SECTION 1

TELEPHONE SERVICES

1.1 CONNECTION CHARGES

The network connection charge covers the actual connection of a customer to the PSTN, plus administrative overheads associated with this connection.

- | | |
|--------------------------------|---------|
| ● Standard network connection | \$55.00 |
| ● Change of customer name only | \$35.00 |

1.1.1 Installation Charges

Installation charges will apply to all work on a customer's property required to provide them with service. Installation charges will apply to the lead in and to any premises wiring that is required solely to serve the customer. Charges will be based on actual costs which will be determined by Telecom's Regional Operating Companies (ROCs). They will include, for example, labour, materials and travelling time.

1.2 EXTENSION OF SERVICE BEYOND THE TELECOM PSTN AREA

In providing the service to a customer, it may be necessary to extend the Telecom PSTN either beyond a serviced area, or some distance away from existing reticulation within a serviced area. Different criteria will apply, depending on whether the customer
