing to changed circumstances the service meets the criteria set out in section 123 of the Transport Act;
 - (b) Whether the licensee has failed to comply with the terms of his licence;
 - (c) Whether the licensee knowingly supplied false information in applying for his licence.
- The Licensing Authority suspects:
- (a) That the service provided by the licensee no longer meets the criteria set out in section 123 of the Transport Act;
 - (b) That the licensee has failed to comply with the terms and conditions of his licence;
 - (c) That the licensee knowingly supplied false information in applying for his licence.

Upon the Grounds

That he has been informed by Alfred Hayden Levick, an investigating officer for the Secretary for Transport, that complaints have been received from passenger service operators running scheduled services in the No. 8 District that the licensee has breached the provisions of section 129 of the Transport Act 1962 in that he is carrying on a scheduled service through specified localities which are not authorised by his licence.

That, he the said Alfred Hayden Levick, interviewed the licensee who admitted operating a service on a regular basis through specified localities. Further that as a result of investigations he, the said Alfred Hayden Levick, is satisfied that at the time the application for a passenger service licence was made the licensee intended to operate a scheduled service.

The inquiry will be held at 10.45 a.m. on the 14th day of May 1987 at the District Court, Bridge Street, Nelson.

The licensee and the Secretary for Transport are entitled to appear and be heard at this inquiry, and may be represented by a lawyer or other agent.

Any of those persons or bodies may seek further information regarding the inquiry from the undersigned.

Dated at Dunedin this 1st day of April 1987.

D. A. BATCHELOR, Secretary.

Decision No. 6/87
COM 10/86

Before the Broadcasting Tribunal

IN the matter of the Broadcasting Act 1976, and in the matter of a complaint by NOEL VICKERS FRYKBERG of Pauanui Beach, retired:

Chairman: B. H. Slane.

Member: Robert Boyd-Bell.

Co-opted Members: Hiwi Tauroa, Brian W. Stephenson.

Dated the 26th day of March 1987.

RULING

MR Frykberg lodged a complaint with the corporation by letter dated 5 June 1986 alleging biased reporting of news concerning the Republic of South Africa and he alleged:

- "(1) That the news as shown on TV cannot be called objective as these reports are all culled from overseas reporters' footage and no effort is made to explain why there is a police presence at funerals organised by the militant wings of the ANC and UIF.
- (2) Radio and TV give constant reports received from the political wings of the ANC and UIF and nothing in rebuttal by the South African Government Ministry of Information, or from informed South Africans, both black and white who do not support terrorism.
- (3) No coverage of news events from newsmen employed by South African press, radio and TV.
- (4) A barrage of 'phone calls from newsmen representing the overseas media.
- (5) Lack of objective reporting and to cite 1 such case, in 1985 5 million black South Africans gathered in the Transvaal and had as the guest of honour, the President of South Africa. Peace and co-operation were the theme; no mention was made of this in New Zealand by radio; no coverage by TV of an event that represented approximately 20 percent of South Africa's total population.
- (6) Lack of coverage of the rugby series just played in the republic, except to highlight controversial issues."

He submitted that the corporation was obliged to see that when controversial issues were presented, some effort should be made to present "the other point of view".

The corporation answered these complaints at length when it wrote on 6 August 1986 declining to uphold the complaints.

Mr Frykberg was dissatisfied with the answers and referred the complaint to the Broadcasting Tribunal.

He then introduced more detailed allegations and responses which had been set out in a letter to the tribunal dated 9 September 1986.

The corporation sent a detailed reply to the complaint to the tribunal and in particular satisfied the tribunal that some of the allegations made could not be sustained.
