Notes to the Financial Statements for the 12 Months Ended 31 March 1991

1. Statement of Accounting Policies

General Accounting Policies

The general accounting policies adopted in the preparation of these financial statements are:

- The measurement base adopted is the historical cost basis.
- Reliance has been placed on the fact that the entity is a going concern.
- The matching of revenues earned and expenses incurred using accrual accounting except that dividend income is accounted for on a receipts basis.

Particular Accounting Policies

The following are the particular accounting policies which have a material effect on the measurement of results and financial position:

(a) Dividend income: Dividend income from Trust Bank New Zealand Limited is included in the income and expenditure account when it is received.
