Health

Area Health Boards Act 1983

Delegation of Functions of Department of Health to Marlborough Area Health Board

Pursuant to section 36 (2) of the Area Health Boards Act 1983, I, George Cockburn Salmond, Director-General of Health, hereby delegate, with the consent of the Minister of Health, to the Marlborough Area Health Board the functions of the Department of Health specified in Part A of the Schedule to this delegation, subject to the conditions set out in Part B of the Schedule to this delegation.

Schedule

Part A—Delegated Functions—Health Act 1956

Dental Health

Functions—The organisation and control of dental services so far as such services are paid for out of public money, in the following respects:

Management and maintenance of the School Dental Service, including consultation with education boards, in accordance with Government policy;

Having epidemiological surveys made for the purpose of identifying and analysing local dental health needs, measuring the extent to which needs are being met, and developing local dental health objectives and plans to meet those objectives within Government policy guidelines;

Consultation with the dental profession;

The provision and maintenance of dental services in hospitals;

Co-ordinating dental services to ensure the availability and provision of dental care of a high standard throughout the area health district;

Providing public health dentistry and preventive dentistry components in the training programmes at schools of nursing and health inspectors' courses;

Planning and co-ordinating study programmes and observation programmes for international aid students.

Public Health

Functions—The provision of advice to local authorities in matters relating to public health; the prevention, limitation, and suppression of infectious and other diseases; the promotion and carrying out of researches and investigations of matters concerning public health and the prevention or treatment of disease; the organisation and control of medical services so far as such services are paid for out of public money; the taking of all such steps as may be desirable to secure the preparation, effective carrying out, and co-ordination of measures conducive to the public health; all in the following respects:

Environmental Health

The promotion, surveillance, and evaluation of public water supplies and community water supplies; the preparation of reports for loan and subsidy applications for waterworks; the promotion of improved standards of treatment and operation of water supplies; the provision of advice and assistance to local authorities on water supplies; the investigation of complaints concerning water supplies;

The promotion, surveillance and evaluation of sewerage and of sewage disposal systems, and other methods of human waste disposal; the preparation of reports for loan and subsidy applications for sewage disposal works; the provision of advice and assistance to local authorities concerning sewerage and sewage disposal systems; the promotion of improved standards of treatment and operation of sewerage and sewage disposal systems; the investigation of complaints concerning sewerage and sewage disposal systems;

The promotion, surveillance and evaluation of solid waste collection and disposal systems; the preparation of reports for loan subsidy applications for solid waste management; the provision of advice and assistance to local authorities concerning solid waste collection and disposal; the promotion of improved standards of operation and management concerning solid waste collection and disposal; the investigation of complaints concerning solid waste collection and disposal;

The promotion, surveillance, and evaluation of hazardous waste disposal systems; the preparation of reports for loan and subsidy applications for hazardous waste management; the
