

Summary of Bills Introduced

Appropriation Bill

The purpose of this bill is to issue and apply certain sums of public money for the year ending with the 30th day of June 1990; and to authorise costs to be incurred, in relation to certain classes of outputs, for the year ending with the 30th day of June 1990; and to appropriate the supply granted in the year ending with the 30th day of June 1990.

Imprest Supply Bill

The purpose of this bill is to issue and apply certain amounts of public money towards the service of the year ending with the 30th day of June 1990.

Law Reform (Miscellaneous Provisions) Bill

The purposes of the bill are threefold.

First, the bill seeks to amend the Judicature Act 1908, the Reciprocal Enforcement of Judgements Act 1934 and the Evidence Act 1908. These amendments should be considered in conjunction with provisions in the proposed Commerce Law Reform Bill which will prohibit persons with a dominant position in Australia or in New Zealand, or in both countries, from using that position to affect adversely markets in New Zealand. The amendments to these Acts will give the High Court of New Zealand the power to sit in Australia in cases that involve contraventions of this proposed law. It will also enable the Federal Court of Australia to sit in New Zealand in corresponding cases under Australian legislation.

Second, the bill intends to modify the application of the Official Information Act 1982 in relation to information provided to the Overseas Investment Commission.

Finally, the bill intends to amend the definition of "processed" in section 2 of the Horticulture Export Authority Act 1987.
