N.B. REGISTRATION NUMBER: this is your tendering Registration Number supplied to you by the Registrar of Tenderers. This is a number of up to four digits.

IMPORTER'S CODE: this is a six digit figure followed by an alphabetic letter. It is obtained from the Customs Department. *It is essential* for us to be able to put this number on your licence before we can issue it. The number is also used as a cross check on your identity in the computer programme. This number once supplied to the Registrar also appears on your registration label. If it is not on the label, please obtain and type into the box provided.
